## DEVCON SECURITY SERVICES CORP. 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 1 ) Description of plan

The following description of the Devcon Security Services Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, which are available from the plan administrator, for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan sponsored by Devcon Security Services Corp. (the "Company") for the benefit of its full-time employees who completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees has overall responsibility for the operation and administration of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitored investment performance.

Effective August 2, 2013, the Company was acquired by ADT, LLC, which resulted in a change in ownership of the Company. As a result of the acquisition, the Board of Trustees of the Plan voted to merge the Plan into the ADT Corporation Retirement Savings and Investment Plan (the "Successor Plan"), a defined contribution plan sponsored by ADT, LLC (Note 8).

**Contributions** - Participants were permitted to contribute up to 100% of pretax annual compensation, as defined in the plan document through December 7, 2013. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who were making contributions to the Plan, were allowed to make catch-up contributions as defined in the plan document. The Company could make a discretionary profit sharing contribution to the Plan. The Company made no such contributions in 2013 and 2012. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

**Participant investment account options** - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan offers various pooled separate accounts and a fixed account as investment options for participants.

**Participant accounts** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

**Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant was 100% vested after six years of credited service. All participants became 100% vested in the Company's contributions as of December 31, 2013 (Note 8).

**Notes receivable from participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bare interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

### NOTES TO FINANCIAL STATEMENTS

#### ( 1 ) Description of plan (continued)

**Payment of benefits** - On termination of service due to death, disability or retirement, or other reasons, a participant is allowed to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, unless the participant elects otherwise. For termination of service due to other reasons, a participant is allowed to receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts** - At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$12,743 and \$16,083, respectively. These accounts are to be used to reduce future employer contributions and/or used to pay Plan's administrative expenses. Also, for the years ended December 31, 2013 and 2012, administrative expenses totaling \$16,500 and \$6,515, respectively, were paid from forfeited nonvested accounts.

#### ( 2 ) Summary of significant accounting policies and subsequent event

**Basis of accounting** - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presented fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if applicable. The statements of changes in net assets available for benefits are prepared on a contract value basis.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Investment valuation and income recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determined the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year.

## DEVCON SECURITY SERVICES CORP. 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 2 ) Summary of significant accounting policies and subsequent event (continued)

**Notes receivable from participants** - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses was recorded as December 31, 2013 or 2012. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

**Unit values** - Individual participant accounts for the pooled separate investments were maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

**Payment of benefits** - Benefits are recorded when paid.

**Administrative expenses** - Certain expenses of the Plan are paid by the Company and were not included in the statements of changes in net assets available for benefits. Investment related expenses were included in net appreciation in fair value of investments.

**Transfer in** - The Pinnacle Security, LLC 401(k) Plan, a plan which was sponsored by a related party, was merged into the Plan on January 1, 2013 at which time its employees became eligible to participate in the Plan. On May 28, 2013, participant accounts totaling \$656,648 were transferred from the Pinnacle Security, LLC 401(k) Plan to the Plan.

**Transfers out** - On November 19, 2013, two divisions of the plan sponsor were sold to an unrelated entity. As a result, effective December 12, 2013, participant loan balances totaling \$81,744 were transferred from the Plan to the defined contribution plan sponsored by the unrelated entity and the investment account balances of affected participants were recorded in benefit payments.

On January 7, 2014, participant accounts totaling \$3,045,640 were transferred from the Plan to the Successor Plan.

- Schedule of assets (held at year end)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**( 5 ) Fair value measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

### NOTES TO FINANCIAL STATEMENTS

#### ( 5 ) Fair value measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1      Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.
- Level 2      Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that were observable for the asset or liability; inputs that were derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability had a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2013 and 2012.

*Fixed account:* Valued utilizing inputs and a formula provided by ING to determine the fair value, including the credited rate, account balance and any market value adjustments or surrender charges. Determining fair value could require significant judgment and the use of information that could not be observable to market participants.

*Pooled separate accounts:* Valued at the Net Asset Value ("NAV") of units of the separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) could occur daily.

Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described could produce a fair value calculation that could not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting dates.

