Notes to Financial Statements

1. Description of Plan:

The following brief description of Trek, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the text of the Plan document.

General:

The Plan is a defined contribution pension plan covering substantially all employees of Trek, Inc. Torrent EMS, LLC merged with Trek, Inc. on January 10, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation and Benefits:

An employee must have attained age 18 and must have at least three months of service to participate in the Plan.

The value of a participant's account will be distributed upon termination of employment due to retirement, death, or disability. Payments of the vested portion will be made in a lump-sum amount as soon as practicable after the valuation date. Any outstanding loans in a participant's account are also considered a distribution.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation over total compensation or account balances (as defined).

Contributions:

The participants make contributions to the Plan through salary reductions based on a percentage of the participant's compensation, subject to limitations imposed by the Internal Revenue Code. At the discretion of the Company's board of directors, the Company may make basic employer matching contributions. Additional discretionary employer contributions, as determined by the Company's board of directors, may be allocated to individual accounts of participants enrolled in the plan during the year. In 2013, the Company approved and accrued corrective contributions of \$33,457 to the Plan.

Vesting:

The employee and employer discretionary matching contributions are immediately vested. The employer's additional discretionary contribution is fully vested after five years of continuous service.

Investment Options:

Plan participants may direct their account balances to any number of Mid Atlantic Trust Company investment options. Participants may change their investment options at any time.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 4.25% to 8.75%. Principal and interest is paid ratably through monthly payroll deductions.

2. Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Inputs to the valuation methodology for mutual funds and the money market account are unadjusted quoted prices for identical assets in active markets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms on the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain administrative expenses for the Plan are borne by the Company.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through August 27, 2014 (the date the financial statements were available to be issued).

3. Investments (Unaudited):

In accordance with the Department of Labor's Regulation 2520.103-8, certified "Statements of Account" for the Plan have been provided by Mid Atlantic Trust Company for the years ended December 31, 2013 and 2012. The plan administrator has obtained certifications from the trustee that such information is complete and accurate as follows:

Statements of Net Assets Available for Benefits - Investments.

Statements of Changes in Net Assets Available for Benefits - Investment income.

4. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Income Taxes:

The Internal Revenue Service has issued a favorable determination letter regarding the tax-exempt status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is no longer subject to examination by federal or state taxing authorities for years prior to 2010.

6. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
