Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2013 and 2012

1. DESCRIPTION OF PLAN

The following description of the Medical Specialties Distributors, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan available to all employees of Medical Specialties Distributors, LLC (the "Company"), provided that they are at least 21 years of age and an employee for 30 days. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Contributions

Participants are allowed to contribute up to 100% of their pretax compensation to the Plan through payroll deductions, not to exceed IRC limitations.

The Company, at its discretion, may make matching and profit sharing contributions to the Plan. During the year ended December 31, 2013, the Company's matching contributions, of $34,043, equaled 10% of the first 5% of an individual's compensation contributed to the Plan, subject to certain limitations. There were no profit sharing contributions in 2013.

An eligible participant may, at the discretion of the Plan Administrator, transfer tax free to the Plan a distribution from another qualified plan, provided that the transfer qualifies as a rollover contribution under the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and profit sharing contributions, investment earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in all salary contributions, rollovers and earnings thereon. Employer contributions and earnings thereon are vested in accordance with the following schedule:

Years	Vesting Percent
Less than one	0%
One but less than two	25%
Two but less than three	50%
Three but less than four	75%
Four or more	100%

1. DESCRIPTION OF PLAN...continued

Vesting...continued

Participants who terminate prior to being 100% vested forfeit the non-vested portion. At December 31, 2013 and 2012, forfeited non-vested accounts totaled $535 and $796, respectively. Forfeitures will be used to either pay Plan expenses or reduce employer contributions as determined by the Plan Administrator. For the year ended December 31, 2013, forfeitures totaled $2,218 and $2,479 in forfeitures was used to offset employer contributions.

Payments of Benefits

Participants are allowed to withdraw certain portions of their account, as defined by the Plan, upon retirement, death, termination or determination of financial hardship. Participants are able to elect to receive a lump-sum or annuity distribution based upon the valuation of the participant's vested account balance.

Investment Options

Participants can direct their contributions to a guaranteed income fund, mutual funds, and various pooled separate accounts. Participants determine the investment of both Company and participant contributions.

Notes Receivable from Participants

Participants may borrow from their accounts any amount greater than $500, but not more than the lesser of $50,000 or 50% of their account balance, reduced by the highest outstanding loan balance during the preceding twelve month period. A participant may have three outstanding loans at one time. Loans must be repaid within 5 years but may be extended to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate equal to regional bank rates for similar loans. Principal and interest is paid ratably through weekly payroll deductions. Interest rates on outstanding loans range from 3.25% to 7.50%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure financial condition, results of operations, and cash flows are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investments contracts through a Guaranteed Income Fund. The statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis, for fully benefit responsive investment contracts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES...continued

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of guaranteed income funds and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially effect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require revenue recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES...continued

Administrative Expenses

Administrative expenses are the responsibility of both the Plan and the Company. The Company has elected to pay substantially all administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants prior to March 15, 2014.

Recently Adopted Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements.* The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and confirming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

3. INVESTMENTS...continued

During 2013, the Plan's investments (including gain and losses on investments bought and sold, as well as held during the year) appreciated in value, on a net basis, by $885,486 as follows:

	Appreciation
Mutual funds	$ 304,380
Pooled separate accounts	581,106
Total	$ 885,486

4. INFORMATION CERTIFIED BY ING LIFE INSURANCE AND ANNUITY COMPANY

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by ING Life Insurance and Annuity Company (Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets at December 31, 2013 and 2012:

	2013	2012
ASSETS		
Investments, at fair value:		
Guaranteed income fund (contract value of $397,873 and $226,630, respectively)	$ 397,057	$ 239,629
Mutual funds	$ 1,744,092	$ 1,253,817
Pooled separate accounts	$ 2,601,765	$ 2,083,730
Notes receivable from participants	$ 125,334	$ 137,096

ING Life Insurance and Annuity Company also certified to the completeness and accuracy of net appreciation in fair value of investments of $885,486, $7,495 of interest income related to the guaranteed income fund, and $5,318 of interest income related to notes receivable from participants related to the aforementioned assets in 2013.

5. TAX STATUS

The Plan, through its adoption of a volume submitter plan (a prototype plan), has obtained an opinion letter issued to The Angell Pension Group, Inc. on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2013 and 2012

6. EXCESS CONTRIBUTIONS

At December 31, 2013 and 2012, liabilities of $16,030 and $43,890, respectively, are recorded for amounts refundable by Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

7. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a guaranteed income fund and pooled separate accounts managed by ING and administrative fees are paid to ING. ING is the trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also paid certain administrative expenses of the Plan. Notes receivable from participants also qualify as party-in interest transactions.

8. GUARANTEED INCOME FUND

The Plan's fixed guaranteed income fund is an investment contract with an insurance company, which is renewed annually. The issuing insurance company is ING Life Insurance and Annuity Company. The contributions are maintained in a general account. The account is credited with interest which is subject to minimum contractual guarantees, and charged with Plan withdrawals and administrative expenses. The ING Fixed Account has no stated maturity. Interest rates are reset at least annually, during which a new interest rate is applied daily to the total outstanding balance of the investment.

The guaranteed income fund issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the plan. As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. Contract value, as reported to the Plan by ING Life Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed income fund at December 31, 2013 and 2012 was $397,057 and $239,629, respectively. The crediting interest rate is based on the formula agreed upon with the issuer. The crediting interest rate was 2.2% for 2013. Such interest rates are reviewed at least annually for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the plan's ability to transact a contract value with participants are probable of occurring.

9. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement), a lower priority to significant other observable inputs (level 2 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2013 and 2012.

Mutual Funds

Valued at quoted market value based on quoted market prices of the funds. Mutual funds are categorized as Level 1 investments as they are actively traded and no valuation adjustments have been applied.

Pooled Separate Accounts

Valued at the net asset value ("NAV") using market prices of underlying assets and audited financial statements rather than quoted prices in an active market. As these inputs are not actively traded, but are observable, these accounts are categorized as Level 2.

Guaranteed Income Fund

Valued at fair value by discounting the related cash flows based on the credited rate of the fund considering the credit-worthiness of the issuer.

9. FAIR VALUE MEASUREMENTS...continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

9. FAIR VALUE MEASUREMENTS...continued

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Level 3 Assets Year Ended December 31, 2013 Guaranteed Income Fund
Balance, beginning of year	$ 239,629
Interest	7,495
Change in fair value	(13,815)
Purchases	247,320
Sales	(83,572)
Balance, end of year	$ 397,057

The following table as of December 31, 2013 represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the values for those inputs:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Input Values
Guaranteed income fund	$ 397,057	Income approach (future interest rates and related discounted cash flow)	Credited rate as of the date of surrender	2.2%
			Rate for a 7-year Treasury Bond (a)	2.45%
			Surrender value (b)	100.0%

(a) Rate for a 7-year Treasury Bond obtained from the Daily Treasury Yield Curve Rates from the U.S. Department of the Treasury.

(b) Surrender value represents the contract value to which the market value adjustment applies.

If the credited rate of the guaranteed income fund as of the date of surrender increases, then the market value adjustment increases. If the Treasury Bond rate increases, then the market value adjustment decreases. The surrender value of the guaranteed investment fund will never be less than 100 percent.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 8, 2014, the date the financial statements were available to be issued.
