NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Ohio State Home Services, Inc. Retirement Savings & Trust ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Ohio State Home Services, Inc., ("Company") for the benefit of any employee age 18 or over, who has completed 1,000 hours of service by the end of their first 12 consecutive months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was executed December 21, 1995 with an effective date of January 1, 1996.

Contributions - Participants are auto-enrolled to contribute 3% of their pretax annual compensation, as defined in the Plan. Participants may elect to opt out of the Plan, or to contribute up to the maximum dollar amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

The Company may elect to make a matching contribution to the Plan. During the year ended December 31, 2013, the Company's matching contribution was 20% of the first 6% of base compensation that a participant contributed to the Plan. The Company may also make other discretionary contributions to the Plan; however, no such contributions were made in 2013. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds with a variety of investment objectives as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

OHIO STATE HOME SERVICES, INC. RETIREMENT SAVINGS & TRUST

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participant contributions and profit sharing contributions plus actual earnings thereon are 100% vested immediately. Employer matching contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits - On termination of service, as defined, a participant will receive a single lump sum payment. If the participant's vested account balance exceeds \$5,000, the participant must consent to the distribution before it is made. In the event of death, the participant's beneficiary will receive a single lump sum payment. Participants may also withdraw amounts from their accounts under certain defined conditions.

Forfeited accounts - At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$1,770 and \$3,332, respectively. These accounts will be used to pay administrative expenses or to reduce future employer contributions. For the year ended December 31, 2013, employer contributions were reduced by \$3,332 from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

OHIO STATE HOME SERVICES, INC. RETIREMENT SAVINGS & TRUST

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative expenses - The Plan's expenses are paid either by the Plan or the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan and fees related to the administration of notes receivable from participants (which are charged directly to the participant's account) are paid by the Plan and are recorded as administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included with net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Payment of benefits - Benefits are recorded when paid.

(3) Investments

OHIO STATE HOME SERVICES, INC. RETIREMENT SAVINGS & TRUST

NOTES TO FINANCIAL STATEMENTS

(4) **Information prepared and certified by the custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation in fair value of investments
- Dividend income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) **Fair value measurements**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

OHIO STATE HOME SERVICES, INC. RETIREMENT SAVINGS & TRUST

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total
Mutual funds:

Total investments at fair value	<u>\$ 3,133,972</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,133,972</u>

(6) Related party and party-in-interest transactions

As described in Note 2, the Plan pays administrative expenses to certain service providers. These transactions are considered party-in-interest transactions under ERISA. During 2013, the Plan made direct payments to the third party administrator and custodian totaling \$26,535 and \$10,241, respectively.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

OHIO STATE HOME SERVICES, INC. RETIREMENT SAVINGS & TRUST

NOTES TO FINANCIAL STATEMENTS

(9) Tax status

The Internal Revenue Service has determined that the volume submitter profit sharing plan is designed in accordance with the applicable sections of the IRC and informed Sungard Corbell LLC., the volume submitter sponsor, of such in a letter dated March 31, 2008. The plan administrator has adopted the volume submitter plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(10) Subsequent events

The Plan has evaluated subsequent events through September 12, 2014, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
