NOTE 1. DESCRIPTION OF PLAN

Ace-Mart Restaurant Supply Company, Inc. ("Employer") adopted the Ace Mart Restaurant Supply Co. 401(k) Plan ("Plan") effective January 1, 1998 and restated the Plan effective June 1, 2009. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time employees of the Employer who have completed three months of service effective June 1, 2009. Prior to June 1, 2009, the age requirement was eighteen. Prior to September 1, 2008, the service requirement was twelve months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Effective August 1, 2009, the Plan initiated a 2% automatic deferral feature for all eligible employees. Effective October 1, 2010, the automatic deferral feature increased from 2% to 3% and will increase by 1% each year on the participant's anniversary date to a maximum of 6%. Employees may elect out of the automatic increase feature and/or the automatic deferral feature at their discretion. In addition, any previously participating employees may elect to participate in the automatic increase feature.

Each year, participants may contribute between 1% and 75% of their pre-tax salary and participants may also contribute after tax amounts up to the maximum amount allowable not to exceed the limits of Code Section 401(k). Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions.

Employer Match

Prior to June 1, 2012, the employer match was 50% of each employee's pre-tax contribution up to a maximum employee contribution of 6%. Effective June 1, 2012, the employer match increased to 50% of each employee's pre-tax contribution up to a maximum employee contribution of 8%.

The Employer may make a discretionary match contribution to the Plan. The Employer did not make a discretionary match contribution for the year ended December 31, 2013.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) the employer's matching contribution, (c) the allocation of the employer's discretionary contribution, (d) Plan earnings, and is charged with an allocation of transactional expenses related to the investment funds. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contributions and discretionary contributions plus actual earnings thereon is based on years of credited continuous service. Prior to October 1, 2010, participants vested over six years at 20% per year starting in year two. Effective October 1, 2010, vesting changed to four years of credited continuous service as follows:

Years of Service	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants

Participants may borrow a minimum of $500 up to a maximum of 50% of their vested account balance or $50,000, whichever is smaller. The remaining 50% of the participants account is used as collateral against the borrowed amount and, therefore, an allowance for losses on notes receivable from participants is not considered necessary. The notes have interest rates ranging from 4.25% to 10.25%. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures reduce the Employer's contribution. Forfeitures used for the year ended December 31, 2013 totaled $7,847.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct contributions among investment options which offer varying levels of investment risk and diversity.

Participants can change their investment options and allocation percentages on a daily basis.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participant balances of $1,000 or less are automatically distributed to participants upon termination. Participant balances that are greater than $1,000 but less than $5,000 will be transferred to an E*Trade IRA account unless directed otherwise by the participant.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present the net assets available for benefits and the changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America. Modifications to the cash basis of accounting include valuing the investments of the Plan at fair value and recording corrective contributions and distributions.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Gains and losses are calculated on a moving average and use a current value cost basis.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Management has evaluated the notes and believes that they are collectible. Accordingly, no allowance for doubtful accounts has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan sponsor absorbs certain administrative expenses of the Plan.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3. CERTIFIED INVESTMENT INFORMATION

At December 31, 2013 and 2012, the Plan's investments, including notes receivable from participants, were held by DWS Trust Company. Investments that represent 5% or more of the Plan's net assets are identified separately.

The fair values of investments as of December 31, 2013 and 2012 are based on information certified by DWS Trust Company as complete and accurate in accordance with Section 2520.103-8 of the Employee Retirement Income Security Act of 1974.

NOTE 4. FAIR VALUE MEASUREMENTS

The Fair Value Measurements Topic of the FASB Accounting Standards Codification defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under this Topic have been included in this note.

Fair Value Hierarchy

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at the closing price reported on the active markets on which the funds are traded.

Common/collective trusts: Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value at December 31, 2013			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,006,287	$ -	$ -	$ 8,006,287
Common/collective trusts	-	197,498	-	197,498
Total Investments at Fair Value	$ 8,006,287	$ 197,498	$ -	$ 8,203,785

	Investments at Fair Value at December 31, 2012			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,481,999	$ -	$ -	$ 6,481,999
Common/collective trusts	-	202,367	-	202,367
Total Investments at Fair Value	$ 6,481,999	$ 202,367	$ -	$ 6,684,366

There were transfers out of Level 2 investments totaling $44,104 and transfers into Level 2 investments totaling $17,540. The transfers were made by participants to stable value funds, which are part of the common/collective trusts, in order to stabilize earnings on investments. Transfers are recognized as they occur.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6. TAX STATUS

The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and received a determination letter on March 31, 2008. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7. CONCENTRATIONS OF CREDIT RISK

The Plan invests in various investment securities which are not guaranteed by any federal depository insurance. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits. Any significant concentration of credit risk to the specified investments in the registered investment companies may subject the Plan's investments to economic changes occurring within those industries in which the registered investment companies have invested.

NOTE 8. PARTY-IN-INTEREST

Plan investments are managed by DWS, who is the trustee as defined by the Plan. Administrative expenses paid to the trustee for the year ended December 31, 2013 totaled $6,218. These transactions qualify as party-in-interest transactions.

NOTE 9. PROHIBITED TRANSACTIONS

During 2013, it was determined the Plan failed to withhold and remit certain employee deferrals to the Plan in a timely manner totaling $1,360. The Plan has not included any amounts in corrective contributions receivable for lost earnings as of December 31, 2013.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 22, 2014, the date the financial statements were available to be issued.
