CHRISTIANSON AIR CONDITIONING AND PLUMBING RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Christianson Air Conditioning and Plumbing Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering substantially all employees of Christianson Air Conditioning & Plumbing (the Sponsor) who are 18 years of age or older and have one year of service with the Sponsor. The Retirement Plan Committee of the Board of Directors of the Sponsor controls and manages the operation and administration of the Plan and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions:
Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. Contributions are subject to certain IRS limitations.

The Sponsor's matching contribution is paid on a discretionary basis as determined by the employer and shall be limited to the specified percentage of each participant's deferred compensation. During the year ended December 31, 2013, the Sponsor matched 25% of the first 5% of employee contributions.

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on continuous service. Participants are 25% vested in the Sponsor's contribution upon two years of service and continue to vest at 25% per year until fully vested.

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The term of the loan shall not exceed five years, except for loans associated with the purchase of a primary residence, which may not exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at the published prime interest rate plus 1% on the day of the loan. A participant is permitted no more than one loan per calendar year and may have no more than two loans outstanding at any time. Loan repayments are made through payroll deductions, and each payment, which includes interest, is credited to the participant's loan account.

Payment of benefits:
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than the participant's, or participant's beneficiary's, assumed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited accounts:
At December 31, 2013 and 2012, forfeited non-vested accounts totaled $35,137 and $0, respectively. These accounts will be used to pay administrative expenses and/or reduce future Sponsor contributions. Forfeitures used during the years ended December 31, 2013 and 2012 amounted to $0 and $911, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash and cash equivalents:
The Plan considers all highly liquid debt instruments and short-term investments purchased with an original maturity of three months or less to be cash and cash equivalents.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable:
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 and 2012 excess contributions to the applicable participants prior to March 15, 2014 and 2013, respectively.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:
The Plan's management has evaluated subsequent events through September 12, 2014, the date on which the financials were available to be issued.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in the Sponsor contributions.

NOTE 4 – TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter; the Sponsor and the plan administrator believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

At December 31, 2013 and 2012, the Plan's investments were held by Lincoln Trust Company, the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information that is certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 6 – INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN – CONTINUED

Investments representing 5 percent or more of the Plan's net assets at December 31, 2013 and their comparable balances as of the end of the prior year are as follows:

	2013	2012
Investments:		
Franklin Income	$ 703,869	$ 511,958
Mainstay Large Cap Growth	794,387	605,903

Vanguard 500 Index Signal	1,526,043	1,148,418
Vanguard Mid-Cap Index	745,652	557,414
Investments that individually represent less than 5% of net assets available for benefits	3,906,342	4,213,420
Total investments	$ 11,266,904	$ 9,636,630

During the year ended December 31, 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,326,862.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 7 – FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Cash and cash equivalents: The interest-bearing cash account is issued by the custodian. Due to the nature of the interest-bearing cash account, there are no specific underlying assets assigned. Fair value of the interest-bearing cash account represents the amount that would be received if amounts were withdrawn at the reporting date.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2013 and 2012:

Fair Value Measurement at December 31, 2013:

	Level 1
Cash and cash equivalents	$ 77,045
Money market funds	661,677
Mutual funds:	
Blended funds	3,088,815
