Independent Auditor's Report

Retirement Plan Committee
Intelligent Automation, Inc. Profit Sharing Plan
Rockville, Maryland

We were engaged to audit the accompanying financial statements of **Intelligent Automation, Inc. Profit Sharing Plan** (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the insurance company of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the insurance company as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by the insurance company is complete and accurate.

Independent Auditor's Report (Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. **Description of the plan**

The following description of the Intelligent Automation, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Intelligent Automation, Inc. (the "Company") who are at least 21 years old. Eligible employees may begin to contribute on the first day of a payroll period. There is a one year service requirement for the employer match and discretionary profit sharing contributions. Employees are eligible for employer match and discretionary profit sharing contributions on the first day of the quarter subsequent to satisfying the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company contributes 50 percent of the first 6 percent of compensation that a participant contributes to the Plan. Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive the Company matching contribution or an allocation of any discretionary profit sharing contributions. Contributions are subject to certain limitations.

Investment options: Participants may direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers 72 pooled separate accounts as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan and Company.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, as well as allocations of the Company's discretionary profit sharing contribution, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The discretionary profit sharing contributions are allocated based on a two step permitted disparity formula using the taxable wage base as the integration level. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments.

Vesting: Participants are vested immediately in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the discretionary profit sharing contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Forfeited accounts: At December 31, 2013 and 2012, forfeited nonvested accounts totaled $16,031 and $10,599, respectively. These accounts may be used first to pay Plan expenses and then reduce Company contributions. These accounts were used to reduce Company contributions relating to 2013 and 2012 that were paid after year-end. Therefore, employer contributions receivable at December 31, 2013 and 2012 were reduced by $16,031 and $10,599, respectively. No forfeited nonvested accounts were used to pay Plan expenses in 2013.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. During 2013, plan expenses related to investments were charged to individual participant accounts.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 4 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The John Hancock Stable Value Fund investment of the Plan contains underlying fully benefit-responsive investment contracts. The Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012 present the fair value of the John Hancock Stable Value Fund investment as well as the adjustment of the investment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through September 8, 2014, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the insurance company, has certified as to the completeness and accuracy of certain investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedule, summarized as follows:

	2013	2012
Investments		
Total investments, at contract value - certified	**$ 24,710,427**	$ 19,278,034
Adjustment from contract value to fair value for John Hancock Stable Value Fund - not certified	**27,134**	74,343
Total	**$ 24,737,561**	$ 19,352,377
Cash	**$ 16,031**	$ 10,599
Notes receivable from participants	**$ 120,227**	$ 118,873
Net appreciation in fair value of investments - pooled separate accounts	**$ 3,488,073**	
Interest income from notes receivable from participants	**$ 5,781**	

At December 31, 2013 and 2012, the individual investments that represented five percent or more of the Plan's net assets were as follows:

	2013	2012
Lifestyle Balanced Portfolio Fund	**$ 2,291,909**	$ 2,070,254
Lifestyle Growth Portfolio Fund	*	1,235,929
Lifestyle Aggressive Portfolio Fund	**2,116,898**	1,491,696
John Hancock Stable Value Fund	**3,008,841**	2,083,606
Oppenheimer Developing Markets Fund	*	1,068,514

* Indicates investments did not exceed five percent of net assets at this date.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the insurance company of the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets in the accounts less the liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Asset allocation	$ -	$ 8,054,923	$ -	$ 8,054,923
Conservative	-	3,008,841	-	3,008,841
Income	-	1,745,733	-	1,745,733
Growth and income	-	2,410,303	-	2,410,303
Growth	-	3,333,770	-	3,333,770
Aggressive growth	-	6,183,991	-	6,183,991
Total assets at fair value	$ -	$ 24,737,561	$ -	$ 24,737,561

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Asset allocation	$ -	$ 6,742,590	$ -	$ 6,742,590
Conservative	-	2,083,606	-	2,083,606
Income	-	2,050,175	-	2,050,175
Growth and income	-	1,855,645	-	1,855,645
Growth	-	1,650,136	-	1,650,136
Aggressive growth	-	4,970,225	-	4,970,225
Total assets at fair value	$ -	$ 19,352,377	$ -	$ 19,352,377

The investment objective of the asset allocation accounts is to seek a high level of current income and growth of capital. The conservative accounts seek to preserve principal and provide for liquidity while maintaining a competitive rate of interest. Income accounts seek to maximize total return consisting of current income and capital appreciation. Growth and income accounts seek long term growth of capital and income. Growth funds and agressive growth accounts seek long term growth and capital appreciation.

Investments in the pooled separate accounts can be redeemed immediately at the current net asset value to meet participant-initiated withdrawals. John Hancock may delay any participant-initiated withdrawal from the John Hancock Stable Value Fund for up to thirty days if immediate withdrawal would have an adverse impact on the fund. Up to twelve months advance written notice may be required prior to sponsor redemption of the John Hancock Stable Value Fund, determined by John Hancock. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2013 and 2012.

There were no transfers between level 1, level 2 and level 3 investments during the year ended December 31, 2013.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Party-in-interest transactions

Certain Plan investments are managed by affiliates of John Hancock. John Hancock is the insurance company and recordkeeper as defined by the Plan. The Plan pays certain expenses related to plan operations and investment activity to various service providers. These transactions qualify as exempt party-in-interest transactions.

7. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

8. Tax status

The Plan is a prototype plan of Pension Studio which received an opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2010.

9. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2013 and 2012 and for the year ended December 31, 2013:
