American Greetings Retirement Profit Sharing and Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the American Greetings Retirement Profit Sharing and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of American Greetings Corporation (the “Corporation” and “Plan Sponsor”) and its domestic subsidiaries. Employees classified as Territory Leads, Merchandisers, leased employees and certain union employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Corporation, at its discretion, may make a profit sharing contribution in an amount to be determined by the Corporation. Historically, the Corporation annually contributed 8% of its consolidated domestic pretax profits, excluding gains and losses from capital assets, intercompany dividends and foreign currency transactions, to the Plan. The Corporation made a contribution of \$9,148,532, which was recorded as a contribution receivable for 2013. The profit sharing contribution was based on the Corporation’s pre-tax profits for its fiscal year ended February 28, 2014.

Participants may contribute between 1% and 50% of eligible annual compensation to the Plan in the form of either before-tax contributions, (“401(k) contributions”) or after-tax contributions (“Roth contributions”) or any combination thereof, as defined in the Plan. The Corporation may restrict individual contributions below 50% in order to meet certain governmental limitations. The Corporation, at its discretion, may annually contribute 40% of up to the first 6% of annual compensation that a participant contributes to the Plan. The Corporation’s matching contribution which was recorded as a contribution receivable, was \$5,025,299 for 2013. Available forfeitures reduced the Corporation’s matching contribution by \$75,000 for 2013.

Participants direct the investment of their accounts, together with their share of the Corporation’s annual contributions, to any of the investment options offered under the Plan.

Participant Accounts and Vesting

Each participant’s account is credited with the participant’s 401(k) contributions, Roth contributions and allocations of (a) the Corporation’s profit sharing contribution and 401(k) matching contribution and (b) Plan earnings, and is charged quarterly with a fixed administrative fee. Prior to 2013, administrative expenses were allocated to participant accounts based on participant compensation, participant elections or account balances, as defined. Individuals who have retired or terminated employment with the Corporation do not participate in the Corporation’s future contributions to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participants are immediately vested in both their and the Corporation’s contributions, plus actual earnings thereon.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow against their elected deferred 401(k) contribution, Roth contribution or rollover contribution accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding loan balance in the previous 12 months or 50% of their account balance. Loan terms range from 12 to 54 months for general purpose loans and from 12 to 240 months for loans used for the purchase of a participant's primary residence. The loans are secured by the balance in the participant's account. The interest rate on a participant loan is set at the prime rate plus 1% on the first business day of the calendar quarter in which the loan originates and remains fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

At the time of a participant's retirement or termination of service, the participant may elect to receive an immediate lump sum distribution, installment payments to be paid monthly, quarterly or annually, or rollover their distribution to an individual retirement account or other eligible plan.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants on the basis of individual account balances at the date of termination.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. The units of common/collective trusts are valued at net asset value at year end. The Corporation's Class A common shares included in the American Greetings Company Stock Fund ("AG Stock Fund") for the 2012 Plan year are valued at the last reported sales price on the last business day of the year. As discussed in Note 10, the AG Stock Fund was liquidated in 2013.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

The Plan's management has evaluated subsequent events through July 30, 2014, which is the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends and interest income from participants loans for the year ended December 31, 2013, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Vanguard Fiduciary Trust Company, Trustee of the Plan.

During the year ended December 31, 2013 the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as determined by quoted market prices as follows:

	2013
Registered investment companies	\$ 109,489,035
Common/collective trusts	16,084,770
AG Stock Fund	2,106,893
Net appreciation in fair value of investments	<u>\$ 127,680,698</u>

3. Investments (continued)

The fair value of individual investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

December 31, 2013

Vanguard PRIMECAP Fund Admiral Shares	\$ 202,585,289
Vanguard Institutional Index Fund	121,772,971
JPMCB Core Bond Fund; CF Class	105,583,064

Vanguard Wellington Fund Admiral Shares	60,881,632

December 31, 2012

Vanguard PRIMECAP Fund Investor Shares	\$ 151,568,424
JPMorgan Core Bond Fund; Select Class	127,058,976
Vanguard 500 Index Fund Signal Shares	98,649,133
Vanguard Prime Money Market Fund	70,016,892
Vanguard Wellington Fund Investor Shares	52,123,882

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the "IRS") dated November 21, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated, in all material respects, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and believes that as of December 31, 2013, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

5. Transactions with Parties in Interest

The Plan held 962,977 Class A common shares of the Corporation in the AG Stock Fund at December 31, 2012, with a fair value of \$16,264,682. Dividend income of \$282,377 on the Corporation's common shares was recognized in 2013 prior to the liquidation of the AG Stock Fund. (See note 10 for further information.)

The Plan invests in shares of mutual funds and common/collective trusts managed by an affiliate of the Trustee. Certain accounting, legal and other administrative fees are paid by the Corporation. All other expenses of the Plan are paid by the Plan. Participants' accounts are assessed a fixed quarterly administrative fee which reflects the cost associated with recordkeeping, customer service, communications and other plan administrative activities. Investment fees for portfolio management of Vanguard Funds are generally assessed as a percentage of assets invested and are paid from individual fund earnings.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

Assets and liabilities measured at fair value are classified using the fair value hierarchy based upon the transparency of inputs as of the measurement date. The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The three levels are defined as follows:

- Level 1 – Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon unobservable inputs that are significant to the fair value measurement.

