INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee:
Dan Gernatt Gravel Products, Incorporated
Savings and Security Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dan Gernatt Gravel Products, Incorporated Savings and Security Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United Sates of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule of Assets Held for Investment Purposes and Schedule of Investment Assets Both Acquired and Disposed of Within the Plan Year, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a require part of the financial statements. Because of the significance of the matter described the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of American, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DAN GERNATT GRAVEL PRODUCTS, INCORPORATED SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF PLAN

The following description of the Dan Gernatt Gravel Products, Incorporated ("Company") Savings and Security Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Dan Gernatt Gravel Products, Inc., Dan Gernatt Farms, Country Side Sand and Gravel, Inc., and Gernatt Asphalt Products, Inc., who have completed one month of service and are age twenty and one half or older. The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 50 percent of qualified annual compensation as defined in the Plan. In addition, participants may separately elect to defer 100 percent of any bonuses paid during the year. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. The maximum amount of contribution, subject to dollar limits as established by the Internal Revenue Service, is $17,500 and $17,000 for the plan years 2013 and 2012 respectively. In addition the Plan permits eligible participants who have attained age 50 by the end of the plan year, December 31, to make catch-up contributions. The additional amounts may be deferred regardless of any other limitations on the amount that may be deferred to the Plan. The catch-up contributions are additional salary deferrals from the participants' compensation. They are not automatic and must be elected by the participant. The maximum additional amount that a participant can contribute is $5,500 and $5,500 for 2013 and 2012, respectively. A participant under the Plan, may make voluntary contributions to the Plan on an after-tax basis. The Plan allows for a discretionary matching contribution and a discretionary profit sharing contribution by the Employer. Contributions are subject to certain limitations.

The Plan provides that all employee contributions to the Plan will be invested in certain individual funds as directed by each participant. The Plan currently offers a Guaranteed Interest Account and various Separate Investment Accounts as investment options for participants. Participants may also invest their money in allocated life insurance contracts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Contributions, and related earnings, received from participants for 2013 and 2012 are net of repayment of $6,733 and $9,904 in 2014 and 2013, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2013 and 2012, respectively.

The Plan allows the rollover of a qualifying distribution from another tax qualified retirement plan to this Plan.

1. DESCRIPTION OF PLAN *(continued)*

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participant's non-vested accounts (which amounted to $3,939 and $624 for the periods ended December 31, 2013 and 2012, respectively) are used to reduce future administrative expenses which are paid for by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after six years of credited service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (subject to limitations) or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. The maximum number of loans permitted to each participant is two and the loan term cannot exceed five years unless for the purchase of participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates used by commercial lending institutions, which equates to prime plus two percent. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits - Upon termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution, under installment payments, as a plan-to-plan transfer, as an annuity to commence at normal retirement date or the participant may elect to continue his/her account until age 70 ½ . If a participant's vested account balance is $5,000 or less the entire vested amount will be paid as a lump-sum distribution.

Forfeited Accounts - At December 31, 2013 and 2012, forfeited nonvested accounts totaled $3,939 and $624 respectively. These accounts will be used to reduce future plan expenses. Also, in 2013, plan expenses were reduced by $451 from forfeited nonvested accounts.

Plan Amendments - During the Plan year 2013 the Plan had no amendments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting. For tax purposes, the Form 5500 is prepared using the cash method of accounting.

Investment contracts - Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuating policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013, or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other directly chargeable participant expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Pervasiveness of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2013	2012
Investments, estimated at fair value, unobservable inputs		
Guaranteed Investment Contracts	$ 6,139,690	$ 7,302,414
Investments, estimated at fair value, other observable inputs		
Pooled Separate Investment Accounts	11,236,402	8,787,447
Notes receivable from participants	208,166	123,496
Investment Earnings, net	2,524,778	1,336,983

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Mass Mutual Retirement Services (MMRS) General Investment Account investment option for defined contribution plans is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also referred to as "Book Value." MMRS considers this investment option to be fully benefit responsive not withstanding the liquidation value events under the contract that limit the ability of the plan to transact at Contract Value.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY *(continued)*

The Fair Value presented represents the estimated market value determined in accordance with the contractual market value formula if plan's contract has a market value formula with the Barclays Capital U.S. Aggregate Index. However, if plan has a formula with the Moody's BAA Corporate Average index in the contract, Mass Mutual is giving the plan the option of using either: (a) the Moody's market value formula without regard to capital gains or losses, or (b) the Barclays market value formula including an adjustment for capital gains or losses, depending on which produces the higher value. As of December 31, 2013, the Barclays market value formula produced a higher value than the Moody's market value formula. Accordingly this good faith estimate is based on the Barclays market value formula even thought it may not be presently included in the contract.

	2013	2012
Total General Investment Account assets at Fair Value	$ 6,139,690	$ 7,302,414
Adjustments from Fair Value to Contract Value for fully benefit-responsive investment contracts	(672,371)	(1,065,779)
Total General Investment Account assets at Contract Value	$ 5,467,319	$ 6,236,635

Interest Crediting Rates	2013	2012
Average yield earned by the Plan (a)	2.49%	2.58%
Average interest rate credited to participants (b)	2.49%	2.58%
Average yield earned less average interest rate credited (a-b)	0.00%	0.00%

The average yield earned is calculated by dividing the annual interest credited to the plan during the plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value (applicable for those plans that have been in-force with MMRS for more than one year). The average yield earned by the plan and the average interest credited to participants is the same, therefore, no adjustment is needed. However, the average yield earned by the plan and the average interest rate credited to participants reported above may differ form the guaranteed crediting rate on participant balances due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the plan year and simplified assumptions used in the calculations noted above.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY *(continued)*

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business; (5) removal from the plan of one or more groups or classifications of participants; (6) partial or complete plan termination; or (7) plan disqualification. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. INVESTMENTS

The following represents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets.

