1. DESCRIPTION OF PLAN

The following description of the Genesee & Wyoming Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established as a participant-directed defined contribution plan for certain employees of Genesee & Wyoming Inc. (the Company), on January 1, 1994. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration
The Company sponsors the Plan and the Benefit Committee administers the Plan. Fidelity Management Trust Company is trustee of the Plan's assets and provides recordkeeping services.

Eligibility
Under the provisions of the Plan, all those employees of the Company on November 1, 1993, except for those employed under collective bargaining agreements, became Plan participants. All other employees, except for those employed under collective bargaining agreements that have not separately bargained to be allowed to participate, become eligible to participate in the Plan on the first day of the quarter following their date of hire. Employees become eligible to receive employer-matching contributions on the first day of the quarter following the completion of one year of service.

Contributions
The Plan allows for participant contributions up to 100% of their total compensation on a pretax basis (Compensation Deferral), not to exceed the maximum contribution limit established by the Internal Revenue Code (IRC). The Company contributes to the Plan for non-union employees an amount equal to 100% of the employee's Compensation Deferral, not to exceed 4% of the employee's pretax compensation. The Company contributes amounts to the Plan for collectively bargained employees in accordance with matching formulas specifically agreed to in those collective bargaining agreements.

The Company may contribute an additional amount to the Plan as determined by the Board of Directors, based on the earnings of the Company, although the Company has no obligation to do so. No discretionary contributions were made in 2013 or 2012. Participant and Company contributions and earnings attributable thereto are immediately fully vested and are not subject to forfeiture.

Participant Accounts
Participants direct the investment of their contributions and the Company's matching and discretionary contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) the Company's discretionary contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in all contributions and earnings thereon credited to their account.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon.

Benefits Paid to Participants
Upon retirement, death, disability or termination of service, a participant receives a lump-sum distribution equal to his or her vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2% on the date the loan is issued from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are stated at fair value, as reported by the trustee. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both realized and unrealized gains or losses on the Plan's investments.

Fair Value Measurements - Definition and Hierarchy
Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)
The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Administrative Expenses
The Company pays substantially all administrative expenses of the Plan.

Notes Receivable from Participants
Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth	$ 20,304,481	$ -	$ -	$ 20,304,481

Money market funds	3,678,541	-	-	3,678,541
Total assets at fair value	$ 42,191,003	$ -	$ -	$ 42,191,003

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 and 2012.

Mutual funds: valued at fair value based on quoted market prices.

Money market funds: valued at fair value based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS

The Plan obtained its latest determination letter on July 8, 2010 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the Plan Administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

As of December 31, 2013 and 2012, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is generally no longer subject to U.S. federal income tax examinations by tax authorities for years before 2010.

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such complete discontinuance of contributions or termination of the Plan, the value of the participants' accounts will be distributed to such participants or their beneficiaries from net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company manages these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA. Additionally, certain plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2013 and 2012, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent to year-end, with an effective date of January 1, 2014, the RailAmerica Employees' 401(k) Savings Plan was merged with the Genesee & Wyoming, Inc. 401(k) Savings Plan. In connection therewith, participant balances of $51,345,582 were transferred from the RailAmerica Employees' 401(k) Savings Plan to the Genesee & Wyoming, Inc. 401(k) Savings Plan.

Subsequent events have been evaluated through September 22, 2014, which is the date the financial statements were available to be issued.

To the Plan Administrator and Benefit Committee of the
Genesee & Wyoming Inc. 401(k) Savings Plan:

We have conducted a DOL limited-scope audit of the financial statements of Genesee & Wyoming Inc. 401(k) Savings Plan (the Plan) for the year ended December 31, 2013 and have issued our report thereon dated September 22, 2014. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 1, 2013. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no estimates that we consider particularly significant to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

SIGNIFICANT AUDIT FINDINGS (Continued)

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements.

Disagreements with Management
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated September 22, 2014.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.
