**NOTES TO FINANCIAL STATEMENTS**

## NOTE 1. PLAN DESCRIPTION

The following description of the T2K 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan sponsored by Therapy 2000, Inc. (the Sponsor), and was adopted effective January 1, 2004. The Plan was amended effective as of January 1, 2009. The Plan covers all employees of the Sponsor, as defined, who have completed three months of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Retirement Equity Act of 1984 (REACT). The Plan established Fidelity Management Trust Company as the Plan Trustee and record keeper.

### Contributions

Eligible employees, as defined, may have the Sponsor make pre-tax contributions to the Plan in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, participants may elect to reduce their compensation and contribute to the Plan between 1% and 100% of their total annual compensation, as defined, with a maximum of $17,500 and $17,000 for 2013 and 2012, respectively ($23,000 and $22,500, respectively, if the employee is age fifty or older).

The Sponsor matches 100% of the participant's regular deferral and catch up contributions up to 3% of the participant's compensation, as defined, plus 50% of the participant's contribution between 3% and 5% of participant's compensation. The Sponsor may also elect to make a discretionary non-elective contribution. There were no discretionary non-elective employer contributions in 2013 and 2012.

The Plan permits rollover distributions received from other qualified plans and certain individual retirement accounts (IRAs).

### Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings or losses based on the earnings or losses of the participant's selected investments. Sponsor matching contributions are allocated to the participant's matching contribution account.

### Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions.

## NOTE 1. PLAN DESCRIPTION – CONTINUED

### Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct that his or her employee, Company matching, and Company discretionary contributions, in 1% increments, be invested in any combination of investment options offered by the Plan, which include mutual funds and a money market account.

### Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump-sum amount equal to the value of the participant's vested account balance in his or her account.

Upon termination of service, benefits are paid in a lump-sum payment as soon as administratively possible at the participant's election.

The Plan provides that if the participant terminates employment and his or her vested account balance in the Plan does not exceed $1,000, then a lump sum distribution will be made as soon as administratively possible following the termination of employment. If the vested account balance is greater than $1,000, but does not exceed $5,000, the Sponsor will automatically rollover the entire account balance to an IRA unless specific distribution instructions are received from the participant.

The benefits received from the Plan are subject to ordinary income tax in the year in which the participant received the payment, unless he or she defers taxation by a rollover of the distribution into another qualified plan or IRA.

### Notes Receivable from Participants

Participants may borrow an amount from their accounts of the lesser of a minimum of $1,000, up to a maximum of $50,000, or 50% of their total vested account balance. Note transactions are treated as deductions from participants' accounts and accounted for separately. Participants may only have one note outstanding at any given time. Note terms range from 1 to 5 years or, if for the purchase of a residence, up to 30 years. The notes are secured by the balance in the participant's account and bear interest. As of December 31, 2013, interest rates range from 4.25% to 4.50%, and outstanding notes mature through February 2018. Principal and interest are paid through bi-weekly payroll deductions. Deemed distributions of notes receivable were $53 and $2,958 in 2013 and 2012, respectively.

## NOTE 1. PLAN DESCRIPTION – CONTINUED

### Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to suspend contributions, discontinue contributions or terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, participants will become 100% vested in their accounts.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and have been consistently applied.

### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions.

These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Mutual funds are reported at fair value as determined using quoted market prices. Participant notes receivable are valued at their outstanding principal balances, which approximates fair value, plus accrued interest.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

### Investment Risk

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedule.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

The Plan's assets are held by the trustee of the Plan. The trustee receives contributions, invests funds according to participant's directions and makes distributions to participants.

Administrative expenses, other than investment advisory fees, are generally paid by the Plan.

### Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through September 4, 2014, the date at which the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2013 that require recognition or disclosure in these financial statements.

## NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal tax under Section 501(a) of the IRC. The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the Plan's third party administrator performs a non-discrimination compliance test at the end of each plan year. Results show that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

## NOTE 3. TAX STATUS – CONTINUED

U.S. GAAP requires the Plan to recognize in the financial statements the financial effects of a tax position only if it is determined that it is more likely than not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. Plan management has determined there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. As of December 31, 2013, the Plan's tax years from 2010 through 2012 remain subject to Internal Revenue Service examination.

## NOTE 4. INVESTMENTS (UNAUDITED)

## NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has received certification from the Trustee that the statements submitted by them are complete and accurate regarding the Plan mutual funds and interest bearing cash investments at fair value totaling $9,119,823 and $6,725,782 at December 31, 2013 and 2012, respectively; notes receivable from participants totaling $102,056 and $130,210 at December 31, 2013 and 2012, respectively; and interest and dividends (including interest on notes receivable from participants) and investment income of $1,659,183 and $734,181 for the years ended December 31, 2013 and 2012, respectively. Accordingly, at the request of the plan administrator, the Plan's independent certified public accountants have performed no audit procedures on the investment information, and related activity, other than to agree the information to the certified statements.

## NOTE 6. FAIR VALUE MEASUREMENTS

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

### Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

## NOTE 6. FAIR VALUE MEASUREMENTS – CONTINUED

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value as of December 31, 2013 and 2012. As required by the Accounting Standards Codification (ASC) 820-10, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.
