HENRY AVOCADO CORPORATION
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE A: **Description of the Plan** - The following description of the Henry Avocado Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(1) General - The Plan is a defined contribution plan which was adopted by a resolution of the Board of Directors of Henry Avocado Corporation (the "Company") effective February 1, 2001, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed at least 1,000 hours of service over a 12 consecutive month period of time, with the exception of (1) residents of Puerto Rico and (2) pickers and general laborers.

(2) Contributions - Participants may contribute up to 60 percent of their pretax annual compensation not to exceed the maximum deferral limitation, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has elected to make matching contributions equal to 100% of the first three percent of eligible compensation and 50% of the next two percent of eligible compensation.

(3) Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution, and, earnings or losses, and charged with operating expenses.

(4) Vesting - Participants vest immediately in all contributions plus actual earnings thereon.

(5) Notes Receivable from Participants – Participant loans are not allowed.

(6) Benefit Payments - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution. Depending on age and employment status, Minimum Required Distributions could be required by law annually until all assets are distributed. Specified withdrawals for participants performing qualified military service are also allowed.

(7) Forfeitures – There are no forfeitures since participants are 100% vested in both employee and employer contributions.

NOTE A: **Description of the Plan** - (Continued)

(8) Administrative Expenses - Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are paid by the Company, with the exception of certain fees charged to participants in the various funds.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as Administrative Expenses.

NOTE B: **Summary of Significant Accounting Policies** - The following are the significant accounting policies followed by the Plan:

(1) Basis of Accounting and Financial Statement Presentation - The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(2) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value at December 31, 2013 and 2012. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note K for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net gains/losses in fair value of investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

(3) Payment of Benefits - Benefits are recorded when paid.

NOTE B: **Summary of Significant Accounting Policies** – (Continued)

(4) Use of Estimates - The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTE C: **Concentrations, Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D: **Information Prepared and Certified by Custodian** - The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Investments ("Fidelity"), the Plan's custodian.

	December 31, 2013	December 31, 2012
Investments, At Fair Value:		
Mutual Funds	$ 6,481,694	$ 4,840,390

Fidelity certified the completeness and accuracy of the dividend income from mutual funds of $226,459 for the year ended December 31, 2013.

NOTE E: **Investments** - The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the information certified by Fidelity, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedules.

NOTE E: **Investments** – (Continued)

The Plan invests in mutual funds. The participants can direct the investment of their contributions into one or more of the various investment options.

The following table presents investments that represent 5 percent or more of the Plan's net assets:

	2013	2012
Participant Directed:		
Fidelity Retirement Money Market	$1,000,134	$912,107
Spartan Total Market Index Advantage Class Fund	$748,375	$527,575
Fidelity Blue Chip Growth	$450,549	$363,341
Fidelity Low Priced Stock	$499,028	$345,621
Fidelity Mid Cap Stock	$491,030	$332,381
Fidelity Value Fund	$401,053	$270,015

NOTE F: **Plan Termination** - Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants are already fully vested in their accounts.

NOTE G: **Withdrawn Participants** - At December 31, 2013 and 2012, respectively, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE H: **Tax Status** - The Internal Revenue Service (IRS) has sent Fidelity Investments (the Plan's custodian) an opinion letter dated March 31, 2008, that the prototype plan, Volume Submitter Profit Sharing Plan with CODA, is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The related trust, therefore, is not subject to tax under the present income tax law.

NOTE H: **Tax Status** – (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The most recent IRS audit was for the tax year 2010 and resulted in no change. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I: **Fidelity Bond** - ERISA requires that the Plan be covered by a fidelity bond. The amount of the bond must be equal to the lesser of 10 percent of the funds handled at the beginning of the Plan year or $500,000. As of January 1, 2013, the Plan met the ERISA minimum requirement and was bonded for $500,000.

NOTE J: **Party-In Interest** – There were no party-in interest transactions.

NOTE K: **Fair Value Measurements** - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *"Fair Value Measurements and Disclosures,"* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE K: **Fair Value Measurements** - (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE K: **Fair Value Measurements** – (Continued)

NOTE L: **Differences On Form 5500** - The financial statements have been prepared on the accrual basis as required by accounting principles generally accepted in the United States of America. However, for the years ended December 31, 2013 and 2012, the Form 5500's to be filed with the IRS have been prepared on the cash basis.

NOTE M: **Subsequent Events** - Events occurring after December 31, 2013 have been evaluated for possible adjustment to the financial statements or disclosures as of September 10, 2014, which is the date of the financial statements were available to be issued.

NOTE N: **"Forfeitures"** – Although there are no actual forfeitures because all amounts are 100% vested (see Note A (7)), occasionally an amount is remitted to Fidelity that cannot be applied to a participant's account due to problems with the social security number, statutory limits, or other limiting factors. Fidelity does not refund any of those amounts to the employer. When Fidelity receives an amount that cannot be allocated to a participant's account, Fidelity invests that dollar amount in the Fidelity Retirement Money Market Account as if a participant with the name "Henry Avocado Forfeiture Account". That balance, along with all of the participants' balances, is included in the total net assets held for investment as reported by Fidelity. Fidelity allows fees, normally paid by the employer, to be deducted from this account until depleted. The Plan reports the balance as an offset to employer contributions receivable.
