THE GARIBALDI COMPANY 401(k)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1. DESCRIPTION OF PLAN

The following description of The Garibaldi Company 401(K) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (minimum 1000 hours of service) and have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan into the 401(k) Plan. Contributions are subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company did not make any matching or profit sharing contributions for calendar years 2013 or 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of service (year of service equals minimum 1000 hours of service during the plan year which is the calendar year). A participant vests one hundred percent after three years (three year cliff vesting) of credited service.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Options
Upon enrollment in the Plan, a participant may direct all contributions in into any of the investment options the Plan has allowed with American Funds. The investment options are all mutual funds (regulated investment companies). Participants may change their investments options daily via the internet after their initial enrollment in the plan.

Notes receivable from participant
Participants may borrow from their funds accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participants Notes fund. These loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates are 5.25% on the loans. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits
On termination of service with the plan sponsor, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or periodic payments over the participant's life expectancy. Vested benefits of $1,000 or less will be paid in a lump sum.

NOTE 2. DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through August 26, 2014, the date the financial statements were available to be issued.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants
Loans to participants are reported at their unpaid principal balances.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the plan like the annual audit and recordkeeping fees are paid from plan assets. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in contract administrator fees and other fees. Investment related expenses are included in net appreciation of fair value of investments.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements ("ASC 820")*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2013

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)

NOTE 5. INVESTMENTS

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7. TAX STATUS

The Company adopted a Volume Submitter Cross-Tested Defined Contribution Prototype Plan and Trust which received notice from the Internal Revenue Service that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (the Code). The Plan Trustee and Plan Administrator are confident that the Plan as amended is designed and currently being operating in accordance with all applicable requirements of the Code.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RELATED PARTY TRANSACTIONS

The plan assets are in pooled separate accounts held by Capital Bank and Trust with investments primarily in American Fund Registered Investment Companies both of which are part of The Capital Group Companies. Capital Bank and Trust is a Trustee and Capital Research and Management Company and American Funds qualify as party-in-interest transactions according to applicable regulations and provide recordkeeping and administration services to the plan. Fees incurred for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing or fees at the mutual fund level and are noted as indirect compensation on the Form 5500. As described in Note 3, the plan made certain payments totaling $1,234 for recordkeeping and other fees paid from direct charges to participants or from plan assets.
