INDEPENDENT AUDITOR'S REPORT

To the Trustees
Herman Kay Company, Incorporated Employee 401K Savings Plan
New York, New York

I was engaged to audit the accompanying statement of net assets available for benefits of Herman Kay Company, Incorporated Employee 401K Savings Plan (the "Plan") as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2013. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information reported in the financial statements, which was certified by State Street Bank & Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustees as of December 31, 2013 and for the year ending December 31, 2013, that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

I have compiled the accompanying statement of net assets available for benefits of the Herman Kay Company, Incorporated Employee 401K Savings Plan as of December 31, 2012 in accordance with Statements of Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or any other form of assurance on it.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

Note 1 – Description of Plan

The following description of the Herman Kay Company, Incorporated Employee 401K Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective on June 1, 1996, and restated January 1, 2011, is a defined contribution plan under Section 401(k) of the Internal Revenue Code covering all employees of Mystic, Inc. and certain affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants may elect to invest contributions in one or more of the available funds. All contributions, including Company matching and nonelective contributions, are participant directed.

Eligibility

Non-union employees 21 years of age and over are eligible to participate after they have completed 3 months of service. An employee may become a participant on the first day of the quarter following the attainment of eligibility requirements.

Contributions

Each year, participants may contribute up to a maximum of 20% of their compensation not to exceed Internal Revenue Service limits of pretax annual compensation, as defined in the Plan. Participants who are age 50 or older at any time during the year are eligible to make catch-up contributions up to an annual limit at any time during that calendar year. Roth elective deferrals are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options. The Company can make discretionary matching contributions and non-elective profit sharing contributions, as defined by the Plan. For the years ended December 31, 2013 and 2012 the Company made matching contributions of $70,429 and $69,829, respectively. The Plan permits rollover contributions from eligible participants. The rollover must be from another employer's qualified retirement plan and must be received within 60 days of the date the participant receives the distribution. Company contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain limitations.

Note 1 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution; the related Employer's matching contribution for that individual, and an allocation of the account earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeited Accounts

Upon termination of a participant's employment, the Company's nonvested contributions are placed in a separate account and become a forfeiture when the participant incurs a break in service, as defined. Forfeitures of Employer contributions will be allocated to qualifying participants' accounts in the ratio that each qualifying participant's compensation for the Plan year bears to the total compensation of all qualifying participants for the Plan year.

Vesting

Participants are vested immediately in their contributions and employer profit sharing contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after one year of service, then vests at a rate of 20% for the next four years and is fully vested after five years of continuous service.

Notes Receivable from Participants

The Plan allows participants to borrow from their individual accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested employee contributions account balance. Loan repayments are made through payroll deductions, in equal installments of principal and interest, and repaid within 5 years, except for loans made in connection with the purchase of a primary residence. All loans are required to bear a reasonable rate of interest and are secured by the balance of the participant's account.

Payment of Benefits

In the event of a participant's separation from service as a result of retirement, death or disability, the participant's account automatically becomes 100% vested. If separation is for any other reason, the participant is only entitled to the vested portion of their account. Participants may elect to receive either a single lump-sum payout equal to the value of the participant's vested interest in his or her account or have the vested interest remitted as a direct rollover to an individual retirement account or another employer's qualified plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Administrative Costs

The Company provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Company and include audit and legal fees. Administrative expenses incurred by the Plan include loan fees and investment management fees charged directly to the participants' accounts.

Recent Accounting Pronouncement

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in accounting standards generally accepted in the United States of America and International Financial Reporting Standards (IFRS). This ASU clarifies existing fair value measurement and disclosure requirements, amends certain fair value measurement principles and requires additional disclosures about fair value measurements. The Plan does not expect the provisions of this ASU, which are effective for the Plan year beginning after December 15, 2011, to have a material impact on the Plan's financial statements.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

HERMAN KAY COMPANY, INCORPORATED EMPLOYEE 401K SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

Note 3 – Investments

Investments that represent five (5) percent or more of the Plan's net assets as of December 31, 2013 are separately identified:

Blackrock Core Bond Portfolio A	$ 430,894
Invesco Equity and Income A	680,499
Invesco Equal-Weight S&P 500 A	497,609
Mainstay Large Cap Growth R2	1,335,067
Virtus Global Dividend	422,516
Pioneer Fundamental Value	439,374
Invesco Stable Asset	729,521
Amercent Government Bond	577,502

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $921,035 which consists of mutual funds, $913,375 and common / collective trusts, $7,660.

Note 4 – Related Party Transactions

Certain Plan investments are shares of mutual funds and investment contracts managed by State Street Bank & Trust Company, the Trustee of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100 percent vested and the assets would be distributed by the Trustee in accordance with the Plan provisions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100 percent vested and the assets would be distributed by the Trustee in accordance with the Plan provisions.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC) by a favorable opinion letter dated March 31, 2008. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are no audits currently in progress. The Plan is subject to income tax examinations for three years.

Note 7 – Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of assets available for benefits as of December 31, 2013, the related investment activity reflected in the statement of changes in assets available for benefits for the year ended December 31, 2013 and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

Note 8 – Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rates, market fluctuations, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 – Fair Value Measurements

FASB ASC, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the ASC are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 9 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds, money market cash, common / collective trusts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Total	(Level 1)	(Level 2)	(Level 3)
December 31, 2013
