Ironshore USA 401(K) Plan

Notes to Financial Statements

December 31, 2013

1. Description of Plan

The following description of the Ironshore USA 401(k) Plan (the Plan) provides general information about the Plan's provisions. Ironshore Holdings (U.S.) Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. New hires become eligible to participate in the Plan on the first day of each month. Eligible participants who do not elect to enroll in the Plan are automatically enrolled. They will be notified approximately 30 days prior to when the Company begins automatically deducting from their pay.

The Human Resources Department (HR) of the Company is responsible for the general administration of the Plan. Fidelity Investments Institutional Operations Company, Inc. is the trustee and the record keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. If automatically enrolled and not changed by the Participant, the deferral contribution rate will increase by 1% each year. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes 100% of the first 6% of compensation that a participant contributes to the Plan. Additional discretionary matching contributions, up to $10,200, may be contributed at the discretion of the Company. For 2013, 4% of W-2 base salary earnings were contributed. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes their election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 33 percent vested after one year of credited service, 66 percent vested after two years of credit service and 100 percent vested after three years of credited service.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participant's non vested accounts are retained in the Plan and can be used to reduce administrative expenses or to reduce future Company contributions. Unallocated forfeiture balances as of December 31, 2013 and 2012, were $252,684 and $163,801, respectively, and forfeitures used to reduce Company contributions for 2013 were $0.

Participant Loans

Participants may borrow from their accounts in increments of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, not less than $10,000. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The $50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-monthly payroll deductions. If a participant terminates employment with the Company, the entire outstanding principal and accrued interest shall be immediately due and payable.

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds $1,000 may elect to receive either a lump-sum or may elect installment payments on a quarterly or annual basis. A participant whose vested account balance is $1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Company include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statement and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Significant Accounting Policies (continued)

In accordance with ASC 820, *Fair Value Measurement,* assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2013	**2012**
	(In Thousands)	
Fidelity Freedom K 2035 Fund	**$ 3,368**	$ 2,326
Fidelity Freedom K 2025 Fund	**2,965**	2,700
Fidelity Freedom K 2030 Fund	**2,479**	2,239
Fidelity Freedom K 2040 Fund	**2,202**	1,596
Fidelity Freedom K 2045 Fund	**2,188**	(a)

(a) Investment is less than 5%

3. Investments (continued)

During 2013, the Plan's investments in mutual funds (including investments purchased, sold as well as held during the year) appreciated approximately $5,387,000 in fair value.

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Investments Institutional Operations Company, Inc., the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan.

- Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between Level 1, Level 2 and Level 3 of the fair value hierarchy for the disclosed period.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

[(a)]This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These common/collective trust funds share the common goal of first growing and then later preserving principal and contain a mix of US common stocks, US issued bonds and cash. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party Transactions

The Plan holds units of money market and mutual funds managed by Fidelity Investments Institutional Operations Company, Inc., the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2010.

8. Subsequent Events

Management evaluated subsequent events for the Plan through September 16, 2014, the date the financial statements were available to be issued.
