TriHealth, Inc. Designated Groups
401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Description of the Plan

The following description of the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. TriHealth, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution profit-sharing plan covering employees of TriHealth HF, LLC, TriHealth Oncology Institute, LLC, TriHealth Heart Institute, LLC, TriHealth Physicians Institute (staff hired after June 30, 2010), and TriHealth Physicians Practices, LLC (staff hired after June 30, 2009), (collectively, the Companies).

The Retirement Plan Committee of the Plan (the Committee) is responsible for all the general administration of the Plan. MetLife Fiduciary Trust Company is the trustee of the Plan (the Trustee). MetLife Resources Participant Services is the record-keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligibility service differs depending on the type of contribution that may be contributed to the Plan. For purposes of participating in salary deferral contributions and catch-up salary deferral contributions, eligibility service is one hour of service. For purposes of participating in discretionary matching contributions, an employee must complete one hour of service during the eligibility period that applies to discretionary matching contributions. If a participant receives, or is entitled to receive, a qualifying distribution from another eligible employer plan or from an individual retirement account or annuity, the participant may "roll over" such amount, or request that the trustee of the other plan roll over such amount, into a rollover account upon approval of the Committee or its representative.

TriHealth, Inc. Designated Groups
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Company may also elect to make a discretionary matching and supplemental contributions on behalf of eligible participants. For the plan year ended December 31, 2013, the Companies made a safe harbor contribution matching 100% of the first 3% of each eligible participant's deferred contribution and 50% of the next 2% of each eligible participant's deferred contribution. The Companies have the option to make discretionary contributions on behalf of eligible participants. No discretionary contributions were made in 2013. Participants classified by the Companies as physicians or members of the executive staff are excluded from the Plan.

Each year, participants may elect to contribute from 0.1% to 80.0% of their pretax or after-tax income to the Plan, subject to maximum dollar contribution limits (\$17,500 in 2013, adjusted for cost-of-living increases in years beyond). Participants over the age of 50 can make a catch-up contribution (\$5,500 in 2013, adjusted for cost-of-living increases in years beyond). All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Investment Options

Participants can elect to invest their contributions as well as any of the Companies' contributions in any of the fund options offered under the Plan. Participants can change their contribution allocations quarterly and may elect to transfer amounts between fund options throughout the year.

Participant Accounts

Each participant account is credited with the participant contributions, eligible contribution of the Companies, and plan earnings. All amounts in the participant accounts are participant directed. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses, if deemed necessary, are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their 401(k) contributions, rollover contributions, safe harbor, and discretionary matching contributions. The Companies' account consists of supplemental contributions. Participants who terminate employment for reasons other than retirement, disability, or death (whom are fully vested) are eligible to receive a vested portion of their Companies' account according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage of Company Account</u>
Less than three years	—%
Three years or more	100%

Forfeitures

Forfeitures represent the non-vested portions of participant account balances upon termination. Forfeited amounts are applied to reduce future contributions of the Companies. As of December 31, 2013 and 2012, forfeitures of \$94,349 and \$49,100, respectively, were available for application against future contributions of the Companies or plan administrative expenses.

Payment of Benefits

Distributions of vested balances are available upon termination subject to the approval of the Companies, retirement, attaining age 55, death, or permanent and total disability. Distributions are made in lump-sum payments to designated beneficiaries and joint survivors.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants may withdraw money for financial hardship if certain conditions are met. This hardship distribution is not in addition to other benefits and will therefore reduce the benefit that will be received at retirement.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Companies, as provided by the Plan's provisions. Administrative expenses paid by the Plan, if deemed necessary, include record-keeping and trustee fees. Expenses relating to purchases, sales, or transfer of the Plan's investments are charged to the particular fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Companies.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts, and subject to distribution under provisions of the Plan.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investments

The Plan's investments are comprised of mutual funds and are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

In conformity with Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

3. Investments

All investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2013 and 2012, and net appreciation in fair value of mutual funds, and interest and dividend income for the year ended December 31, 2013, was obtained or derived from information provided to the Companies and certified as complete and accurate by the Trustee of the Plan.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2013	2012
T. Rowe Price Retirement 2025 Advisor	\$ 8,888,930	\$ 7,735,827

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The fair value of mutual funds is determined by quoted market prices reported on the active market on which they are traded. The Plan does not adjust the quoted market price for such financial instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013, to the Form 5500:

Net assets available for benefits per the financial statements	\$ 37,025,768
Less: Contribution receivable from employer	<u>(1,034,827)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 35,990,941</u></u>

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500 for the year ended December 31, 2013:

Total income per the financial statements	\$ 10,880,102
Add: Contribution receivable from employer at December 31, 2012	826,595
Less: Contribution receivable from employer at December 31, 2013	<u>(1,034,827)</u>

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party Transactions

The Plan holds units of mutual funds managed by the Trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 8, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through August 8, 2014, the date the financial statements were available to be issued.
