401(K) PLAN FOR HOURLY EMPLOYEES**

Notes to Financial Statements

1. Description of Plan:

The following description of the Essentra Porous Technologies Corp 401(k) Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Essentra Porous Technologies Corp and Payne Richmond, Inc. (the "Companies"). Hourly employees who are subject to the bargaining agreement between the Companies and members of certain unions, as defined by the Plan, were eligible to participate in the Plan after completing two months of service. Employees were eligible for entry to the Plan on the first day of the month coinciding with or next following the date they met the eligibility requirements. Effective June 1, 2007 the Plan was closed to new entrants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective October 14, 2013, the Plan previously named the Filtrona Porous Technologies Corp 401(k) Plan for Hourly Employees was renamed the Essentra Porous Technologies Corp 401(k) Plan for Hourly Employees.

Contributions: The Plan provides for participant contributions of pre-tax annual compensation, as defined in the Plan. Effective January 1, 2012, the Plan was amended to include an employer match of 50% up to the first 6% of the before-tax contributions withheld from the compensation of employees. Participants of qualifying age may make additional "catch-up" contributions. In addition, participants can direct their contributions to their accounts among many different investment options within the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct Wilmington Trust Fiduciary Services Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections monthly.

Vesting: Participants are immediately vested in all contributions, plus actual earnings thereon.

401(K) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements, Continued

1. Description of Plan, Continued:

Notes Receivable from Participants: Effective January 1, 2012, participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate of interest plus two percent. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary.

Plan Administration: Overall responsibility for administering the Plan rests with the Companies. Participant accounts are administered by The Newport Group, the third-party administrator of the Plan.

Payment of Benefits: Distribution of a participant's account will occur upon the participant's termination of service, retirement, death, disability, or hardship withdrawal, as defined in the Plan. A participant is entitled to receive a lump-sum payment in an amount equal to the value of his or her account.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustments of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

401(K) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements, Continued

2. Summary of Significant Accounting Policies, Continued:

Investment Valuation and Income Recognition, Continued: The assets underlying the MetLife Group Annuity Contract are primarily guaranteed investment contracts. These contracts are valued at fair value and adjusted to contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contracts, plus interest at the contract rates, less Plan withdrawals and termination fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Subsequent Events: Management has evaluated subsequent events through July 30, 2014, the date the financial statements were available to be issued, and has determined there are no subsequent events to be reported in the accompanying financial statements.

3. Fair Value Measurements:

The Financial Accounting Standards Board (FASB) has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

ESSENTRA POROUS TECHNOLOGIES CORP
401(K) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements, Continued

3. Fair Value Measurements, Continued:

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Group Annuity Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. As of December 31, 2013 and 2012 the group annuity contract has no unfunded commitments and can be redeemed immediately upon notice with no other redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of the Plan's year end date:

Investments at Fair Value as of December 31, 2013			
	Level 1	Level 2	Total
Investments:			
Mutual Funds:			
Target date investments	\$ 474,571	\$ -	\$ 474,571
Bond funds	397,062	-	397,062

7. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008 that the adopted prototype Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

9. Risks and Uncertainties:

The Plan provides for various investments in mutual funds and a group annuity contract. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.
