Independent Auditors' Report

To the 401(k) Committee and Participants
FEI Company 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FEI Company 401(k) Plan which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2013 and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2013 and the schedule of assets (held at end of year) as of December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated September 9, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FEI Company 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

(1) Description of Plan

The following description of the FEI Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of FEI Company (the Company) based in the United States who are 18 years of age or older and interns who have completed at least 1,000 hours of service and are 21 years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee and Plan Administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company (FMTTC) acts as trustee for the Plan. Fidelity Investments Institutional Operations Company, Inc. (FIIOCI) acts as recordkeeper of the Plan.

(b) Contributions

Participants may contribute up to 60% of eligible annual compensation, as defined by the Plan subject to Internal Revenue Code (IRC) limits. Participants who attain 50 years of age before the close of the year are eligible to make additional catch-up contributions as described in the Plan document. During 2013, the Plan was amended to include an automatic enrollment feature whereby new employees are automatically enrolled after 30 days of employment with a 3% deferral rate unless they elect another deferral percentage or choose not to participate in the Plan.

The Company matches 100% of the first 3% of compensation, as defined, that a participant contributes to the Plan. The Company may also make a discretionary profit sharing contribution to be determined at Plan year-end by the Board of Directors. Discretionary profit sharing contributions were not made during the 2013 or 2012 plan years. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

(c) Participant Accounts

Individual accounts are valued daily and maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Company discretionary contributions, participant forfeitures and plan earnings, and charged with withdrawals and an allocation of plan losses and administrative expenses. Allocations are based on participant earnings (losses) or account balances.

(d) Investments

Participants direct the investment of their contributions and the Company's matching and discretionary contributions, if any, into various investment options offered by the Plan. The Plan currently offers several mutual funds, a common and collective trust fund, and a money market fund as investment options for participants. Participants may change their investment allocation or make transfers between funds on a daily basis.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts plus actual earnings (losses) thereon is based on years of credited service. A participant is 33% vested after one year of credited service, 66% vested after two years of credited service and 100% vested after three years of credited service.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan amount during the past twelve months, whichever is less. Participants may only have one loan outstanding at any given time. Loan transactions are treated as a transfer between the investment funds and the loan fund. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator (rates ranged from 3.25% to 7.75% on loans outstanding at December 31, 2013 with maturity dates through 2023). Principal and interest is paid ratably through payroll deductions. The custodian charges each participant obtaining a loan a onetime set-up fee and an annual maintenance fee.

(g) Payment of Benefits

Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance or defer receipt of distribution and remain in the Plan until retirement age. Distributions cannot be deferred if the participant's vested account balance is \$5,000 or less, in which case vested account balances exceeding \$1,000 will be distributed to an individual retirement account for the benefit of the participant and vested account balances less than \$1,000 will be distributed to the participant as a lump-sum. The Plan follows Internal Revenue Service (IRS) guidelines for automatic cash-outs of distributions and safe harbor guidelines after hardship withdrawals.

(h) Forfeited Amounts

Forfeited balances of terminated participants' nonvested amounts are used first to pay administrative expenses of the Plan and any remaining amounts are used to reduce future employer contributions. During the years ended December 31, 2013 and 2012, Company contributions were reduced by approximately \$0 and \$50,000, respectively, from forfeited amounts. At December 31, 2013 and 2012, forfeited nonvested amounts available to reduce Company contributions and plan administrative expenses were approximately \$48,000 and \$6,800, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared based on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Shares of mutual funds are based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The common collective trust fund is stated at fair value, as determined by the issuer of the common collective trust fund, and is based on the fair market value of the underlying investments. The common collective trust fund with the underlying investments in benefit-responsive investment contracts are valued at the fair market value of the underlying investments and then adjusted by the issuer to contract value.

The Fidelity Managed Income Portfolio Fund is a stable value fund that is a common collective trust fund of the Fidelity Group Trust for Employee Benefit Plans. The portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events, such as a change in law, regulation, or administrative ruling or employer-initiated termination of the Plan, may limit the ability of the Plan to transact the common collective trust fund at contract value with the issuer. Contract value represents the contributions made to the fund, plus earnings, less participant withdrawals.