7. Fair Value Measurements (continued)

The following table summarizes the assets measured at fair value on a recurring basis as of the measurement dates, December 31, 2013 and 2012, and the basis for that measurement, by level within the fair value hierarchy:

Total investments	<u>\$ 643,372,607</u>	<u>\$ 86,281,574</u>	<u>\$ 729,654,181</u>

The Plan's valuation methodology used to measure the fair values of the mutual funds included in Level 1 were derived from quoted market prices as substantially all of these instruments have active markets. The fair values of the investments in common/collective trusts are included in Level 2 and were derived from the net asset value ("NAV") of units held by the plan. The NAV, as provided by the trustee of each common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. However, in certain circumstances, each fund limits a participant's purchases and exchanges into a fund account for 60 days after the participant has redeemed or exchanged out of that fund account. If the plan were to initiate a full redemption of any common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out

Notes to Financial Statements

in an orderly business manner. There is currently no full redemption notice period requirement. The money market fund has been classified as Level 2 as substantially all of the fund's investments were determined using amortized cost. The AG Stock Fund at December 31, 2012 was valued at the net asset value of units held by the Plan at year-end. The Plan held no investments that were classified in Level 3 at December 31, 2013 and 2012.

8. Reconciliation of Financial Statements to Form 5500

Upon an event of default on a participant loan, to the extent a distribution to the participant is not permissible under the Plan, the amount due to the Plan on account of the defaulted loan will be treated as a deemed distribution. A loan that is a deemed distribution is treated as a distribution on Form 5500 and removed from Plan assets on Form 5500. However, in the Plan financial statements, and in accordance with the Plan, such deemed distributions remain part of the participant's account balance until a distributable event occurs for the participant.

The following is a reconciliation of participant loans and net assets available for benefits between the Plan's financial statements at December 31, 2013 and 2012 and Form 5500:

	December 31,	
	2013	2012
Participant loans per the financial statements	\$ 6,314,930	\$ 6,051,168
Less: Certain deemed distributions of participant loans	46,102	50,190
Participant loans per Form 5500	<u>\$ 6,268,828</u>	<u>\$ 6,000,978</u>
Net assets available for benefits per the financial statements	\$ 863,577,679	\$ 750,163,017
Less: Certain deemed distributions of participant loans	46,102	50,190
Net assets available for benefits per Form 5500	<u>\$ 863,531,577</u>	<u>\$ 750,112,827</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2013 to Form 5500 net income:

Net increase per the financial statements	\$ 113,414,662
Add-back charge-off of participant loans that were deemed distributions in previous years	<u>4,088</u>
Net income per Form 5500	<u>\$ 113,418,750</u>

Notes to Financial Statements (continued)

9. Voluntary Correction Program

In 2011, the Corporation identified the following operational errors relating to the Plan: (i) the failure to correctly apply the Plan's definition of compensation in determining the level of participant deferrals and Company profit sharing and matching contributions, (ii) the failure to use the correct loan interest rate and certain failures in loan administration, (iii) the improper inclusion of certain employees who did not satisfy the Plan's eligibility requirements, and (iv) the failure to implement automatic enrollment and escalator provisions for certain employees. To correct these operational errors, the Corporation made a Voluntary Corrections Program (VCP) submission to the IRS on September 7, 2011. In 2012, an additional error relating to the exclusion of certain elements of eligible compensation used in the determination of elective deferrals and matching contributions was discovered. Accordingly, the Corporation supplemented its original VCP application with an updated submission to the IRS on November 13, 2012. Based upon the advice of legal counsel, the Corporation expects that the IRS will accept the Corporation's updated VCP submission, and the Corporation is committed to take such corrective actions as may be required by the IRS in response to such submission. The estimated amount of the corrective payments is \$1,799,322 and is included in the employer contributions receivable at both December 31, 2013 and 2012.

10. Liquidation of AG Stock Fund

At a special meeting of the Corporation's shareholders held on August 7, 2013, the shareholders voted to adopt the Agreement and Plan of Merger, as amended, dated March 29, 2013, among the Corporation, Century Intermediate Holding Company, a Delaware corporation ("Parent"), and Century Merger Company, an Ohio corporation and a wholly-owned subsidiary of Parent and the merger contemplated thereby (the "Merger"). On August 9, 2013, the Corporation completed the Merger.

In connection with the Merger, common shares held in the AG Stock Fund were converted into the right to receive \$19.00 per share in cash. Accordingly, upon completion of the Merger, the shares in the AG Stock Fund were liquidated and exchanged for cash. The cash credited to participant accounts still invested in the AG Stock Fund as of the Merger Date was reinvested in the Vanguard Target Retirement Fund having a target date closest to the year in which the participant will reach age 65.
