HOMESTEAD FUNDING CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following brief description of Homestead Funding Corp. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement or pamphlet "Summary Plan Description" for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution deferred compensation 401(k) plan and covers substantially all of the employees of Homestead Funding Corp. (the Company) who meet certain eligibility criteria. Employees are eligible to participate in the Plan upon attaining age 21, working a minimum of 1,000 hours, and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During the year ended December 31, 2013, the Plan was amended to no longer permit new loans to participants or beneficiaries.

Contributions

The Plan permits employees to contribute to the Plan at their own discretion. No employer contribution is made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and plan earnings and charged with administrative costs. Participants are immediately vested in their voluntary contributions plus net earnings thereon. Each participant chooses the fund or funds in which contributions are to be invested. Contributions may be allocated between the funds in any integral percentage. A participant may change the fund or funds into which their contributions are invested or transfer all or any portion of their account balance between funds upon proper notification of the Plan administrator or by initiating the change/transfer on their own using the Plan Custodian's (Nationwide) website or by calling the Nationwide voice response unit. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Pursuant to plan documents, participants receive their benefits in a single lump sum amount.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions, which affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan offers participants the option to choose from a diversified portfolio of mutual fund investments and a guaranteed investment account, which is managed pursuant to an investment contract with Nationwide. The contract with Nationwide provides for guaranteed interest rates, which are established annually. The guaranteed interest rate at December 31, 2013 and 2012 was 2.30% and 2.25%, respectively. Nationwide has determined this guaranteed investment contract is fully benefit responsive, and is presented at contract value which approximates fair value.

Participants can allocate various percentages of their salary deferral to any of these mutual funds. The fair values of the mutual funds fluctuate daily. The mutual funds investments are diversified and are not concentrated in any industry or geographic location.

Interest income on notes receivable from participants is recognized by the Plan in the period in which it is earned based on the outstanding principal balance times the stated interest rate at the date the note receivable originated.

Fair Value Measurement of Financial Instruments

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures e*stablishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used at December 31, 2013 and 2012, respectively. There have been no changes in the methodologies used for the years ended December 31, 2013 and 2012, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurement of Financial Instruments

The mutual funds are traded on the stock market and are valued at their adjusted unit values on the last business day of the fiscal year and are valued using level 2 inputs based on unadjusted quoted market prices for similar assets within active markets. The Nationwide Money Market Institutional Fund is classified as level 2 due to the fund being publicly traded, however it is not actively traded and Nationwide does not report a Net Asset Value for the fund. Purchase and sale transactions of the mutual funds are recorded on a trade-date basis. Fair value for the Fixed account (level 3) is derived from amounts held in Nationwide Life Insurance Company's general account and are credited on a net daily basis at annual effective rates. Fixed fund unit values are assigned daily, based on the funds' guaranteed interest rates and periods. On day one of a guaranteed period, a fixed fund's unit value is set at 1.0 and will increase incrementally to reflect interest that is earned daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets measured on a recurring basis at December 31, 2013 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2013				
Mutual funds				
Real Estate Funds	$ 77,763	$ -	$ 77,763	$ -

Total Assets at Fair Value	$ 9,315,119	$ -	$ 8,694,193	$ 620,926

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurement of Financial Instruments

Fair values of assets measured on a recurring basis at December 31, 2012 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012				
Mutual funds				
Real Estate Funds	$ 112,557	$ -	$ 112,557	$ -

Total Assets at Fair Value	$ 7,320,164	$ -	$ 6,701,403	$ 618,761

The fixed account consists of the Best of America group annuity contract with the investments held in the Nationwide Life Insurance Company's general account. Deposits to the fixed contract are guaranteed in both principal and interest, assuring that the funds will grow at specified rates. The investments are credited with interest on a net daily basis at annual effective interest rate. The annualized effective interest for the years ended December 31, 2013 and 2012 were 2.30% and 2.25%, respectively. The investments are presented at contract value as determined by Nationwide; which approximates fair value.

The following changes in the Fixed account are included in contributions, as a reduction to participant loans receivable, distributions to participants and investment income (loss). The following changes related to Participant loans have been netted in participant loans.

3. INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN OF PLAN'S ASSETS

Nationwide Trust Company, FSB, as custodian of the Plan's assets, holds the Plan's investment assets under a trust agreement. 4. NOTES RECEIVABLE FROM PARTICIPANTS

During the year ended December 31, 2013, the Plan was amended to no longer permit new loans to participants or beneficiaries. Prior to the amendment, participants were approved to borrow up to 50% of their account balances. The minimum loan amount was $1,000 and the maximum loan exceed the lesser of 50% of the account balance or $50,000. The loans were secured by the participant's account (subject to the terms of the Plan and in accordance with applicable legal requirements) and were payable over a period no longer than five years, together with interest at market rates. However, loans made for the purchase of a primary residence may not exceed 30 years. At December 31, 2013 and 2012, participant loans were $174,204 and $240,918, respectively.

Loan participants were charged a $75 loan set-up fee and $50 annual loan maintenance fee. In addition to these fees, participants with outstanding participant loans were charged a loan maintenance fee. Loan fees were paid to Creative Pension Consultants and for 2013 and 2012 totaled $2,220 and $2,635, respectively.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. PARTIES IN INTEREST

The following organizations are considered parties-in-interest based upon their relationship as service providers they provide to the Plan:

Creative Pension Consultants - Third Party Administrator
Marvin and Company, P.C. - Plan Audit Firm
Nationwide - Plan Custodian of Assets
Homestead Funding Corp. - Plan Sponsor

7. PARTIES IN INTEREST

Certain plan investments are shares of mutual funds managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value of investments.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENT

Management has evaluated all events subsequent to the balance sheet date of December 31, 2013 through July 14, 2014, which is the date these financial statements were available to be issued, and have determined that there are no subsequent events that require recording or disclosure.
