1. Description of the Plan

The following description of the Rhino Energy LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Rhino Energy LLC, as well as Sands Hill Mining LLC, Rhino Resource Partners L.P., Rhino Coalfield Services LLC, Triad Roof Support Systems LLC, Rhino Technologies LLC, Rhino Trucking LLC, Rhino Services LLC, Rhino Oil Field Services, McClane Canyon Mining, Castle Valley Mining LLC, Rhino GP, LLC, Elk Horn Coal Company, LLC and Rhino Eastern LLC, the co-sponsors (collectively the Plan Sponsors). Management of the Plan Sponsors control and manage the operation and administration of the Plan. Great-West Retirement Services (GWRS), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable sections of the Internal Revenue Code (IRC).

Eligibility

Employees are eligible to participate in the Plan on their hire date. Eligible participants can enter the Plan on the first day of the month on or following their date of hire. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer nonelective contributions.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan Sponsors make safe harbor enhanced matching contributions of 100% of each participant's elective deferrals not exceeding 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. The Plan Sponsors made safe harbor matching contributions of $1,413,285 for the year ended December 31, 2013.

In addition, the Plan Sponsors may make a discretionary nonelective contribution. This contribution is allocated as a uniform percentage of eligible compensation that is uniformly determined by the employer for all eligible participants. A participant must be employed by the Plan Sponsors on the last day of the Plan year in order to receive a contribution, unless the participant dies, becomes disabled, or has reached normal retirement age (defined as age 65) by the end of the Plan year. There were no nonelective contributions made by the Plan Sponsors during 2013.

1. Description of the Plan, continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsors' contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan adoption agreement. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Plan Sponsors' contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions and the Plan Sponsors' safe harbor enhanced matching contributions plus actual earnings thereon. Participants are vested in the Plan Sponsors' nonelective contributions according to the following schedule:

Years of Service	Vesting Percentage
0 to 2	0%
3 or more	100%

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

Participant Loans

Participants may borrow up to a maximum of the lesser of $50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan, continued

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than $5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than $5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

Forfeited Accounts

All forfeitures are applied to safe harbor contributions and Plan expenses. As of December 31, 2013 and 2012, forfeited accounts totaled $1 and $25,308, respectively. No forfeitures were reallocated during 2013. During 2013, forfeitures totaling $28,304 were used to reduce contributions. Forfeited participant balances during 2013 totaled $2,879.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment management and advisor expenses are included in administrative expenses. All other administrative expenses are paid by the Plan Sponsors.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits is required to present investment contracts at fair value as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. Plan management has determined the contract value of the Plan's fully benefit responsive investment contract approximates fair value and no adjustment is necessary.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through July 1, 2014, the date that the financial statements were available to be issued.

3. Information Certified and Provided by Custodian

The Plan's asset information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by GWRS, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that asset information provided to the Plan Administrator by the custodian related to the asset information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the supplemental schedule.

3. Information Certified and Provided by Custodian, continued

The following table presents the fair value of assets in the Plan that were certified by GWRS. Single investments representing more than 5% of the Plan's net assets as of December 31, 2013 and 2012 are separately identified.

	2013	2012
Guaranteed Portfolio Fund	$ **9,649,270**	$ 9,998,060
American Funds EuroPacific Growth R3	**1,683,143**	1,632,525

Oppenheimer Global A	*	1,297,449
Other investments	**11,104,724**	11,003,347
Total investments	$ **25,340,397**	$ 23,931,381

** Investment did not represent more than 5% of the Plan's net assets available for benefits as of December 31, 2013.*

*** Investment did not represent more than 5% of the Plan's net assets available for benefits as of December 31, 2012.*

GWRS, the custodian, certified to the completeness and accuracy of $2,247,561 of net realized and unrealized appreciation in the fair value of mutual funds and $578,671 of interest and dividends related to the investments for the year ended December 31, 2013.

GWRS also certified to the completeness and accuracy of $1,661,436 and $1,535,212 of notes receivable from participants for 2013 and 2012, respectively, and $54,626 in interest on notes receivable from participants for the year ended December 31, 2013.

4. Investment Contract with Insurance Company

The Plan has a benefit responsive investment contract with GWLA. GWLA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by GWLA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest crediting rates were 1.26% and 1.45% as of December 31, 2013 and 2012, respectively. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the year ended December 31, 2013 was 1.26%.

5. Fair Value Measurements

The Plan has determined the fair value of investments through the application of U.S. GAAP related to fair value measurements and disclosures. Investments valued using Level 1 inputs are based on unadjusted quoted prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar investments in active or inactive markets. Investments valued using Level 3 inputs are valued based on management's assumptions about the assumptions market participants would utilize in pricing the investments.

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used to measure fair value at December 31, 2013 and 2012.

Guaranteed investment contract: Valued at contract value which approximates fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Target date funds: Valued at the net asset value per unit held by the Plan at year end as quoted by the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2013				
Guaranteed investment contract	$ -	$ 9,649,270	$ -	$ 9,649,270
Target date funds	-	2,966,566	-	2,966,566
Mutual funds:				
Large cap funds	4,493,049	-	-	4,493,049
Bond funds	2,780,805	-	-	2,780,805
Small cap funds	2,137,242	-	-	2,137,242
International funds	1,834,532	-	-	1,834,532
Mid cap funds	1,356,409	-	-	1,356,409
Real estate funds	122,524	-	-	122,524
Total investments	$ 12,724,561	$ 12,615,836	$ -	$ 25,340,397

5. **Fair Value Measurements, continued**

	Level 1	Level 2	Level 3	Total
December 31, 2012				
Guaranteed investment contract	$ -	$ 9,998,060	$ -	$ 9,998,060
Mutual funds:				
International funds	2,929,975	-	-	2,929,975
Large cap funds	2,828,717	-	-	2,828,717
Bond funds	2,534,950	-	-	2,534,950
Profile asset allocation funds	2,528,991	-	-	2,528,991
Mid cap funds	1,783,434	-	-	1,783,434
Small cap funds	1,089,261	-	-	1,089,261
Real estate funds	237,993	-	-	237,993
Total investments	$ 13,933,321	$ 9,998,060	$ -	$ 23,931,381

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers between levels.

6. **Tax Status**

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2010.

7. **Plan Termination**

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Excess Contributions

During 2013, payments of $1,431 were made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the Plan year ended December 31, 2012. These payments are shown as benefits paid to participants on the accompanying statement of changes in net assets available for benefits.

9. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions.

Administrative expenses of $101,296 for the year ended December 31, 2013 are comprised of fees paid by the Plan to GWLA, MCF Advisors, LLC, and Advised Asset Group for investment management services and withdrawal charges.

10. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2013 and 2012, is as follows:

	2013	2012
Net assets available for benefits per financial statements	$ 27,029,072	$ 25,466,593
Less employer contributions receivable	(27,239)	-
