We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2013 on page 13 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Voss Industries, Inc. Savings Plan – Employees of Voss Industries, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan.

General:

The Plan is a defined contribution (401(k) salary deferral) plan established to provide retirement benefits to eligible employees. Under the Plan, all employees of Voss Industries, Inc. of Cleveland, Ohio (the “Company”) who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility:

All employees are eligible to participate in the Plan on the first day following four months of service and attaining the age of eighteen.

Contributions:

Participating employees may elect to contribute up to 50% of eligible compensation on a pre-tax basis, as defined in the Plan and subject to certain limitations in the Internal Revenue Code. Participants also may rollover distributions from other qualified plans. Rollover contributions of \$15,667 and \$1,167 from other qualified plans were accepted by the plan for the years ended December 31, 2013 and 2012, respectively. The Company may make discretionary, non-elective contributions to be allocated to participants who are employed on the last day of the plan year and who worked at least 1,000 hours during the plan year. There were no Company contributions during the years ended December 31, 2013 or 2012.

Participant Accounts:

The Company maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, related earnings, and charged with an allocation of administrative expenses.

Participants elect to maintain their aggregate contributions in the investment funds offered by the Plan and managed by Great-West Trust Company, LLC (the “Trustee”), for the period ending December 31, 2013 and 2012. Separate accounting for each of the funds is made pursuant to the participant's designated election. The net value of each participant account is established daily through the valuation of the funds at fair value. All dividends, interest, and other proceeds received with regard to any fund are reinvested automatically in the same fund.

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants account and each participant can only have one loan outstanding at any given time. Interest is charged based on the prevailing rate at the time of the loan. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant. Until such payments are received, the loan receivable is accounted for in notes receivable from participants. Notes receivable from participants are stated at their outstanding loan balances, plus any interest accrued.

Plan Withdrawals and Distributions:

A participant, upon retirement, termination, disability or the attainment of age 59 ½, or a participant's beneficiary, upon the participant's death, may elect to either rollover the funds into an individual retirement account until age 70 1/2 or receive a lump-sum amount equal to the value of their account. In the case of a severe financial hardship, the Plan Administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions.

Vesting Provisions:

Participants are fully vested at all times in their respective accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. No material difference exists as a result of purchases and sales being recorded on a settlement-date basis as opposed to a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: (Continued)

As defined by accounting principles generally accepted in the United States of America, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan is invested in the Key Guaranteed Portfolio Fund, a fully benefit-responsive investment contract. No adjustment from fair value to contract value is presented on the statements of net assets available for benefits as of December 31, 2013, as fair value of the Key Guaranteed Portfolio Fund approximates contract value.

Administrative Expenses:

Administrative fees of the Plan are paid by the Company or the Plan at the option of the Company. Certain fees associated with distributions and notes receivable from participants are paid by the affected participants.

Risks and Uncertainties:

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Termination Provisions:

Subject to the uncertainty notes in the following paragraph, the Company intends to continue the Plan indefinitely but reserves the right to terminate or amend the Plan as necessary subject to the provisions of ERISA. In the event of termination of the Plan, the accounts of the participants will be distributed at the time and in the manner determined by the Plan administrator and in accordance with the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Evaluation of Subsequent Events:

The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, September 3, 2014. On August 29, 2014, the Company's voting trustees elected to sell the Company and the impact to the Plan is unknown at this time. No adjustments have been made to the carrying value of any plan assets nor have any relevant disclosures been made related to the sale which might otherwise be appropriate if not for this uncertainty. The Company had determined that there are no other such events which require disclosure.

Note 3. Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plans previous three tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 4. Unaudited Information

The following is a summary of the investment information as of December 31, 2013 and 2012, and for the years ended December 31, 2013 and 2012, included throughout the Plan's financial statements that was prepared by or derived from information provided by the Trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that the information provided to the plan administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments.

Note 4. Unaudited Information (Continued)

The following table presents the fair value of the Plan's investments as certified by the Trustee. Investments representing more than 5% of the Plan's net assets are separately identified:

	<u>2013</u>	<u>2012</u>
Guaranteed investment contracts

Mid-Cap Index Fund I	242,056	*
International Core Equity Y	265,126	*

* Investment option did not exceed 5% of net assets

The Trustee also certified to the completeness and accuracy of the net appreciation in the fair value of the investments and interest and dividend income for the year, which included the following:

	<u>2013</u>	<u>2012</u>
Investment income:		
Registered investment companies	\$ 665,415	\$ 337,953
Interest and dividends	186,471	107,441
	<u>\$ 851,886</u>	<u>\$ 445,394</u>
Interest income on notes receivable from participants	<u>\$ 3,995</u>	<u>\$ 5,131</u>

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value:

- Registered investment companies: Valued at their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- Guaranteed investment contract: Valued at contract value, which approximates fair value, and represents contributions plus interest at a specified rate, less participant withdrawals and fees. Guaranteed investment contracts are considered fixed annuities and are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2012 to 2013. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total	<u>\$ 3,377,516</u>	<u>\$ 795,735</u>	<u>\$ -</u>	<u>\$ 4,173,251</u>

Note 6. Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (“Great-West”). Contributions are maintained by Great-West in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. As described in Note 5, Great-West has determined that the contract value approximates fair value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed never to be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Guaranteed Investment Contract (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2013</u>
Based on actual earnings	1.26%
Based on interest rate credited to participants	1.26%

Note 7. Party-in-Interest Transactions

Great-West was appointed by the Company to serve as the third party administrator of the Plan. Administrative expenses paid to Great-West from the Plan were \$466 and \$264 for the year ended December 31, 2013 and 2012, respectively.

Note 8. Transfers From Other Qualified Plans

The Plan accepts diversifications from the Voss Industries, Inc. Employee Stock Ownership Plan and Trust (the "ESOP") made at the direction of eligible ESOP participants. During the years ended December 31, 2013 and 2012, \$-0- was transferred into the Plan under elections made by participants.
