Edstrom Inc. Profit Sharing Plan

Notes to Financial Statements

Note 1 Description of the Plan

The following brief description of the Edstrom Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the provisions of the Plan.

General

The Plan is a participant directed defined contribution retirement and profit sharing plan sponsored by Edstrom Industries, Inc. (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor is the plan administrator. Vanguard Fiduciary Trust Company ("Vanguard") is the trustee of the Plan's investment assets.

Eligibility and Participation

Employees of the Sponsor become eligible to participate in the Plan upon attaining the age of 18. Employees become participants of the Plan on the first business day immediately following the date of meeting the Plan's eligibility requirements. Eligibility for receipt of the discretionary profit sharing contribution by the Sponsor requires a participant to be employed on the first and last day of the year to which the contribution related and to complete one year of service. College students, defined by the Plan Administrator, that are only employed by the Sponsor on an intermittent basis, are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to a maximum of 90% of their pre-tax compensation, not to exceed the limits of the Internal Revenue Code ("IRC"). Participants may also contribute distributions from other qualified plans ("rollovers").

Discretionary Sponsor profit sharing contributions may be contributed at the option of the Sponsor's Board of Directors. The profit sharing contribution for the 2013 plan year of \$364,901 was paid into the Plan during April 2014. The 2012 profit sharing contribution of \$441,560 was paid into the Plan in April 2013.

Investment Options

Participants direct how their and Sponsor's contributions are invested among several options that cover a wide range of the fund objectives, risks, and returns. For a more complete description of the Plan's investments, participants should refer to the investment prospectuses.

Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor's contributions, and related Plan earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollovers. Vesting in the Sponsor's contributions and earnings thereon vest under a three years of service cliff vesting schedule. Upon death, disability or qualified retirement participants become 100% vested.

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeited nonvested account balances are reallocated to participants annually in the same manner as profit sharing contributions. Forfeitures reallocated to participant accounts were \$32,419 and \$1,221 during 2013 and 2012, respectively. Unallocated forfeitures as of December 31, 2013 and 2012 were \$1,559 and \$32,419, respectively.

Note 1 **Description of the Plan (Continued)**

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.75% to 5.50%, as determined by the Plan Administrator. The Plan provides for a maximum loan period of five years unless the loan is associated with the purchase of a participant's principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits under the Plan are paid upon normal retirement age, termination, death or disability. A participant may elect to receive the value of the participant's vested interest in his or her account in a lump-sum payment, installment payments, or monthly annuity payments. In-service withdrawals can commence upon attaining the age of 59 ½. The Plan does not permit hardship withdrawals.

Plan Expenses

Certain expenses incurred in conjunction with the Plan are paid by the Sponsor.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States. GAAP requires investment contracts held by a defined contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains (losses) and unrealized appreciation (depreciation) are recorded as net appreciation (depreciation) in fair value of investments.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that directly affect the reported amounts and disclosures. Accordingly, actual results may differ from these estimates and are subject to change in the near term.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Notes to Financial Statements

Note 2 **Summary of Significant Accounting Policies**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

Subsequent events have been evaluated through August 29, 2014, which is the date the financial statements were available to be issued.

Note 3 **Fair Value Measurements**

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Edstrom Inc. Profit Sharing Plan

Notes to Financial Statements

Note 3 Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued as determined by the issuer of the common/collective trust based on the fair value of the underlying investments. Common/collective trusts with underlying investments in fully benefit-responsive contracts are valued at fair value and adjusted by the issuer to contract value.

The objective of the fund is generally to provide preservation of principal with stability and consistency of returns. The fund invests primarily in investment contracts issued by insurance companies, banks, or other financial institutions, including investment contracts backed by high-quality fixed income securities. Investments in the common/collective trusts can be purchased and sold continuously. A notice of redemption is not required. The Plan has no obligation to buy additional units.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 Tax Status of the Plan

The Sponsor has adopted the Vanguard Fiduciary Trust Company Volume Submitter Profit Sharing Plan ("Volume Submitter Plan"). The Internal Revenue Service ("IRS") determined and informed Vanguard Fiduciary Trust Company by their letter dated March 31, 2008, that the Volume Submitter Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the Plan received the determination letter. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan is exempt from federal and state income taxes. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress. The Plan is no longer subject to income tax examinations for years prior to 2010.

Note 6 Party-In-Interest Transactions

The Plan invests funds managed by an affiliate of Vanguard, the trustee of the Plan. Transactions with Vanguard and participant notes receivable are considered party-in-interest transactions. These transactions are not however, considered prohibited transactions under ERISA regulations.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

Note 8 Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9 Information Certified by the Trustee

The Sponsor has elected the method of annual reporting compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's trustee, Vanguard Fiduciary Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:
