1. Description of the Plan

The following description of the Branford Group 401(k) Plan (the "Plan") for eligible employees of Branford Group 401(k) Plan (the “Employer” or “Plan Sponsor”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Branford Chain, Inc. ("Branford") and the subsidiaries of Branford, including employees of Dreyfus-Cortney, Inc. ("Dreyfus"), Washington Chain & Supply, Inc. ("Washington"), and Lister Chain & Forge, Inc. ("Lister") (collectively, the “Employer” or the “Company”) who have completed three months of service, with the exception of one year of service and 18 years of age for Lister union employees.

In July 2010, E-Mon, LLC (“E-Mon”), a previously owned subsidiary of Branford, was sold to Honeywell International, Inc. (“Honeywell”). As a result, E-Mon employees are no longer contributing into or requesting loans from the Plan. Account balances of E-Mon participants who became employees of Honeywell are available for distribution. The amounts distributed may be rolled over directly into the 401(k) plan of Honeywell or into an IRA. As of December 31, 2013, previous E-Mon employees have remaining participant account balances.

Effective December 31, 2012, American Condenser and Coil, LLC (“ACC”) no longer participates in the Plan. As a result, ACC employees are no longer contributing into or requesting loans from the Plan. Account balances of ACC participants are available for distribution and may be rolled over directly into the new plan ACC has established separately for its employees. ACC’s new plan was approved and adopted effective January 15, 2013. As of December 31, 2013, ACC employees have remaining participant account balances.

Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Salary Deferral - Each year, participants may elect a deferral up to 100% of pre-tax annual compensation, as defined in the Plan document, up to the 401(k) deferral limit.

For the 2013 and 2012 Plan years, the 401(k) deferral limit was $17,500 and $17,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for 2013 and 2012 was $5,500.

Employer Safe Harbor Matching Contributions - The Employer makes matching contributions on behalf of qualifying non-union contributing participants on the following basis: An amount equal to 100% of the first 3% of any active participant’s compensation contributed to the Plan and 50% of the next 2% of the active participant’s compensation contributed to the Plan, subject to maximums set by the Department of Treasury. The total matching contribution percentage on behalf of any contributing participant may not exceed 4% of compensation.

Employer Profit Sharing Contributions - For purposes of participants participating in the profit sharing feature, the Plan requires one year of service for eligibility purposes. Participants will be credited with one year of service for each twelve-month period during which they have completed 1,000 hours of service.

1. Description of the Plan (continued)

Employer Profit Sharing Contributions (continued) - Lister makes profit sharing contributions on behalf of the employees of United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union ("Union") who are eligible to participate in the Plan on the following basis: An amount equal to 3% of such employee's base hourly rate for all hours worked. This provision is consistent with the terms of the Collective Bargaining Agreement concluded between Lister and the Union on June 1, 2011.

Except for Lister, in 2011, the Boards of Directors voted to suspend the profit sharing contributions for Branford, Dreyfus, Washington, and ACC.

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions, Plan earnings, and charged with an allocation of Plan losses, withdrawals and administrative expenses. Allocations are based on participant earnings, account balances, or as defined in the Plan document. Refer to Note 2 for information on investment transactions and income recognition on individual participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Money market and mutual funds are available as investment options for participants' salary deferrals, Employer safe harbor and profit sharing contributions, and rollovers.

Vesting

Participants are immediately vested in their salary deferral account and safe harbor matching contribution account plus actual earnings thereon. Nonelective employer contributions, additional matching employer contributions and any earnings thereon vest at 20% each year, and are fully vested after 5 years of service. For Lister union employees, employer profit sharing contributions and any earnings thereon vest at 25% each year beginning after two years of service, and are fully vested after 5 years of service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance with full vested rights. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested are generally used first to pay administrative expenses and second, to reduce Employer contributions. As of December 31, 2013 and 2012, the Plan had $163 and $24,178, respectively, of forfeitures that have not been applied to reduce the Employer's contributions.

2. Summary of Significant Accounting Policies

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), and are stated in United States Dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2013 and 2012.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Included in the benefit payments to participants are discharged loans amounting to $52,531 and $1,120 for the years ended December 31, 2013 and 2012, respectively.

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1 to 5 years, unless the loan is for the purchase of a primary residence. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time the loan is approved. Principal and interest is paid ratably through payroll deductions.

Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contribution including rollover contributions and any Employer contribution (but excluding earnings on those contributions) on the basis of hardship as permitted under the Plan.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of its investments includes the realized gains or losses and the unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or depreciation in fair value of investments.

3. Information Certified by the Plan's Trustee

Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

4. Investments

During the year ended December 31, 2013, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $883,815.

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012 are as follows:

5. Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures under US GAAP, the Plan adopted a standard that establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The adoption of this guidance did not have a material impact on the Plan's net assets and changes in net assets.

The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Money market and mutual funds are valued at the daily closing price as reported by the fund. The money market fund held by the Plan is interest-bearing and is valued at $1.00 per share. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

5. Fair Value Measurements (continued)

6. Exempt Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for administrative services were $10,011 and $8,563 for the years ended December 31, 2013 and 2012, respectively. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. As described in Note 2, the Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by letter dated July 7, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan Sponsor has a fiduciary responsibility to the participants of the Plan. As such, the Plan Sponsor is liable to make good on losses to the Plan resulting from a breach of fiduciary duty and to make the Plan whole for any adverse consequences of noncompliance, which may result in prohibited transactions that would ultimately give rise to significant receivables.

9. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their entire accounts.

10. Delinquent Participant Contributions

During 2012, the Plan Sponsor inadvertently failed to deposit $1,384 of participant elective deferral contributions. These transactions constitute prohibited transactions as defined by ERISA. The Plan Sponsor remitted the participant contributions and lost earnings to the Plan in 2013. In addition, the Plan Sponsor has put additional procedures in place to ensure these types of transactions do not reoccur going forward.

11. Subsequent Events

The Plan's management has evaluated the period from January 1, 2014 to August 25, 2014, the date the financial statements were available to be issued, for subsequent events requiring recognition or disclosure in the financial statements. On May 31, 2014, the collective bargaining agreement between Lister and the employees of the Union expired. A new agreement was negotiated, which will expire on May 31, 2015. No changes to the provisions of the Plan were made.
