NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2013

A. Description of Plan

The following description of the Sims Bros., Inc. 401(k) Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company and the related companies Sims Recycling, LLC, Triple Team Maintenance, Inc. and Triad Transport, Inc. who have six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to 86% of annual compensation, as defined in the Plan. For 2013, the Company contributed 100% of the first 3% of compensation plus 50% of elective deferrals between 3% and 5% that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. Additional contributions are allocated to participant accounts based on each participant's eligible compensation for the plan year. Contributions are subject to certain limitations. The matching Company contribution is invested in the same investments in the same percentages as the employee-directed contributions. At December 31, 2013, the Plan offered 23 different types of equity and fixed income mutual/trust fund investments.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce Plan expenses. Forfeitures for the year ended December 31, 2013 were \$959. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of Plan, Continued

The accompanying statement of net assets available for benefits includes \$118,808 and \$107,518 for terminated participants who had not been paid as of December 31, 2013 and 2012 respectively.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon are vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%

5. Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not exceed 5 years unless the loan is used to purchase a primary residence then a participant may have up to 30 years to repay the loan. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percentage point. At December 31, 2013 the notes are earning interest at rates ranging from 4.25% to 5.38%. Principal and interest is paid through payroll deductions.

6. Payment of Benefits

On termination of service, a participant whose vested account balance is less than \$5,000 and who has not returned completed distribution forms requesting an alternative form of payment can be required by the Plan to take a lump sum distribution. For vested balances greater than \$5,000 participants can elect to defer their distribution of benefits until age 70½.

B. Summary of Accounting Policies

1. Date of Management's Review
Subsequent events were evaluated through September 8, 2014, which is the date the financial statements were available to be issued.
2. Basis of Accounting
The financial statements are prepared using the accrual basis of accounting.
3. Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
4. Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Income from investments is recognized when earned. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of investments, which is composed of realized gain or loss on the sale of investments and the net unrealized increase or decrease in the fair value of the investments.
5. Participant Loans
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.
6. Payment of Benefits
Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2013

C. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. There were no Level 3 inputs.

Level 1 Fair Value Measurements

The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the assets in the collective investment trust, for which quoted market prices were not available, were primarily valued based on other significant observable inputs (including quoted market prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). There are no reserves against investments in the collective investment trust for credit risk of the contract issuer or otherwise.

D. Collective Investment Trust

The investment in the collective investment trust is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The collective investment trust is presented on the face of the Statement of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The average interest rate based on actual earnings and the rate credited to participants' accounts for the years ended December 31, 2013 and 2012 was 2.2% and 2.5%, respectively.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

G. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(a) of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan's sponsor has obtained a favorable tax determination letter from the Internal Revenue Service and believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

H. Party-In-Interest Transactions

The investment advisor to the Plan charges fees directly to the Plan for its services. Total fees paid to the investment advisor for the year ended December 31, 2013 were \$10,792. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has received certifications from the trustee that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- o Investments and participant loans, as shown in the Statements of Net Assets Available for Benefits and Note E as of December 31, 2013 and 2012.
- o Investment activity, as shown in the Statement of Changes in Net Assets Available for Benefits and Note E for the year ended December 31, 2013.
- o Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 (Unaudited).

As permitted by the election noted above, the Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
