INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management of the E.L. Farmer and Company 401(k) Plan:

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the E.L. Farmer and Company 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mass Mutual Life Insurance Company and Hartford Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that Mass Mutual held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2013, and that Hartford Life Insurance Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2012. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN

The following description of the E.L. Farmer and Company 401(k) Plan (the Plan) provides only general information. The plan is sponsored by E.L. Farmer and Company, (the Company or Employer), a wholly-owned subsidiary of JCF, Inc. Effective August 20, 2013, the parent company sold all of its stock shares to TFI Holdings USA, Inc. No changes were made to the Company or the Plan as a result of this sale.

The custodian of the plan's assets for 2013 is Massachusetts Mutual Life Insurance Company and for 2012 was Hartford Life Insurance Company. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company ("MassMutual") acquired The Hartford's Retirement Plans Group ("RPG") business. MassMutual has no affiliation, and the RPG business no longer has any affiliation, with The Hartford Financial Services Group, Inc. or any of its subsidiaries. MassMutual has been appointed by Hartford Life Insurance Company ("HLIC") to provide all administrative services necessary to support the insurance contracts issued by HLIC in connection with the RPG business. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be 21 years old and is eligible to contribute to the plan after six months of service. Enrollment dates are semi-annually on January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This plan is not integrated with Social Security. The Plan is amended annually to conform to current rules and regulations under ERISA.

Contributions

Eligible employees may contribute up to \$17,500 in 2013 and \$17,000 in 2012; participants age 50 and over may contribute up to an additional \$5,500 as "catch-up" contributions for each of those years. The Company permits rollover contributions into the Plan. The Company made discretionary matching contributions of 35% of employee contributions in 2013 and 2012. The Company may also make discretionary profit sharing contributions and Qualified Non-Elective Contributions.

Participant Accounts

The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account. Investment options include pooled separate accounts and a fixed income account through an investment contract with an insurance company.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service (20% per year after the second year of credited service). A participant immediately becomes 100% vested upon death, disability, or attainment of normal retirement age (65).

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

The Plan does not permit loans to participants.

Payment of Benefits.

Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution. Neither in-service distributions nor hardship distributions are permitted by the Plan.

Forfeitures.

Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. Forfeitures totaled \$12,750 in 2013 and \$2,225 in 2012. Forfeited non-vested account balances totaled \$2,870 and \$-0- as of December 31, 2013 and 2012, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. As described in FASB ASC 962-325-35-5 through 35-12, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A pooled separate account (PSA) is an account which consists of the assets of two or more participating entities and is maintained for the collective investment and reinvestment of assets contributed thereto. The underlying investments of the PSAs consist of shares of mutual funds that are valued at the net asset value (NAV) of shares held by the Plan at year-end.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

The Fixed Income Account (included in the Group Annuity Contract in the statement of net assets available for benefits) is valued at fair value as determined by application of the market value adjustment factor of the Fixed Income Account Rider under the Group Annuity Contract. The market value adjustment factor formula under the Contract that governs the calculation includes variable components. This investment option is further explained in Note 10. Fair value measurements are explained in Note 3.

The net appreciation (depreciation) in fair value of investments is reported in the statement of changes in net assets available for benefits and consists of realized and unrealized gains and losses. Realized gains and losses on the disposal of securities are determined on the average cost basis of securities sold. Unrealized gains and losses are determined on the cost basis of securities held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Operating expenses

The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets. Administrative expenses are recorded when incurred. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense. These fees are under a revenue sharing arrangement based on the average balances of the Plan's investments. These underlying fees were approximately 2.10% of the Plan's investments in 2013 and 2.09% in 2012.

Payment of Benefits

Benefits are accounted for when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurement accounting literature establishes a hierarchy that prioritizes inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs were only used when Level 1 inputs were not available.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. The pooled separate accounts are fall into this category as they are accounts that consist of the assets of two or more participating entities and are maintained for the collective investment and reinvestment of assets contributed thereto.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The group annuity contract (fixed income account) is not actively traded and significant other observable inputs are not available. Thus, the fair value of the group annuity contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations. Specifically, fair value is determined by application of the market value adjustment factor under Option B under Section F(1)(b) of the Fixed Income Account Rider under the Group Annuity Contract. The market value adjustment factor formula under the Contract that governs the calculation includes variable components. The declared interest rate for the Fixed Income Account was 3% for both 2013 and 2012. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The following tables reconcile the beginning and ending balances of fair value measurements using Level 3 inputs of the group annuity contract for the years ended December 31, 2013 and 2012.

December 31, 2013	<u>Group Annuity Contract</u>	
Beginning balance	\$	58,747

Interest earnings		1,462
Ending Balance	\$	<u>58,747</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012, are reported in net appreciation in fair value of investments. Unrealized gains/(losses) from the fixed income account are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no significant transfers into or out of Level 3 for 2013 or 2012.

NOTE 6: PARTIES-IN-INTEREST

Certain Plan investments are managed by the plan custodians, Mass Mutual and Hartford. Because the Plan pays certain fees to these custodians, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that by adopting a prototype standardized profit sharing plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and are not subject to tax under present regulations. The Company itself has not applied for tax exemption status for the Plan. However, the Plan administrator and Plan's tax counsel believe that by adopting the prototype standardized plan referenced above, that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Additionally, GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 10: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract whereby Mass Mutual maintains the contributions in a Fixed Income Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

E.L. FARMER AND COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 and 2012

NOTE 10: INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The crediting interest rate is based on a formula agreed upon with the issuer, but cannot be less than the declared interest rate. Such interest rates are reviewed periodically for resetting. The declared interest rate for the Fixed Income Account was as follows:

3.00% for the period 01/01/2013 to 12/31/2013

3.00% for the period 01/01/2012 to 12/31/2012

The contract includes a market value adjustment factor (MVA). The MVA is intended to make up certain losses for having to prematurely sell the investments that support the guaranteed rates. The MVA reflects the interest rates prevailing at the time of early withdrawal. The MVA may reduce or add to the amount received upon surrender. The MVA is designed to compensate for potential lost investment opportunities associated with premature surrenders. Various fixed income investments and hedging strategies are utilized to support guaranteed interest rates.

Certain events, would limit the Plan's ability to transact at contract value. Such events include but may not be limited to the following: 1) temporary absence; 2) change in position or other occurrence qualifying as a temporary break in service under the Plan; 3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or, 4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. The Plan administrator believes the occurrence of any such events that would limit the Plan's ability to transact at contract value with Plan participants is not likely.

NOTE 11: SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 30, 2014, the date which the financial statements were available to be issued. All plan assets were transferred from Mass Mutual to a new plan custodian on December 31, 2013. Great West Retirement Services took custody of the assets effective January 3, 2014. Since the assets were not received into the new custodian's possession until after year-end, the transfer was essentially a deposit in transit. For financial statement purposes, the Plan assets were still held in custody of Mass Mutual until the transfer was complete, which was on January 3, 2014. No other significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.
