Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Metric Engineering Savings and Retirement Plan (The "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management' Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2013 and 2012, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A. Description of the Plan

The following description of the Metric Engineering ("Company") Savings and Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have satisfied three months of service and are age twenty-one or older. This is a 401(k) deferred compensation plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Upon death or disability, the accrued benefits of the participants will be paid to the beneficiaries as designated by the participants.

Contributions

For the year 2013 and 2012 employees eligible to participate were permitted to make elected deferrals in any amount from 2% up to 75% of their pretax annual compensation, as defined in the Plan. However, for any calendar year the elective deferrals may not exceed a specific amount determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 8% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

Participant Account

Each participant's account was credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. In 2002 and thereafter the vesting was amended to 20% after two years, 40% after three years, 60% after four years, and 100% after five years of credited service.

Loans to Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, provided the loan is adequately secured and bears a reasonable rate of interest commensurate with local prevailing rates. Repayment should take place within a specified period of time within a range of 5 years or up to 10 years for the purchase of a primary residence. Principal and interest is paid biweekly through payroll deductions.

Note A. Description of the Plan - continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to either lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Upon termination of service, a participant's non-vested account balance is treated as forfeiture. Forfeitures are allocated to and reduce future employer contributions. Total forfeitures amounted to $17,993 and $9,589 for the year 2013 and 2012, respectively.

Note B. Summary of Accounting Policies

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices were used to value investments. Shares of mutual funds were valued at quoted market prices, which represented the net asset value of shares held by the Plan at year end. The participant loans are secured by vested account balances of borrowing participants, are valued at amortized cost, which approximates at fair value. See Note C for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions

During 2013 and 2012 there were excess employee contributions of $6,146 and $17,178, respectively.

Payments of Benefits

Benefits are recorded when paid.

Note B. Summary of Accounting Policies - continued

Subsequent Events

The Plan has evaluated subsequent events through August 21, 2014, the date the financial statements were available to be issued.

Note C. Investments

All of the Plan's investments are held in individual annuity contracts directed by each participant. Each annuity contract has a guaranteed interest minimum. The aggregate value of the minimum guarantee is $2,152,431 and $1,922,514 at December 31, 2013 and 2012, respectively.

The following presents the investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets.

Maxim Securefoundation Lifetime 2035 G1	-	817,527
Guaranteed Interest Account	$ 2,152,431	$ 1,922,514

During 2013 and 2012, the Plan's investments in shares of registered investment companies appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) by $661,196 and $655,966, respectively.

Fair Value Measurements

The Financial Accounting Standard Board Accounting Standards Codification provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note C. Investments – continued

Fair Value Measurements – continued

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2013.

Mutual funds and Money Market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed interest contract: Valued at fair value by discounting the related cash flows based on current yield of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note C. Investments – continued

Fair Value Measurements - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ 7,149,438	$ -	$ 7,149,438
Guaranteed Interest Contract	-	-	2,152,431	2,152,431

Total assets at fair value	$ -	$ 6,573,264	$ 2,107,933	$ 8,681,197

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Guaranteed Interest Contract	Participant Loans
Balance, beginning of year	$ 1,922,514	$ 185,419
Unrealized gains relating to instruments still held at the reporting date	-	-
Purchases, sales, issuances, and settlements (net)	229,917	78,581
Balance, end of year	$ 2,152,431	$ 264,000

Note D. Related Party Transactions

For the Plan years 2013 and 2012, there were no real estate or other related party transactions between the plan and the sponsor, plan administrator, or the employer.

Note E. Bonding Requirements

The Employee Retirement Income Security Act of 1974 requires fiduciaries of qualified benefit plans to be bonded with a bond equivalent to 10% of the assets held in the Plan at the beginning of the Plan year. The minimum bond is $1,000 and the maximum bond is $500,000. The Plan is in compliance with bonding requirements.

Note F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participates will become 100% vested in their accounts.

Note G. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2013 to Schedule H of Form 5500:

Net assets available for benefits per financial statements	$	9,614,596
Contributions receivable per financial statements as of 12/31/13		(33,941)
Corrective distributions payable per financial statements as of 12/31/13		6,146
Rounding difference		(3)
Net assets available for benefits per Schedule H of Form 5500	$	9,586,798

The following is a reconciliation of contribution revenues per the financial statements for the year ended December 31, 2013 to Schedule H of Form 5500:

Contributions received per financial statements	$	998,918
Contributions receivable per financial statements as of 12/31/12		35,227
Contributions receivable per financial statements as of 12/31/13		(33,941)
Contributions receivable per Schedule H of Form 5500 as of 12/31/12		(20,803)
Contributions received per Schedule H of Form 5500	$	979,401

Note H. Tax Status

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believe that the Plan is qualified and tax-exempt.

Note I. Administration of Plan Assets

The Plan assets, which consist of mutual funds, a guaranteed interest account, and participants' loans, are held by an insurance company.

Participants and employer contributions are held and managed (as directed by the participants), by the insurance company, which invest the cash received, interest and dividend income and make distributions to participants. The insurance company also administers the loans to participants.

Certain administrative functions of the Plan are performed by officers or employees of the sponsor. No such officer or employee receives compensation from the Plan. Fees for the accounting third party service company and for the audit are paid directly by the sponsor.

Note J. Contingencies

There were no unusual or infrequent events or transactions occurring subsequent to the balance sheet date that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note L. In-Service Distributions

During 2010 and 2009 there were several participants who received impermissible in-service distributions. At the time of the distributions the plan provisions did not allow in-service withdrawals. Efforts to collect the overpayment from the Participants, as required by Revenue Procedure 2008-50, were unsuccessful. Consequently, the plan sponsor elected to correct the overpayments by contributing the distributed amounts plus appropriate interest back in the Plan. The funds were recorded in an unallocated account that can be used to reduce employer contributions in the current and succeeding years. During 2012 $32,247 of these funds were used for employer contributions, this included earnings during the year. As of December 31, 2012, the entire balance available for this purpose had been used. In September 2010 the plan was amended to allow in-service distributions if the participant has a hardship, attained the normal retirement age or attained the early retirement age.

Note M. Reclassification

Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 presentation.
