Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Vantage Oncology LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Principal holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the custodian is complete and accurate.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2013 and the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Vantage Oncology LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a tax qualified defined contribution plan covering substantially all employees of Vantage Oncology, LLC and Vantage Oncology Holdings, LLC, (collectively the "Plan Sponsor," the "Company" or "Vantage") who are age eighteen years or older, with entrance dates on the first day of the month upon becoming eligible. The Plan allows eligible employees to be automatically enrolled to contribute 3% of their pretax annual compensation, unless the participant affirmatively elects otherwise.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Benefits Committee, which is composed of four members appointed by the board of directors of Vantage.

Custodial and recordkeeping functions are performed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal" or "Custodian"). Certain members of executive management are the trustees of the Plan.

Effective August 16, 2013, Radiation Oncology Services of America, Inc. adopted the Vantage Oncology LLC 401(k) Plan and was added to the Plan as an adopting employer. All prior service with Radiation Oncology Services of America, Inc. is credited for all plan purposes. Effective September 1, 2013 and through September 30, 2013, the Vantage Oncology LLC 401(k) Plan allowed loans to transfer into the Plan for the employees of Radiation Oncology Services of America, Inc.

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation subject to statutory limitations (as defined by the Internal Revenue Code ("IRC") and subject to annual cost-of-living adjustment). Such limitation for 2013 was $17,500. The Plan allows participants age 50 and older to make additional salary deferrals (referred to as employee catch-up contributions), subject to legal limits of $5,500 in 2013. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans reflected as participants' rollover contributions in the statement of changes in net assets available for plan benefits.

Employer match contributions are discretionary; the amount of the contribution, if any, is determined by the Benefits Committee of the Company and for 2013 was 33%. The Plan does not allocate any match contributions on elective deferrals in excess of 6% of the participant's eligible compensation. This limit is applied on a cumulative basis each year and a true-up of a participant's share of the matching contribution occurs as of the last day of the Plan Year.

Participants direct the investments of their contributions and the employer match contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with participants' contributions, the employer match contributions, if any, and allocations of the Plan's earnings and charged with allocations of the Plan's gains/losses and with administrative fees associated with loan requests and/or other participant requests. Allocations are based on participant earnings or losses based on the specific investment options selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are 100% vested immediately in the amount of their contributions and actual earnings thereon. Vesting in the employer match contribution portion of their accounts, if any, is based on years of continuous service. A participant is 20% vested after two years, 40% vested after three years, 60% vested after four years, 80% vested after five years and 100% vested after six years of credited service.

Notes Receivable from Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant's account. Participants are permitted to borrow from their fund accounts a maximum amount, equal to the lesser of 50% of the participant's vested account balance or $50,000, reduced by the highest outstanding loan balance during the previous twelve month period. Participant loans are to be repaid within 5 years, unless the loan is for a principal residence, in which the repayment period must be a reasonable period of time, as determined a the date the loan is made. Participants are allowed to have two outstanding loans at any one time. Participant loans bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Sponsor at the time of the loan. Principal and interest are paid ratably through payroll deductions. Participant loans mature on various dates through October 2023 with interest rates ranging from 4.25% to 8.25%. Initial loan fees of $40 and quarterly loan fees of $8.00 are deducted from participant accounts for each loan.

Distribution of Benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in equal installments over a period of time. For termination of service for other reasons, a participant may elect to receive the value of their vested account balance from the Plan. In addition, participants are allowed to take in-service withdrawals upon attainment of age 59 ½. Hardship distributions are also permitted if certain criteria are met.

Participants with an account value of $1,000 or less who do not elect a distribution will receive a lump-sum distribution of the participant's vested account balance as soon as practicable following termination.

Following termination, if the participant's vested account balance is greater than $1,000 but does not exceed $5,000, the Plan may notify the participant of its intent to automatically rollover the entire balance to a qualified Individual Retirement Account ("IRA"), unless specific distribution instructions are received from the participant within the time frame stated in the notice. The Plan has entered into an agreement with an IRA provider to establish IRAs to receive mandatory

distributions from the Plan. For participants with account balances in excess of $5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Forfeitures

Forfeitures are retained in the Plan and will first be used to pay administrative expenses under the Plan and then to reduce future employer contributions payable under the Plan. As of December 31, 2013 and 2012, forfeitures available were $234,237 and $158,804, respectively. A total of $54,984 in forfeitures were used to offset 2013 employer contributions during the year ended December 31, 2013.

Administrative Expenses

The Plan's expenses are generally paid by the Plan Sponsor as noted in the Plan document, except for charges relating to the processing of loans, and transfers made between funds, which are directly paid by the Plan from each respective participant's account. During 2013, $8,312 was paid from the forfeiture account for certain Plan related expenses. Total fees paid by the Plan for the year ended December 31, 2013 were $12,856. There is no guarantee that the Plan Sponsor will continue to pay the Plan's expenses.

