ALLIANCE SPACESYSTEMS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Alliance Spacesystems, LLC (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees who have at least 30 days of service. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan initially became effective on February 4, 2013, after the plan sponsor was spun off from another company that also sponsored a 401k plan. After the spinoff, pursuant to code section 410(b)(6)(C), all employees of Alliance Spacesystems, LLC became immediately eligible to participate in the Plan. Independent rollover contributions from the prior plan were allowed into the new Plan.

Contributions

Each year participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, up to the Internal Revenue Service dollar limitation. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution of 50% up to 6% of participant contributions. Employees do not need to be employed on the last day of the Plan year to receive this contribution. The Company may also make profit sharing contributions to the Plan to be allocated to participants at the same ratio that each participant’s compensation bears to the total compensation of all participants. During the year ended December 31, 2013 no profit sharing contributions were made.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s safe-harbor match, and allocations of (a) the Company’s discretionary match, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DECEMBER 31, 2013

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Vesting

Participants are immediately 100% vested in their contributions and the Company's profit sharing contributions plus actual earnings thereon. The Company's discretionary match and earnings thereon will be vested in accordance with the following schedule.

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	34%
2	67%
3 or more	100%

Participants, however, will be 100% vested upon reaching their Normal Retirement Age.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account. The annual rate of interest charged to loans made in any calendar month shall be comparable with the prevailing interest rate charged by lenders on similar loans. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, shall be repaid within five years and shall be amortized on a substantially level basis. Principal and interest is paid ratably through payroll deductions and will be fixed over the duration of the loan. Participants may have only one loan outstanding at any time.

Payment of Benefits

Upon termination of employment a participant may elect to receive a single lump-sum distribution from the Plan or installments over a period of not more than fifteen years.

If, however, a participant's vested interest is \$5,000 or less, it shall be distributed as a lump-sum as soon as practicable following termination of employment.

Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw their elective contributions (not including earnings) from the

Plan. Any amount withdrawn will be subject to income taxes and may be subject to additional tax based on early withdrawal. Participants may not contribute to the Plan for six months following a hardship withdrawal.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts will be used to pay plan expense or reduce the Company's contributions to the Plan. At December 31, 2013, there were no forfeited non-allocated accounts. For the period ended December 31, 2013, no forfeitures were used to reduce the Company's contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting for both financial and tax reporting purposes. Under this method, income is generally recognized when received and expenses are generally recognized when paid. Investments have been recorded at their fair market values. Accordingly, these statements are not intended to purport financial position or the results of operations in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on a cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition (Cont'd)

Payment of Benefits

Benefit payments consists of payments to participants (or, if applicable, the beneficiary) at retirement, disability, death or termination of employment. Benefits are recorded when paid.

Fees and Expenses

The sponsoring Company is responsible for Plan administrative costs, including the recordkeeping and management of the Plan. The Plan is responsible for costs specifically related to the investments. For the period ended December 31, 2013, the Plan paid investment related costs of \$4,366 to Transamerica Life Insurance Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>\$ 294,791</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value

ALLIANCE SPACESYSTEMS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 4 – FAIR VALUE MEASUREMENTS (CONT'D)

hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Pooled separate accounts: Value based on the net asset value ("NAV") of shares held of the underlying mutual fund by the plan at year end.

Investment contract: Valued at the amount payable on demand at year end. Accordingly, the contract value is also the fair market value (See Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

INVESTMENTS	Assets at Fair Value as of December 31, 2013			Total

ALLIANCE SPACESYSTEMS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 5 – INVESTMENT CONTRACT

Transamerica offers a stable value fund to which a participant may elect to transfer all or part of his or her funds. The stable value fund is considered to be a fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses, a measurement which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2013 was \$49,571. The contract value is equal to the fair value at December 31, 2013. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The Transamerica Stable Value Option is not a separate account investment choice; it is an investment in Transamerica's general account. The average yield of the stable value fund based on actual earnings and interest credited to participants yielded 1.45% for the year ended December 31, 2013.

Certain potential events would limit the ability of the Plan to transact at contract value with Transamerica. These include the following: (1) the Plan is changed as to significantly affect Transamerica obligations to the contract, (2) the contract can no longer be treated as a Pension Plan Contract, (3) the Plan is terminated, (4) Plan management fails to comply with the contract requirements, (5) Plan management fails to provide information, or (6) the trust fails to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian.

Investment contract with insurance company	49,571
Money market funds	7,064
Investment income:

Net depreciation in fair value of assets	294,791

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in any employer contributions.

NOTE 8 – TAX STATUS

The Plan obtained its latest opinion letter on May 30, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

ALLIANCE SPACESYSTEMS, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 9 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units and pooled separate accounts managed during the Plan years ended December 31, 2013 by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

Events subsequent to December 31, 2013 have been evaluated through August 8, 2014, the date these financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading.