### NOTES TO FINANCIAL STATEMENTS

#### ( 5 ) Fair value measurements (continued)

The fair value of the investments in the pooled separate accounts is estimated using the NAV of the investments. The pooled separate accounts listed in the above charts were redeemed on a daily basis and did not have any redemption restrictions. Additionally, there were no unfunded commitments.

#### ( 6 ) Fixed account with insurance company

The Plan has a benefit-responsive fixed account with ING. ING maintained the contributions in a general account. The account is credited with earnings on the underlying investments and was charged for participant withdrawals and administrative expenses. The fixed account issuer is contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The minimum crediting rate is 1.5%. The "Floor" crediting interest rate is declined annually for each calendar year and applies to all balances.

Because the fixed account is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed account. The fixed account is presented on the face of the statements of net assets available benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, is reported to the Plan by ING, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$650,332 and \$1,386,023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but could not be less than 2.60% through December 31, 2013.

Certain events limited the ability of the plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan.) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, in the event of a full or partial contract surrender, a contractually determined market value adjustment may be applied. The plan administrator did not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants were probable of occurring.

The fixed account did not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The fair value, average yield, and crediting interest rate as of and for the years ended December 31, 2013 and 2012 for the fixed account were as follows:

|                         | December 31, |              |
|-------------------------|--------------|--------------|
|                         | 2013         | 2012         |
| Fair value              | \$ 650,332   | \$ 1,386,023 |
| Average yield           | 2.60%        | 3.25%        |
| Crediting interest rate | 2.60%        | 2.60%        |

## DEVCON SECURITY SERVICES CORP. 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS

#### **( 7 ) Exempt party-in-interest transactions**

Certain Plan investments are shares in pooled separate accounts managed by ING. The Plan also utilized the services of Barron Benefit Advisors, Inc. ("Barron"). ING is the Custodian as defined by the Plan and Barron is the third party administrator, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in the fair value of the investments, as they were paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of approximately \$20,500 and \$11,965 for the years ended December 31, 2013 and 2012, respectively, which were not covered by revenue sharing. Additionally, the Plan paid \$7,500 to another service provider for auditing services during the year ended December 31, 2013. The plan sponsor paid directly any other fees related to the plan's operations.

#### **( 8 ) Plan merger**

During 2013 the Board of Trustees of the Plan voted to merge the Plan into the Successor Plan. In connection with the merger and immediately prior to the transfer of plan assets to the Successor Plan which occurred in early 2014, all participants' account balances became 100% vested.

#### **( 9 ) Tax status**

The Internal Revenue Service has determined and informed the Company by letter dated May 16, 2011, that the Plan and related trust were designed in accordance with the applicable sections of the IRC. Although the Plan was amended since receipt of this letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America required the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2013, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

#### **( 10 ) Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS

### ( 11 ) Excess contributions refundable

Contributions received from participants for the year ended 2012 are net of payments of \$11,282 made in January and April 2013 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2012, \$11,282 was included in the Plan's statements of net assets available for benefits as excess contributions refundable.

### ( 12 ) Delinquent participant contributions

Sponsors of defined contribution plans are required to remit employee contributions, including participant note repayments, to the Plan as soon as they can be reasonably segregated from the sponsor's general assets. Contributions, which included participant note repayments, totaling \$20,323 were not remitted within the required time for the year ended December 31, 2013, and \$13,851 for the year ended December 31, 2012. During the year ended December 31, 2013, the Company remitted these delinquent employee contributions, including any lost earnings as a result.

### ( 13 ) Reconciliation to form 5500

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2013 and 2012 to Form 5500:

Certain income and expense line items reported on Schedule H of Form 5500 for the year ended December 31, 2013 were reclassified on the accompanying statement of changes of net assets available for benefits. These reclassifications had no impact on net assets available for benefits at December 31, 2013, or changes in net assets available for benefits for the year then ended.

### ( 14 ) Subsequent events

The Plan has evaluated subsequent events through September 9, 2014, which is the date the financial statements were available to be issued. Other than the matter as disclosed in Note 2 to the financial statements, no other significant matters were identified for disclosure during this evaluation.