Subsequent Events

Management has evaluated subsequent events through September 15, 2014, the date the financial statements were available to be issued and has determined that there were no material events requiring recognition or disclosure.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Such investment options are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment

securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Plan invests in various funds that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Guaranteed Investment Contract

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract values, if required. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

The Custodian certified the contract value of the Principal Life Insurance Company Fixed Income Guaranteed Option investment contract as of December 31, 2013 and 2012 (see Note 6). The fair value of such investment as of December 31, 2013 and 2012 was $1,026,495 and $793,040, respectively. The fair value has been estimated by management in the absence of readily determinable fair values.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the year or at the time of purchase for assets purchased during the year and the related fair value on the day investments are sold with respect to realized gains and losses, and on the last day of the year with respect to unrealized gains and losses. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Plan Benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurement

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2013 and 2012. Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end based on quoted market prices.

Pooled separate accounts: Units held in pooled separate accounts are valued at the unit value as reported by the investment manager based on quoted market prices of the underlying investments held at year end.

Guaranteed interest account: The guaranteed interest account is stated at fair value which represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

(4) These funds invest in a balance of equity and fixed income securities.

(5) These funds invest in short-term, fixed-income investment options that are largely liquid and are designed to not lose much value.

The remainder of this page intentionally left blank.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

Guaranteed Interest Account:	
Estimated fair value, beginning of year	$ 793,040
Purchases	979,707
Net investment income	11,917
Distributions	(799,908)
Value adjustment	41,739
Estimated fair value, end of year	$ 1,026,495

Unrealized gains/(losses) from the guaranteed interest account are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for the purposes of the net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Type	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Interest Account	$1,026,495	Discontinuation Value	Composite Credit Rate	**
			Surrender Charge	5%

** The Composite Crediting Rate history for the contract is as follows:

Time Period	Rate
December 1, 2012 - May 31, 2013	2.10%
June 1, 2013 - November 30, 2013	2.00%
December 1, 2013 - May 31, 2014	2.00%

4. Guaranteed Investment Contract with Principal Life Insurance Company

Principal Life Insurance Company Fixed Income Guaranteed Option is a benefit-responsive group annuity contract issued by Principal Life Insurance Company. Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate or 1%. Changes in future interest crediting rates will not affect the amount reported as an adjustment from fair value to contract value on the statements of net assets available for Plan benefits for the portion of net assets attributable to fully benefit-responsive investment contracts.

The Principal Life Insurance Company Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. The average yield earned by the plan is the yield earned (i.e. interest credited) on the group annuity contract.

The interest rate history summarized above is prior to any plan-level recordkeeping expenses being deducted.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity. Most participant transactions are executed using contract value, therefore, contract value is a good proxy for fair value.

For the year ended December 31,	2013
Mutual funds	$ 748,376
Pooled separate accounts	3,306,060
Net appreciation in fair value of investments	$ 4,054,436

6. Information Certified by the Custodian

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Fair value of investments, including the fair value of the guaranteed interest account, as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2013 and 2012;
- Contract value of the guaranteed investment contract, the Principal Life Insurance Company Fixed Income Guaranteed Option, at December 31, 2013 and 2012;
- Notes receivable from participants, as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2013, and 2012;
- Net investment income and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2013;
- Investment values and income as disclosed in Notes 3 and 5, including the fair value of the guaranteed interest account;
- Investments, including the fair value of the guaranteed interest account, and notes receivable from participants, as reflected in Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013.

The Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Tax Status

The Plan adopted the Datair Employee Benefit Systems Inc., Volume Submitter Profit Sharing Plan with CODA, a prototype plan, on August 21, 2012 which became effective as of September 4, 2012. This prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which stated that the prototype plan is in compliance with

applicable sections of the IRC. The Plan has been amended and the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for federal or state income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has been amended and the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2010.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its employer match contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, affected participants will become 100% vested in all of their accounts. The Plan Sponsor will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Custodian.

9. Related Party Transactions

Certain Plan investments are managed by the Custodian of the Plan and or affiliates of the Custodian and therefore, these transactions qualify as exempt party-in-interest transactions as defined by ERISA. There were certain transaction fees paid by the Plan to the Custodian for the year ended December 31, 2013. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

10. Late Remittances

The Plan Sponsor was delinquent in remitting contributions and loan repayments during the Plan year ended 2013 in the aggregate amount of $31,666. As these remittances were remitted on a date later than that required by the Department of Labor's Regulation 2510.3-102, they are reported on Form 5500 - Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2013. The Company funded the lost earnings on the late remittances to the Plan and filed the required Form 5330 with the IRS during the 2014 Plan year.
