Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by MG Trust Company, LLC and CMFG Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at Year End, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan:

The following brief description of the CoVantage Credit Union Capital Accumulation Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of CoVantage Credit Union (Company) working at least 1,000 hours per year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Qualifying employees are eligible to participate in salary deferrals on the first payroll following one year of service. Participants may change their elections each payroll period. Contributions may be made on a pretax basis or on a "Roth" deferral basis.

Contributions

Starting January 1, 2012, the Company provides a special employer matching contribution. The special matching contribution is 100% of the employee's salary deferrals up to 4% of annual wages. These contributions are 100% vested when the contribution is made.

In addition to the special employer matching contribution, the Company also makes a 100% matching contribution up to 4% of salary deferrals. If a participant is no longer employed at the end of the year, the participant shares in this matching contribution regardless of the number of hours worked in the plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions along with an allocation of the Company's nonelective contribution and Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants automatically become 100% vested upon death or termination due to disability.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting for the additional employer contribution (and employer contributions prior to January 1, 2013) is:

<u>Vesting Schedule</u>	
<u>Years of Service</u>	<u>Percentage</u>
0-1	0%
2	25%
3	50%
4	75%
5	100%

Transfers from other Qualified Plans (Rollovers)

At the discretion of the Plan Administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

**COVANTAGE CREDIT UNION
CAPITAL ACCUMULATION PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 1. Description of the Plan - Continued:

Benefits

Upon a participant's retirement, death, total disability or termination, the account balance shall be distributed to the participant or beneficiary in the form of a lump sum distribution, unless an alternate payment option is chosen. Installment and annuity payment options may be available per distribution payment terms defined in the Plan.

Participant Loans

A participant may obtain a loan for a minimum of \$1,000 which does not exceed the lesser of 50% of their vested account balance or \$50,000. Loan term may not exceed 5 years, except for loans for purchase of a principal residence. Interest rate is the prevailing interest rate for loans under like circumstances.

Forfeitures

Forfeited nonvested accounts were zero at December 31, 2013 and 2012. During 2013, forfeited nonvested accounts of \$3,224 were used to reduce employer-matching contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Valuation of Investments

The Plan holds investments in various mutual funds administered by Vanguard, common/collective trust investments administered by CMFG Life Insurance Company (CUNA Mutual Group), and investment contracts with insurance companies administered by CMFG Life Insurance Company. The mutual funds are reported at fair value based on the quoted market price of the fund which represents the net asset values of the shares held at year end. Money market funds are stated at cost, which equals fair value. Investments in U.S. government obligations are reported at fair value based on quoted market prices. Investments in common trust funds are valued at the purchase or redemption price of the shares of participation as determined by the trust sponsor. The fair value of the investments in the insurance company's pooled separate accounts is determined by the insurance company. Investment earnings are allocated to participating plans on a daily basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to use estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

**COVANTAGE CREDIT UNION
CAPITAL ACCUMULATION PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 2. Summary of Significant Accounting Policies - Continued:

Participant Loans

Loans are granted to participants at rates commensurate with local prevailing rates. Loans bear interest at 4.25% - 6.00%. Principal and interest are paid through payroll deductions on a bi-weekly basis. All are secured by the balance in the participant's account. Loans are presented as the total of principal plus accrued interest.

Note 3. Fair Value Measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 - consists of unadjusted quoted prices in active markets for identical assets,

Level 2 - consists of inputs observable in the marketplace other than quoted prices in active markets for identical assets, and

Level 3 - consists of significant inputs unobservable in the marketplace.

The Plan holds investments in various mutual funds administered by Vanguard, common/collective trust investments administered by CMFG Life Insurance Company (CUNA Mutual Group), and investment contracts with insurance companies administered by CUNA Mutual Group.

The mutual funds are reported at fair value based on the quoted market price of each fund which represents the net asset values of the shares held at year end (Level 1 inputs).

Investments in common/collective trust funds are valued at the purchase or redemption price of the shares of participation as determined by the trust sponsor, supported by the unit prices of actual purchase and sale transactions occurring near the financial statement date (Level 2 inputs).

Each of the five CUNA Mutual funds has a different objective. They are:

Diversified Equity - to provide capital growth with minimal current income.

Lifestyle Aggressive - to provide capital growth with modest current income.

Lifestyle Conservative - to provide current income with modest growth.

Lifestyle Income - to provide income with minimal capital growth.

Lifestyle Moderate - to provide capital growth with modest current income.

Investment contracts: The fair values of investment contracts have been estimated based on a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement dates (Level 3 inputs). These are presented at contract value. The Plan had two types of contracts - stable value account and guaranteed investment contract (until October 2013).

The Stable Value Account is a fixed, deferred group annuity. It provides guaranteed protection of principal with a set rate of return. The fund seeks a high level of current income consistent with preservation of capital by investing in U.S. government securities. The Stable Value Account is guaranteed by CUNA Mutual Insurance Society. Any administrative or investment management fees are deducted from credited interest rates.

**COVANTAGE CREDIT UNION
CAPITAL ACCUMULATION PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 3. Fair Value Measurements - Continued:

The Guaranteed Investment Contract (GIC) is a conservative investment contract. A single deposit is held for a defined period, such as 3 or 5 years, and receives a specific interest rate guaranteed for that period of time. Similar to a certificate of deposit (CD), if a withdrawal is made from the GIC prior to the end of the contract period, a penalty equal to six months interest is subtracted from the withdrawal. Unlike a CD, the early withdrawal penalty is not applied if the withdrawal is due to a loan, retirement, termination of employment, death or disability. A GIC's features are similar to a Stable Value account, but provide an extended interest rate guarantee. The GIC's interest rate is guaranteed by CUNA Mutual Insurance Society. CUNA Mutual invests primarily in corporate bonds, mortgage-backed securities, collateralized mortgage obligations, high quality commercial mortgage loans, municipal bonds and other high-grade fixed income securities. The average yield was 3%, calculated by dividing the annual earning rate, as of the final day of the period, credited to participants in the fund by the fair value of all investments in the fund. The GIC contract matured in October 2013.

The methods described above may produce a fair value calculation that may or may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Investment and derivative instruments measured at fair values on a recurring basis are summarized below:

CMFG Life Insurance Company (CUNA Mutual Group) administers the common/collective trust investments and investment contracts with insurance companies. CMFG Life Insurance Company is a related party because they also provide third-party administrative services to the Plan.

Loans receivable from plan participants and the related interest income are considered to be party-in-interest transactions.

CAPITAL ACCUMULATION PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 6. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated July 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize an income tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there were no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. With few exceptions, the Plan's federal returns are subject to examination for three years after being filed.

Note 7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that, such changes, could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Financial Information Certified by Custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-08 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedules.

The information certified by MG Trust Company, LLC, the custodian, as complete and accurate, is as follows:

1. Investments as reported in the statements of net assets available for benefits as of December 31, 2013 and 2012.
2. Investment income as reported in the statement of changes in net assets available for benefits for 2013, and
3. Assets held at December 31, 2013 and 2012.

The information certified by CMFG Life Insurance Company (CUNA Mutual Group), as complete and accurate, is as follows:

1. The statement of Stable Value Account and Guaranteed Investment Contract Account Activity.
2. The cash received and applied for the participant loans.
