VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

1. DESCRIPTION OF THE PLAN

The following description of the Vocus 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Vocus, Inc. (the Company) effective April 1, 1998. The Plan covers substantially all employees of the Company who have completed one month of service and are 21 years of age or older, as defined by the Plan. Participants may enter the Plan on the first day of the month, or as soon as administratively feasible, coinciding with or following the date on which such eligibility requirements are met, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended and restated effective December 1, 2013.

On February 24, 2011, the Company acquired North Social, a company from which certain assets and whose former employees became a part of the Company in 2011. The Company then changed the name from North Social to Vocus Social Media, LLC. The Plan was amended effective April 1, 2011 to include prior service with Vocus Social Media, LLC for purposes of eligibility, vesting, and benefit accrual purposes.

On February 24, 2012, the Company acquired iContact Corporation (iContact), a company from which certain assets and whose former employees became a part of the Company in 2012. During 2013, the Plan sponsor made a decision to merge the assets of the iContact Corporation 401(k) Profit Sharing Plan & Trust (iContact Plan) into the Plan and subsequently terminate the iContact Plan, which occurred on November 29, 2013. At the same time, the Plan sponsor changed the recordkeeper and Custodian of the Plan to Transamerica Retirement Solutions, Inc. (Transamerica) and the Trustee to State Street Bank and Trust Company. The Plan was amended effective December 1, 2013 to include prior service with iContact for purposes of eligibility, vesting, and benefit accrual purposes. As a result of the change to Transamerica, a blackout period was in effect from November 27, 2013 through December 22, 2013 for loans, distributions, transfers and investment elections. During the blackout period, participants were unable to access their accounts, direct or diversify their investments, obtain a new loan or receive a distribution from the Plan. Participants were able to make contributions and loan payments to the Plan during the blackout period.

Participant Contributions

Participants may elect to defer up to 100% of eligible compensation, as defined by the Plan, or a flat dollar amount, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$17,500 and \$17,000 for the years ended December 31, 2013 and 2012, respectively. The Plan allows for automatic enrollment of all new eligible employees. Effective January 1, 2011, upon meeting the eligibility requirements, as defined by the Plan, employees are automatically enrolled in the Plan at 4% of pre-tax annual compensation, unless they elect not to contribute or elect to contribute a different amount. The deferrals are increased by 1% on January 1 each year after a minimum of 12 months of participation in the Plan and each year thereafter, until a maximum of 6% of compensation is reached.

VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Contributions – cont'd.

Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code. Participants are also permitted to make rollover contributions from other qualified plans into the Plan.

Company Contributions

The Company may, at its discretion, elect to match a portion of eligible participants' contributions on a per-payroll basis. For the period from January 1, 2012 through November 30, 2013, the Company provided a discretionary matching contribution of 25% of participant contributions up to 6% of participant's pre-tax annual compensation. Effective December 1, 2013, the Company provided a discretionary matching contribution of 35% of participant contributions up to 6% of participant's pre-tax annual compensation. Company contributions totaled \$625,036 and \$449,014 for the years ended December 31, 2013 and 2012, respectively.

The Company may make a discretionary profit sharing contribution to the Plan. In order to be eligible for the discretionary profit sharing contribution, participants must be actively employed on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year. Discretionary profit sharing contributions are allocated to all eligible participants in proportion to their eligible compensation for the year. The Company did not make a discretionary profit sharing contribution for the years ended December 31, 2013 and 2012.

Participant Accounts

Each participant's account is participant-directed and credited with the participant's contributions and distributions and allocations of: (a) Company contributions, (b) Plan earnings and losses and (c) administrative expenses. Allocations of earnings, losses, and administrative expenses are based on the proportion of each participant's account balance to the total of all account balances within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in participant contributions plus earnings thereon. Effective December 1, 2013, participants vest in Company contributions and earnings thereon based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>

VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

1. DESCRIPTION OF THE PLAN – cont'd.

Vesting – cont'd.

Prior to December 1, 2013, participants vested in Company contributions and earnings thereon based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	50%
4 or more	100%

Upon termination of service due to death, disability, early retirement, or retirement at age 65, an employee becomes 100% vested in their matching and additional discretionary contribution accounts.

Forfeitures

Forfeitures of Company contributions are applied to reduce future Company contributions. Forfeitures become available for use in the year in which the forfeiture occurs. Forfeitures available for such reductions totaled \$141,802 and \$2,892 as of December 31, 2013 and 2012, respectively. The amount of forfeitures used to reduce Company contributions during the years ended December 31, 2013 and 2012 totaled \$68,727 and \$84,898, respectively.

Notes Receivable from Participants

Participants may borrow up to 50% of the vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may hold only one outstanding note at any given time. The notes are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Note repayments are to be made each pay period through payroll deductions. The interest rate for the duration of the note is comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within fifty seven months.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or attainment of age 59 ½, a participant (or their beneficiary, in the event of death) is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum or installments over a period not to exceed their assumed life expectancy, at the election of the participant. Upon termination of service, participants with vested account balances of less than \$5,000 will receive a lump sum distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. In-service withdrawals may be requested by a participant upon attainment of age 59 ½. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½.

VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

1. DESCRIPTION OF THE PLAN – cont'd.

Payment of Benefits – cont'd.

Distributions and withdrawals are subject to the applicable provisions of the Plan agreement. As of December 31, 2013 and 2012, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Plan Expenses

All administrative expenses are paid with assets of the Plan, unless paid by the Company, at its discretion. During the years ended December 31, 2013 and 2012, the Company paid a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Investment Valuation and Income Recognition – cont'd.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurements – cont'd.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Valued at amortized cost plus accrued interest, which approximates fair value.

Interest in fixed account: Provides a guaranteed interest rate for a specified period of time and invests in a general account of the Trustee. Due to contract provisions that place restrictions on the availability of contract funds, the Fixed Account is not considered fully benefit-responsive as defined by ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, and is, therefore, reported at fair value. The Trustee reports that fair value approximates contract value. Contract value represents contributions and reinvested income, less any withdrawals, expenses and other charges.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2013 and 2012, interest and dividend income and net appreciation in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustees of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

Prior to December 1, 2013, the Plan invested in shares of investment funds managed by entities related to ING. Effective December 1, 2013, certain plan investments were managed by Transamerica, the Custodian of the Plan, which is a related entity to the Trustee. The Plan allows participants to take out loans against their vested account balances. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. INCOME TAX STATUS

Prior to December 1, 2013, the Plan adopted a standardized prototype plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 7, 2001, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Effective December 1, 2013, the Plan adopted a standardized prototype plan with a deferral arrangement from Transamerica, which received a favorable opinion letter from the IRS dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. The prototype plan has been amended since receiving the last opinion letter.

VOCUS 401(k) PLAN

Notes to the Financial Statements For the Years Ended December 31, 2013 and 2012

6. INCOME TAX STATUS – cont'd.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2013 and 2012. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements.

The Plan is subject to routine audits by the Internal Revenue Service and Department of Labor; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to examinations for Plan years prior to 2010.

As a result, a number of layoffs were made and the Company is currently determining whether a partial plan termination occurred. As of the date of the report, there have been no decisions made as to whether the Plan will merge into a plan owned by GTCR.