The statements of net assets available for benefits present the fair value of the investments in the common and collective trust fund relating to fully benefit-responsive investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from a fair value to contract value basis. The statements of changes in net assets available for benefits are presented on a contract value basis and are not affected by the Financial Accounting Standards Board's (the FASB's) guidance. Fair value of the contract is valued at the asset value per unit as determined by the collective trust as of the valuation date, which is determined using a market approach on the basis of the relative interest of each participating investor in the fair value of the underlying net assets of the trust, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(d) *Benefit Payments*

Benefit payments to participants are recorded upon distribution.

(e) *Administrative Expenses*

The Plan's expenses are substantially paid by the Company or the Plan, as provided by the Plan document. For the years ended December 31, 2013 and 2012, direct expenses of \$21,061 and \$12,307, respectively, were paid by the Plan.

(f) Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

(3) Investments

The Plan's investments that exceeded 5% of net assets available for benefits as of December 31, 2013 and 2012 are as follows:

	2013	2012
Fidelity Fund Class K	\$ 10,867,491	\$ 8,611,504
Morgan Stanley Mid Cap Growth Fund Class I	8,943,923	6,062,272
Thornburg International Value Fund Class R6	7,041,435	6,326,585
Fidelity Managed Income Portfolio	*	5,047,481
Fidelity Spartan 500 Index Fund Investor Class	8,398,257	5,581,344
BlackRock Equity Dividend Fund Institutional Shares	7,220,795	5,665,158

“*” The balance was less than 5% of net assets for the year denoted

During the years ended December 31, 2013 and 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$13,647,007 and \$6,001,840, respectively, in value.

(4) Fair Value of Investments

Factors used in determining the fair value of the Plan's investments are summarized into three broad categories:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The factors or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

Following are the Plan's investments carried at fair value on a recurring basis as of December 31, 2013 and 2012:

	<u>\$ 75,037,333</u>	<u>\$ 5,047,481</u>	<u>\$ -</u>	<u>\$ 80,084,814</u>

Following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund – Money market fund is stated at cost, which approximates fair value.

Mutual Funds – Mutual funds are valued at quoted market prices, which represent the NAV of the securities held in such funds.

Common and Collective Trust Fund – The common and collective trust fund is valued at the NAV per unit as determined by the collective trust as of the valuation date, which is determined using a market approach on the basis of the relative interest of each participating investor in the fair value of the underlying net assets of the trust, which approximates fair value.

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value at December 31, 2013 and 2012:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2013	2012		
Common and collective trust fund	\$ 4,918,462	\$ 5,047,481	Daily	1-2 days

(5) Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(6) Information Certified by the Trustee

FMTC, the trustee of the Plan, has certified that the following information included in the financial statements and supplemental schedule as of and for the years ended December 31, 2013 and 2012 is complete and accurate:

- Participant-directed investments – at fair value
- Notes receivable from participants
- Adjustment from fair value to contract value for fully benefit-responsive investment contracts
- Net investment income
- Interest on notes receivable from participants
- Investments (Note 3)
- Schedule of Assets (Held at End of Year)

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

(8) Federal Income Tax Status

The current Plan utilizes FMTC's Nonstandard Prototype Profit Sharing/401(k) Plan document (Fidelity Prototype Plan Document). FMTC received an opinion letter from the IRS for the Fidelity Prototype Plan Document dated March 31, 2008 stating that the Plan as designed was in compliance with the applicable sections of the IRC. The Plan has been amended since the date of the opinion letter; however, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements for 2013 or 2012.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(9) Exempt Party-in-Interest Transactions

Certain plan investments are shares of mutual funds or interests in a common and collective trust fund managed by FIIOCI under the control of FMTC. As FIIOCI, the recordkeeper of the Plan, and FMTC, the trustee of the Plan, are both wholly owned subsidiaries of FMR Corporation, these transactions qualify as exempt party-in-interest transactions.

The Plan sponsor, FEI Company, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

(10) Nonexempt Transactions

There were delays by the Company in submitting employee contributions and loan repayments during the Plan year ended December 31, 2012 in the amount of \$40,719 to the trustee as reflected in the supplemental schedule of delinquent participant contributions. The Company reimbursed the Plan for lost interest in the amount of \$55 in June 2013.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500 at December 31:
