INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Gulf Coast Ford Nissan Toyota 401(k) Plan
Angleton, Texas

Management's Responsibility for the Financial Statements

We were engaged to audit the accompanying financial statements of Gulf Coast Ford Nissan Toyota 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year December 31, 2013 then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GULF COAST FORD NISSAN TOYOTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. Plan description, eligibility and funding policies:

General

The following description of the Gulf Coast Ford Nissan Toyota 401(k) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a self-directed, defined contribution plan, covering all full-time employees of the Companies who meet the eligibility requirements detailed below. It is subject to the provisions of the Employee Retirement Income Act of 1974 (ERISA).

Employees

The employees of Gulf Coast Ford, Ltd. d/b/a Gulf Coast Ford, BDB Interest LC, d/b/a Gulf Coast Nissan, BCB Interest, LLC d/b/a Gulf Coast Toyota and Gulf Coast Auto Park, LLC d/b/a Gulf Coast Chevrolet Buick GMC are covered by the Plan.

Eligibility

Any eligible employee who has completed three months of service and has reached his/her eighteenth birthday shall be eligible to participate hereunder as of the date he has satisfied such requirements.

For purposes of this Section, an eligible employee will be deemed to have completed three months of service if he is in the employment of the employer at any time three months after his/her employment commencement date. Employment commencement date shall be the first day that he is entitled to be credited with an hour of service for the performance of duty.

An eligible employee shall become a participant effective as of the first day of the next month following the date on which such employee met the eligibility requirements. Participants may commence salary deferrals on the effective date of participation and on the first day of each Plan month.

Contributions

Participant contributions consist of pre-tax and after-tax (Roth) elective deferrals. Participants may contribute pre-tax and after-tax (Roth) elective deferrals up to the dollar limitation contained in section 402(g) of the Internal Revenue Code in effect at the beginning of the year. Employer contributions include discretionary matching contributions and discretionary contributions. Contributions are subject to certain limitations.

1. Plan description, eligibility and funding policies: (cont'd.)

Participant accounts and vesting

Each participant's account is credited with the participant's contributions, the employer's contributions, an allocation of the Plan's earnings and charged with an allocation of investment management fees. The Plan's earnings and investment management fees are allocated according to participants' relative account balances in the investment options. Certain participant and loan fees, if applicable, are also charged to participant accounts.

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to any employer matching contributions and employer discretionary contributions is fully vested after completion of six years of service. Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement or in the event of death or total disability.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in a lump sum payment or elected to defer receipt of their benefits to a later date. These participants share in the earnings of the investments.

Participants are at all times vested in their deferral and rollover contributions and the appreciation or depreciation thereon. Vesting in the Company's contributions portion of their account plus earnings thereon is based on years of continuous service. Participants are 20% vested after two years of service and vest an additional 20% each year, becoming 100% vested after the completion of six years of service.

Allocation of Forfeitures

Forfeitures of employer contributions will be allocated at the earlier of the end of the Plan year in which a distribution to a participant occurs or at the end of the Plan year after five (5) consecutive one-year breaks in service to reduce employer's matching contributions.

Loans to participants

Participants may borrow the lesser of one-half of their vested account balance or $50,000. The minimum loan available is $1,000. Participant notes are carried at face value and are generally repaid through payroll deductions with after-tax dollars over a period up to 5 years. At termination of employment, the loan will become due.

GULF COAST FORD NISSAN TOYOTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. Plan description, eligibility and funding policies: (cont'd.)

Distributions to Participants

Benefits are recorded when paid. Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum. Distributions may be deferred until the participant reaches the age of 70 1/2 if the value of the distribution is not less than $5,000. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 1/2.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to pre-tax elective and may not include any earnings thereon.

Plan termination:

Although they have not expressed any interest to do so, should the Plan sponsors discontinue their operations, the Plan would also be terminated and each participant would receive their individual plan account balance as adjusted by vesting of the sponsor's contributions.

2. Summary of significant accounting policies:

Accounting basis

The financial statements of the Plan have been prepared on an accrual basis of accounting. The Plan's assets are valued at fair market value as provided and certified by John Hancock Life Insurance Company, the trustee of the Plan, as of December 31, 2013 and 2012 respectively.

Date of Management's review:

Subsequent events were evaluated through August 8, 2014, which is the date the financial statements were available to be issued.

Use of estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Summary of significant accounting policies: (cont'd.)

Investment valuation and income recognition

The Plan's investments are stated at fair market value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Consideration of credit Risk

The Plan provides for investments in various investment securities. In general, investment securities are exposed to various risks, such as interest rate, credit, and overall volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Investment and administrative expenses:

Investment expenses and plan servicing fees are charged to participants based on their investment elections. The investment expenses vary between the various investment options and funds selected. Fees are charged to individual participant's accounts base upon services provided. Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Company.

Federal income taxes

The Plan has adopted a non-standardized profit sharing plan, which obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the prototype document satisfied the applicable provisions of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

GULF COAST FORD NISSAN TOYOTA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

2. Summary of significant accounting policies: (cont'd.)

Federal income taxes (cont'd*)*

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken.

The federal income tax returns of the Plan are subject to examination by the IRS, generally for three years after they were filed.

3. Parties-in-interest:

The Plan invests in various common/collective trusts offered by John Hancock Life Insurance Company, the trustee of the Plan. These investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

4. Commitments and contingencies:

The administrative committee has represented to us that there are no legal or un-asserted claims against the Plan, no unfulfilled commitments, the Plan has been properly administered and all documents have been properly updated to reflect all current requirements and regulations to keep the Plan qualified. There are no irregularities, errors or illegal acts involving management or employees that could have a material adverse effect on the Plan. There are no unusual or extraordinary transactions with related parties nor are there any items pending that would represent a contingent loss.

5. Information not covered by auditor's report:

Pursuant to the terms of the Plan, Gulf Coast Ford Nissan Toyota 401(k) Plan has entered into a trust agreement with John Hancock Life Insurance Company for the year ended December 31, 2013 and 2012, whereby the trustee holds the Plan's investment assets and executes transactions therein, including the receipt of income earned, participant's contributions and payment of withdrawals.

5. Information not covered by auditor's report: (cont'd)

For financial reporting and disclosure purposes under the Employee Retirement Income Security Act of 1974, the administrative committee has elected the method for compliance permitted by 2520.103-8 of the Department of Labor Rules and Regulations which permits the Plan's administrative committee to rely on financial statement information certified by the plan trustee and provides that the independent public accountant need not perform auditing procedures with respect to information certified to by the trustee of the Plan, John Hancock Life Insurance Company. The total value of the assets held by the plan trustee was $293,713 or 99% and $203,325 or 99% of the total value of the Plan as of December 31, and 2013 and 2012, respectively. All changes in the value of the Plan assets, realized gains, contributions received and payments to participants were also certified as being correctly recorded and reported by the Plan trustee/administrator.

6. Investments:

Fair value measurements

ASC 820 , *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. A summary of the fair value hierarchy under ASC 820 is described below.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets

Registered investment companies (mutual funds): Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

6. Investments: (cont'd)

Fair value measurements (continued)

Level 2 Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Common/collective trusts: Valued at the NAV as reported by such trusts and determined by the trustee of the Plan. The underlying trust fund investments reflect prices based on quoted market prices utilizing public information. The common/collective trusts held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the common/collective trusts.

Level 3 Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Guaranteed investment contract: The guaranteed investment contracts with an insurance company are subject to a market value adjustment. Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2013 and 2012.

6. Investments: (cont'd)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

	December 31, 2013
