INDEPENDENT AUDITORS' REPORT

To the Administrator of
The Rallye Motors 401(k) Plan:

We were engaged to audit the accompanying financial statements of the Rallye Motors 401(k) Plan (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Capital Bank and Trust Company, (the Trustee), of the Plan, except for comparing such information with the

(continued)

related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2013 and 2012 and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Contend in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee retirement Income Security Act of 1974.

RALLYE MOTORS 401(k) PLAN
Notes to the Financial Statements

1. Description of the Plan

The following description of the Rallye Motors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. Rallye Motors LLC (the Company) is the sponsor and Plan Administrator. The Plan Administrator controls and manages the operation and administration of the Plan. Capital Bank and Trust Company serves as the Trustee of the Plan.

a. General - The Plan is a defined contribution plan, covering employees of Rallye Motors, LLC and its affiliates. All employees of the Company who are age twenty or older and have three months of consecutive service are eligible to participate in the Plan as of the first day of the calendar quarter following their meeting eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain employees of the Company administrate the Plan.

b. Employee contributions - Each year, participants may voluntarily contribute up to 40% of pretax annual compensation, as defined by the Plan, to the maximum amount allowable under the Internal Revenue Code.

c. Employer contributions – The Company may contribute additional amounts to the Plan at its discretion, which are allocated based upon participant earnings or account balances, as defined. No such additional contributions were made during the years ending December 31, 2013 and 2012.

d. Participant accounts - Each participant account is credited with the participant's contributions, any rollover contributions and an allocation of the Company's matching and discretionary contribution, if any. In addition, each participant account is credited (charged) with its proportionate share of each fund's investment earnings and other income (losses). Allocations, other than participants' contributions, are based on participant compensation, as defined by the Plan agreement.

e. Vesting - Participants are immediately vested in their contributions plus actual earnings less losses thereon. Any employer optional contributions plus actual earnings less losses thereon vest after the first two years of service at the rate of 20% for each year of service up to the sixth year. Forfeitures of employer contributions may be used to reduce the amount of contributions to the Plan by the Company or for Plan expenses.

f. Investment options – The Plan provides for contributions to be invested in any of nineteen mutual funds and one stable value fund as directed by the participants.

(continued)

1. Description of the Plan (continued)

g. Notes receivable from participants – The Plan allows participants to borrow against their vested account balance at a reasonable rate of interest with a repayment period not to exceed five years. Such notes are limited to the lesser of $50,000 or 50% of their account balance. Principal and interest is paid ratably through payroll deductions. Repayment of the entire balance is permitted at any time. Interest rates range from 4.25% to 10.00%. Outstanding notes at December 31, 2013 and 2012 were $825,019 and $690,497 respectively.

h. Distributions – A participant is entitled to receive a distribution of his or her vested interest in the Plan upon termination of employment, retirement, in the event he/she becomes disabled or in the event of financial hardship as defined by the Plan. The beneficiary or beneficiaries of a participant are entitled to receive a lump sum distribution of the participant's interest in the Plan upon the death of such participant. At December 31, 2013 and 2012 the amount of benefits payable to participants whose employment has been terminated was $1,699,528 and $1,690,896 respectively.

2. Summary of significant accounting policies

a. Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition - The Plan's investments in all the investment options, except the Metlife GAC Series Stable Value Fund and the INVESCO Stable Value Fund (the Contracts) are stated at fair value based on the quoted market prices of the underlying securities within each fund as of December 31, 2013 and 2012. The Plan invests in the Contracts which are fully benefit-responsive investment contracts that are reported in the listed investments at fair value in accordance with ASC 962, *Plan Accounting – Defined Contribution Pension Plans.* However, Contract Value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because Contract Value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the Statements of Net Assets Available for Plan Benefits presents fair value of investments, as well as the adjustment to Contract Value for the Contracts. The Statements of Changes in Net Assets Available for Plan Benefits are prepared on a Contract Value basis for the Contracts.

2. Summary of significant accounting policies (continued)

Sales and purchases of securities are recorded on a trade date basis. Interest income is accrued when earned. Dividends are posted to the participant's account on the day that the dividend is payable. Accrued dividends are allocated to each participant's account on the last day of the month and are based on a daily allocation rate. The Plan presents, in the Statements of Changes in Net Assets Available for Plan Benefits, investment income which includes the net appreciation (depreciation) in fair value of its investments, which consist of the realized gains or losses, unrealized appreciation (depreciation) on investments and interest and dividend income.

d. Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

e. Payment of benefits – Benefits are recorded when paid.

f. Risks and uncertainties – The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate changes, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that, such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of the investments after the date of these financial statements.

g. Reclassifications - Certain reclassifications have been made to the financial statements for prior years to conform to the current year presentation.

h. Administrative expenses - All costs other than investment advisory fees and loan service fees are borne by the Company.

3. Information certified by Trustee

Other than the fair value of the Contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, and dividends and interest for the years ended December 31, 2013 and 2012, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital

3. Information certified by Trustee (continued)

Bank and Trust Company (the Trustee of the Plan). The contract value of the contract was certified by the Trustee.

4. Fair value measurements

The Plan reports investments in accordance with ASC 820, *Fair Value Measurements* that establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 or 2012.

Mutual Funds: Valued at quoted market values.

(continued)

4. Fair value measurements (continued)

Stable Value Funds: The fair value of the Contracts are based on quoted market prices of the underlying investments owned by MetLife and the fair value of a Met Life guarantee presented as a wrapper that represents less than 1% of the value of the Contract (see note 2 c).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at fair value as of December 31, 2013

4. Fair value measurements (continued)

Level 3 gains and losses:

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Stable Value Funds
Balance at beginning of year	$ 4,267,088
Realized gains and interest	49,200
Unrealized gains relating to instruments still held at the reporting date	45,081
Purchases, sales, issuances and settlements (net)	(1,483,827)
Balance at end of year	$2,877,542
The amount of total gains (losses) for the period included in net assets attributable to the change in unrealized gains or (losses) relating to assets still held at the reporting date.	$ 45,081

Unrealized gains/(losses) from the Contract are not included in the statement of changes in net assets available for benefits as the Contract is recorded at contract value for purposes of net assets available for benefits.

While the value of the Contract is listed as a Level 3 asset, the fair value of the Contract is determined using Level 2 inputs. The fair value of the investments is the Contract's pro-rata share of the fair value of the securities in the underlying separate accounts in which the Contract participates. The fair value of the wrapper is determined by the discounted revenue method, being 20 basis points of the guaranteed value over five years discounted by the LIBOR swap curve. The inputs used for valuing the Trust's assets are not necessarily an indication of the risk associated with these investments.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts. Each participant in the employ of the Company at the date of termination shall be entitled to a pro-rata share of any unallocated funds in the Trustee's possession under the Plan.

6. Federal income taxes

The Internal Revenue Service (IRS) has determined and informed the Plan by letter dated May 28, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is exempt from income tax.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The IRS has examined the Plan's tax returns for the years ended December 31, 2010 through December 31, 2012 and has accepted the returns as filed. The Plan Administrator believes it is no longer subject to income tax for years prior to 2013.

8. Subsequent events

Management has evaluated the impact of all subsequent events on the Plan through August 5, 2014, the date the financial statements are available to be issued. Management has determined that there are no material subsequent events that would require disclosure in or adjustments to the Plan's financial statements.
