NOTES TO FINANCIAL STATEMENTS

December 31, 2013

1. DESCRIPTION OF PLAN

The following description of the **Metalisa Tuscaloosa, Inc.**, (the “Company”) **401(k) Retirement Savings Plan** (the “Plan”) provides only general information. For a more complete description of the plan’s provisions, refer to the agreement governing the Plan.

General

Effective July 31, 2013, the name of the Plan was changed from ISE 401(k) Retirement Savings Plan to Metalisa Tuscaloosa, Inc., 401(k) Retirement Savings Plan. The Plan is a defined contribution Plan that covers all employees of the Company who are age 18 or older, and are not considered the following: a “leased employee” under IRS rules and covered under a pension plan sponsored by the leasing organization, non-resident aliens, co-op students, illegal aliens, union employees or apprentices and represented for collective bargaining purposes. The Plan was established on July 1, 2003, and is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code (the “Code”) with a cash or deferred arrangement qualified under Section 401(k) of the Code. Pursuant to the requirements of Section 401(a)27 of the Code, the Plan is also a Profit Sharing Plan.

The Plan is administered by the Company. The assets of the Plan are held and invested by Frontier Trust Company (“the custodian”).

Contributions

Participants may contribute into the Plan on a pre-tax basis up to 100% of their annual compensation, as defined by the Plan. The contribution is subject to a maximum of \$17,500 for 2013. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions on a pre-tax basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, exchange traded funds and money market funds as investment options for participants. During 2013, the Company contributed a discretionary match that was 100% of the first 4% of a participant’s base compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant’s account.

(continued)

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in matching contributions after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$-0- and \$1,526, respectively. Also, in 2013, \$7,254 from forfeited nonvested accounts was used to pay Plan expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(continued)

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Participant loans are recorded on the financial statements as notes receivable from participants at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for loan origination fees associated with notes receivable from participants, the plan sponsor pays the Plan's administrative expenses in excess of the forfeitures used to pay these expenses. For the year ended December 31, 2013, these expenses amounted to \$27,496.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian of the Plan assets, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

	<u>2013</u>	<u>2012</u>
Information certified by Frontier Trust Company:		
Mutual funds and exchange traded funds	\$ 3,200,092	\$ 2,368,711
Money market funds	94,104	85,001
Notes receivable from participants	224,800	108,119

The custodian also certified to the completeness and accuracy of \$494,074 of net appreciation in fair value of investments, \$105,890 of interest and dividend income related to the aforementioned investments, and \$8,197 of interest income on notes receivable from participants for the year ended December 31, 2013.

(continued)

4. INVESTMENTS

The table below presents the individual investments that exceeded 5% of the Plan's net assets available for benefits at December 31, 2013 and 2012. All Plan assets are participant directed.

	<u>2013</u>	<u>2012</u>
Mutual funds and exchange traded funds:		
T. Rowe Price Equity Income	\$ 1,150,213	\$ 886,956
T. Rowe Price Growth Stock	181,334	**
Vanguard Total Bond Market Index	**	131,031
Wisdom Tree MidCap Earnings	180,056	**

** Investments did not represent 5% or more of the Plan's net assets available for benefits.

During the Plan year ended December 31, 2013, the Plan's investments (including investments bought, sold, and held during the years) increased in value as follows:

<u>Investments</u>	<u>Amount</u>
Mutual funds and exchange traded funds	<u>\$ 494,074</u>

5. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

(continued)

5. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds and exchange traded funds: Valued at the net asset value of shares held by the Plan at year end.

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

<u>Assets at Fair Value as of December 31, 2013</u>

6. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Frontier Trust Company, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$22,568 for the year ended December 31, 2013. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. TAX STATUS OF THE PLAN

Effective March 31, 2008, the Plan adopted a non-standardized form of a prototype plan sponsored by Benefit Professionals, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

(continued)

8. TAX STATUS OF THE PLAN (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 31, 2013 and 2012, and for the year ended December 31, 2013, no significant differences existed between the financial statements and Form 5500.

11. NET ASSETS AVAILABLE FOR BENEFITS

Net assets available for benefits at December 31, 2013 and 2012, include \$-0- for both years, respectively, allocated to the accounts of persons who, as of or prior to that date, had withdrawn from the Plan, but have not been paid.

12. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through September 3, 2014, the date which the financial statements were available to be issued.