		2013		2012
Investments at estimated contract value				
General Investment Accounts				
Guaranteed	$	5,467,319	$	6,236,635
Investments at fair value as determined by quoted prices

New Horizons (T. Rowe Price)		1,427,135		n/a
Retirement 2030		914,937		n/a

5. INVESTMENTS *(continued)*

During the periods ended December 31, 2013 and 2012, the Plan's investments in separate investment accounts (including gains and losses on investments bought and sold, as well as, held during the year) appreciated (depreciated) in value by $2,357,656 and $1,155,664 respectively, as follows:

	2013	2012
PRM / MM Core Value Equity	$ 858,101	$ 377,509
Destiny Ultra Retirement	369,494	277,769
PRM / MM International Equity	262,219	186,959
New Horizons	428,914	106,336
PRM / MM Balanced	(19,296)	40,716
Capital Appreciation	150,246	58,787
PRM / DLB SmCo Opportunities	113,907	51,677
Other	194,071	55,911
	$ 2,357,656	$ 1,155,664

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means

6. **FAIR VALUE MEASUREMENTS** *(continued)*

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Level 2 - Fair Value Measurements, Pooled Separate Accounts (SIA) - The fair value of pooled separate accounts is based on the closing prices of the securities on the Valuation Date. The fair value of each SIA is determined by computing the value of the total assets held in such Separate Investment Account and deducting total liabilities, including accrued liabilities. SIAs do not pay dividends or interest to the plan. The underlying investments' performance (interest, dividends, and realized and unrealized gains) is reflected in the unit value.

Level 3 - Fair Value Measurements, Guaranteed Investment Contract - The guaranteed investment contract with an insurance company are not actively traded and significant other observable inputs are not available. Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

6. **FAIR VALUE MEASUREMENTS** *(continued)*

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013 and 2012.

	2013	2012
Beginning balance	$ 7,302,414	$ 6,764,526
Unrealized gains/ (losses) relating to instruments still held at the reporting date	(393,408)	628,744
Purchases	234,260	296,061
Sales and settlements	(1,003,576)	(386,917)
Ending balance	$ 6,139,690	$ 7,302,414

6. FAIR VALUE MEASUREMENTS *(continued)*

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following table represents the Plan's financial instruments and the valuation techniques used to measure the fair value of those financial instruments.

Investment Type	Pricing/ Valuation Source	Measurement Frequency	Valuation Methodology	Fair Value Hierarchy	Basis for Suggested Hierarchy
Separate Investment Account with underlying mutual fund investment	Unival	Daily	Unit Value	Level 2	Unit value calculated based on the observable NAV of the underlying investment
General Investment Account investment option (GIA)	MMRS	Periodically	Liquidation value	Level 3	Liquidation value based on actuarial formula as defined under the terms of the contract. No observable price.

7. ALLOCATED LIFE INSURANCE CONTRACTS

The Plan makes available to participants the option of investing in life insurance contracts. Under these whole life policies, the Plan is the owner of the policy with premiums being paid by the insured participants through annual deductions from the participants' respective accounts or from payroll withholdings. Because the purchase of these contracts transfers the obligation to pay the benefits and related risks to the insurance company, the benefit obligations have not been included in the financial statements. Premiums paid on these policies for the years ended December 31, 2013 and 2012 were $1,656 and $8,753, respectively.

8. BENEFIT OBLIGATIONS

Net assets available for benefits at December 31, 2013 and 2012 include $534,952 and $542,967, respectively, allocated to accounts of persons who as of, or prior to, that date had withdrawn from participating in the operations of the Plan. The affected participants have elected to receive periodic payments or have deferred distributions as allowed by the Plan.

9. RELATED-PARTY TRANSACTIONS - PARTIES IN INTEREST

Certain Plan investments are shares of general investment accounts and separate investment accounts managed by Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments because they are paid through revenue sharing rather than a direct payment. Administrative expenses paid directly to Mass Mutual for the periods ended December 31, 2013 and 2012 amounted to $4,856 and $9,223, respectively which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan administrator and a trustee also contribute to the Plan as permitted by the Plan document because eligibility requirements have been met.

10. TAX STATUS

The Plan obtained its latest determination letter on April 23, 2002, and opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Defense of Marriage Act (DOMA), enacted September 21, 1996 is a United States federal law that allows states to refuse to recognize same-sex marriages granted under the laws of other states. Until Section 3 of the Act was ruled unconstitutional in 2013, DOMA, in conjunction with other statutes, had barred same-sex married couples from being recognized as "spouses" for purposes of federal laws, effectively barring them from receiving federal marriage benefits. DOMA's passage did not prevent individual states from recognizing same-sex marriage, but it imposed constraints on the benefits received by all legally married same-sex couples. New York State recognizes same sex marriage.

10. TAX STATUS *(continued)*

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2013:

Net assets available for benefits per the financial statements	$ 16,909,688
Contributions receivable	(4,534)
Interest receivable	(171)
Excess contributions payable	6,733
Net assets available for benefits per Form 5500	$ 16,911,716

12. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan without the consent of any participant or beneficiary subject to the provisions of ERISA. In the event of Plan termination participants will become 100 percent vested in their accounts.

13. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

14. SUBSEQUENT EVENTS

Events that occur after the balance sheet date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the balance sheet date, require disclosure in the accompanying notes. Management evaluated the activity of the plan through August 18, 2014 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
