Integrated Print & Graphics, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN

The following description of the Integrated Print & Graphics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Integrated Print & Graphics, Inc. (the "Company") for employees that meet specific eligibility requirements. The Plan, designated as a defined contribution plan, was established on January 1, 1998 and has been amended and restated, effective May 1, 2009. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company, 21 years or older, are eligible to participate on the first day of the next month following their completion of one year of service as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

Contributions

Eligible participants may elect to contribute pre-tax compensation to the Plan by means of a salary deferral agreement not to exceed the maximum percentage permitted by law of their annual compensation. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in accordance with Plan provisions. Salary deferral contributions are funded proximate to the withholding date.

The Company may make discretionary matching contributions in accordance with Plan provisions. Additional amounts may be contributed at the option of the Company's board of directors under qualified matching and qualified nonelective contribution provisions of the Plan. Company contributions are funded annually after the close of the Plan year and within statutory time frames. All contributions are subject to certain limitations as defined in the Plan.

Participants direct the investment of all deferral and allocated Company contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's discretionary contributions, if any, (b) Plan earnings (loss), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct employee contributions in one or more of the investment options offered by the Plan. The current investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, the Plan Administrator will determine how participant deferral contributions will be invested. The Plan currently offers various investment options, which include a diverse group of mutual funds.

NOTE A--DESCRIPTION OF PLAN--continued

Vesting

Participants are immediately vested in their voluntary contributions and in qualified matching and qualified nonelective Company contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts, plus earnings thereon, is based on years of credited service. A participant is 100% vested after five years of credited service as defined in the Plan.

<u>Years of Credited Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Participants who attain the normal retirement age of 65, satisfies certain conditions for early retirement, or who terminate employment due to death or disability, are 100 percent vested in their account balances.

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, partial payment, or annuity contract in accordance with Plan provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution in accordance with Plan provisions.

All distributions will be made as soon as administratively feasible. Mandatory distributions greater than \$1,000 but less than \$5,000, may be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly. If a participant has a vested account balance greater than \$5,000, they are not required to take a payout from the Plan until required distribution rules apply.

Participants may elect to receive hardship withdrawals prior to termination of employment from their deferral contribution account, or an amount equal to the value of the participant's vested interest in his or her employer matching contribution. Participants may also elect to withdraw rollover contributions at any time.

Participants who have attained age 59 1/2 may also receive in-service withdrawals for elective deferrals, vested matching contributions, qualified non-elective contributions, and qualified matching contributions.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$40 and \$50 respectively. These accounts may be used to reduce administrative expenses under the Plan or future employer contributions, as directed by the Plan sponsor. During the year ended December 31, 2013, no forfeitures were used to reduce administrative expenses.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN--continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the participant's vested account balance and bear a reasonable rate of interest (3.25% to 9.75% at December 31, 2013 and 2012) commensurate with local prevailing rates as determined by the Plan Administrator. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the term of the loan is determined at the time the loan is made and is to be a reasonable period of time. Principal and interest shall be repaid ratably by participants through payroll deductions.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Investments in shares of registered investment companies are valued at quoted market prices which represent the net asset value of the shares or units held by the Plan at year-end. Securities that have no quoted market price, if any, are valued at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C.

Net appreciation or depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses on investments bought and sold during the year and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recognized on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Administrative Expenses

The Company bears most administrative costs of the Plan and are excluded from these financial statements. Expenses specifically incurred by or attributable to a specific participant are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through August 28, 2014, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

FASB ASC 820 Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE C--FAIR VALUE MEASUREMENTS--continued

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

Gains and losses (realized and unrealized) are reported as net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Level 1: Registered investment companies: Valued at quoted net asset values (NAV) of units held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus as agent for Frontier Trust Company, the Custodian, as of December 31, 2013 and 2012 and for the year ended December 31, 2013. Except for comparing such information as certified by the agent of the Custodian to information included in the Plan's financial statements and supplemental schedule, we did not perform any auditing procedures on the certified information.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the agent of the Custodian as of December 31, 2013 and 2012.

Integrated Print & Graphics, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)-continued

*Fair value of investments representing greater than 5% of the Plan's net assets as of December 31, 2013 and 2012.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year), appreciated in value \$606,886. During the year ended December 31, 2013, the Plan's investments earned interest and dividends of \$27,834.

NOTE E--TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE G--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicagoland area, and their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic situation of the Company itself.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE H--RELATED PARTY TRANSACTIONS

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

Certain Plan investments are managed by affiliates of the Custodian; and therefore, qualify as party-in-interest transactions. Ascensus (the "recordkeeper") performs administrative and recordkeeping services for the Plan. During both years ended December 31, 2013 and 2012, fees paid by the Company to the Custodian and the recordkeeper and other service providers approximated \$4,000.
