INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants in the
Skadden, Arps, Slate, Meagher & Flom Savings Plan
New York, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Skadden, Arps, Slate, Meagher & Flom Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2013 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Skadden, Arps, Slate, Meagher & Flom Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: Effective November 8, 1979, Skadden, Arps, Slate, Meagher & Flom, LLP (the "Employer") adopted the Plan to provide non-legal employees with a systematic program of personal savings. The Plan was amended effective April 1, 1985 to include legal employees (associate attorneys and special counsel) and, as of January 1, 1992, to include partners. Effective May 1, 2001, employees can elect to become participants in the Plan at any time following date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions: Participants may elect to make salary reduction contributions up to a maximum of 60%. Participants also may elect to contribute after-tax contributions up to a maximum of 60% of their gross eligible compensation. The Plan allows participants to contribute Roth elective deferrals up to a maximum of 60% (for both support staff and legal staff). However the aggregate of pre-tax, after-tax, and Roth 401(k) contributions may not exceed 60% of gross eligible compensation.

The Employer makes a basic 4% contribution to the Plan for support staff and firm directors and a basic 3% contribution to the Plan for counsel and those legal employees who are non-highly compensated employees (earned less than $115,000 in 2013 and 2012). These employees become eligible for the applicable basic contribution the January 1 or July 1 following the completion of one Year of Eligibility Service (a 12-month period from date of hire during which a minimum of 1,000 hours are worked). These basic contributions are made to applicable participants' individual accounts regardless of whether they make contributions to the Plan.

The Employer also makes an additional 4% contribution to the Plan for support staff following the completion of one Year of Eligibility Service.

As required by the Tax Reform Act of 1986 and subsequent legislation, the Plan was amended, effective April 1, 1987, to limit annual employee salary reduction contributions for calendar years subsequent to 1986 ($17,500 for 2013, after adjustments for periodic cost-of-living increases). The Plan, as amended, qualifies under Section 401(k) of the Internal Revenue Code (the "Code") as a cash or deferred arrangement plan.

As further required by the Tax Reform Act of 1986 and subsequent legislation, the Plan was amended, effective January 1, 1989, to limit the amount of "Compensation" to be taken into account under the Plan ($255,000 for 2013, after adjustments for periodic cost-of-living increases).

Participants also may roll over eligible distributions received from other qualified retirement plans.

Participant Accounts: Individual accounts are maintained for each Plan participant. Participant accounts are credited with the employee contributions, the Employer contributions, and investment gains. Participant accounts also are debited with withdrawals, expenses and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants' contributions, together with any earnings attributable thereto, vest immediately. Participants are immediately vested in basic employer contributions, together with any earnings attributable to such contributions, made on their behalf. Effective January 1, 2010, participants will become 100% vested in additional basic employer contributions and related earnings upon the completion of three years of service. Participants are fully vested if while actively employed they attain age 65, become totally and permanently disabled or pass away.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Upon participants' termination of employment, Employer contributions which are not vested, together with any earnings attributable thereto, become forfeitures. Forfeitures are applied to reduce future Employer contributions. Under certain conditions provided for in the Plan, active participants may withdraw funds against their vested interests in the Plan.

Payment of Benefits: Participants' vested interests in the Plan are paid to them or their beneficiaries upon retirement, termination of employment, death, or disability. Participants may elect to receive their distributions in one lump sum or in installments over a period of not more than fifteen years. Terminated participants with vested account balances in excess of $5,000 also may elect to defer receipt of their benefit until the April 1 of the year following the year they attain age 70½.

The ultimate benefit to be received by a participant depends on the aggregate amount contributed for the participant over the years and the investment results allocated to the participant's individual account.

Forfeited Accounts: At December 31, 2013 and 2012, forfeited nonvested accounts totaled $188,007 and $121,596, respectively. During the year ended December 31, 2013, forfeitures were not used to reduce Employer contributions.

Investments: Participants may elect to invest any portion of their account in one or a combination of investment portfolios. Participants may change the way their account is invested as often as they wish. Investment options include several mutual funds, collective trusts, and a self-directed brokerage account.

Administrative Costs: Certain administrative expenses and fees for custody charges are paid by the Employer. Effective October 1, 2012 the Plan instituted an annual fee of $60 per participant, charged to each participant's account on a quarterly basis, for administrative and recordkeeping expenses. See Notes 2 and 5 for a description of administrative expenses paid for by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in the mutual funds and collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Contributions: Contributions made by the Plan participants and by the Employer are recorded in the Plan year to which they relate.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan utilizes various investment instruments, including mutual funds and collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, Plan management believes it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Collective trusts: The fair values of participation units held in collective trusts are based on the net asset values ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs).

The T. Rowe Price Growth Stock Trust fund invests at least 80% of net assets in the common stocks of a diversified group of growth companies with increasing dividends and strong cash flow. The fund seeks long-term capital growth and increasing dividend income. NAV is calculated daily and unit holders are required to provide 90-day advance written notice to the trustee prior to redemption of units. The notice period may be shortened or waived by the trustee in its sole discretion.

The Columbia Trust Bond Index Fund that was held at December 31, 2012 invested in another collective trust with a similar investment objective. The fund's investment objective was to approximate as closely as possible the total return of the Barclays Capital U.S. Aggregate Bond Index. The NAV of the fund was determined daily and units could be issued and redeemed on any business day at the daily unit value. The Plan no longer holds this investment at December 31, 2013.

The RiverSource Trust Short Duration US Government Fund II invests in another collective trust with a similar investment objective. The fund's investment objective is to provide a high level of current income and safety of principal consistent with investments in U.S. government and government agency securities. The NAV of the fund is determined daily and units can be issued and redeemed on any business day at the daily unit value.

The Columbia Trust Money Markey Fund A invests in another collective trust with a similar investment objective. The underlying fund invests primarily in U.S. government and agency obligations. The fund's investment objective is to seek to preserve capital and to maximize liquidity and current income. The NAV of the fund is determined daily and units can be issued and redeemed on any business day at the daily unit value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The self-directed brokerage accounts are recordkept by Wells Fargo, and since five of the underlying investments are issued by Wells Fargo, they are considered a party-in-interest transaction. Certain fees were paid by the Plan directly and indirectly to Wells Fargo for investment management and custodial services. These fees qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer (who may also be participants in the Plan) at no cost to the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

(Continued)

NOTE 7 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated June 5, 2012, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receipt of the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through September 12, 2014, which is the date the financial statements were available to be issued.
