NOTE 1. PLAN DESCRIPTION

The following description of the BMC Software, Inc. Savings and Investment Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who have completed at least one hour of service with BMC Software, Inc. (the "Company" or the "Plan Sponsor") or its affiliates, which have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On May 6, 2013, the Company entered into an agreement and plan of merger pursuant to which the Company was acquired by Boxer Parent Company Inc. On September 10, 2013, the merger was consummated and the Company's common stock was no longer listed on NASDAQ and the Company's common stock investment in the Plan was liquidated.

Contributions

Each year, participants may contribute from one half of a percent to 35 percent of pre-tax annual compensation or designate a portion or all of these contributions to be from after-tax annual compensation known as Roth Deferral Contributions, and one percent to ten percent of after-tax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

For the year ended December 31, 2013, the Company matching contributions are 100 percent of participant's pre-tax and Roth deferrals up to five percent of compensation. The Company matching contribution was $15,940,434, net of forfeitures of $1,000,000, for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Vesting for participants with at least one hour of service after January 1, 2008 will be vested at 100 percent after two years of service. If a participant terminated prior to January 1, 2008, they begin vesting in Company contributions at 25 percent after two years of service, increasing by 25 percent each year, with the participant fully vested after five years of service. Participants that had contributions from previous employers shall be vested in accordance with the Plan document. While still employed by the Company, if a participant becomes disabled, dies, or reaches normal retirement age, the participant becomes 100 percent vested.

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Forfeitures of Company contributions may first be used to pay for Plan administrative expenses and then to reduce Company contributions. During the year ended December 31, 2013, $3,282 in forfeitures was used to pay Plan administrative expenses and $1,000,000 in forfeitures was used to pay Company contributions. As of December 31, 2013 forfeitures of $704,469 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution, as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Fidelity Management Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees (see Note 8 Revenue Credit Account).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded and therefore is classified as Level 1 within the valuation hierarchy.

Money market accounts – Money market accounts are at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Certificates of Deposit – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and therefore is classified as Level 2 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2013	2012
Fidelity Institutional Money Market Portfolio	$ 48,743,616	$ 48,794,330
Fidelity Contrafund	81,258,948	63,093,630

Spartan 500 Index Fund	108,874,033	86,672,847
PIMCO Total Return Fund	40,441,582	52,240,589

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) and Plan Sponsor common stock was $97,327,880 and $2,220,160, respectively.

The Plan also permits participants to utilize a self-directed brokerage feature. As of December 31, 2013, the balances, including earnings and losses, and types of investments in this account are immaterial to the accompanying financial statements taken as a whole.

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. TAX STATUS

The Company received a favorable determination letter dated February 2, 2012 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Accordingly, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance with a minimum loan amount of $1,000. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.00 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The Trustee received $134,611 for administration fees of which $20,360 was paid from forfeitures and $114,251 was paid by the participants through the Plan, which included $85,981 to Strategic Advisors, Inc., an affiliate of the Trustee that provides investment advice to the Plan's participants. The Trustee also received indirect compensation based on a formula. The Plan paid from forfeitures and the revenue credit account $17,198 to the Plan's independent qualified public accountants, $9,578 to the Plan's attorney and $9,131 to a consultant to produce training material for the Plan participants.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS (Continued)

Revenue Credit Account

The Plan has an agreement with the Trustee, whereby the Trustee provides the Plan a reimbursement of certain expenses charged to the Plan by the Plan's investments, as defined in the agreement. The amounts received from the Trustee may be utilized to pay Plan administrative expenses and effective January 1, 2013, may also be allocated to participants that have an account balance as of a certain date at the discretion of the Plan Sponsor. During the year ended December 31, 2013, the Plan earned reimbursements of $241,982. The cash basis activity in the administrative budget account is summarized as follows:

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 27, 2014, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
