INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
the Lamps Plus 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lamps Plus 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2 to the financial statements; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee that the information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION AND RELATED INFORMATION

The following description of the Lamps Plus 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan was established on June 1, 1998, and has been subsequently amended to comply with certain Internal Revenue Code (IRC) revisions. The Plan is a qualified defined contribution plan covering full-time regular employees of the Lamps Plus Group (the "Company") who have at least one year of service and are at least 21 years of age. One thousand hours of service shall be required to constitute a year of eligibility. Fidelity Management Trust Company serves as the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc., serves as the recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2013 the Plan was amended to change the methodology used to determine years of service for vesting purposes. Previously, under the general method, you received vesting credit for a year of service if you earned at least 1,000 hours of service in a Plan year. Vesting under the Plan is now based on the elapsed time method; hours of service are not counted and instead periods of service are computed. A period of service is determined based on the time you work for the Company. Only whole years of service are counted towards computing years of service for vesting purposes. If an employee of the Company was employed before January 23, 2009, vesting credit will be determined using the general method for Plan years prior to 2009, for 2009, either the general method or elapsed time will be used, whichever, if any, results in vesting credit for that period, and subsequent to 2009, the elapsed time method will be used. No other provisions of the Plan were affected by the amendment, and the amendment did not have an effect on net assets.

Contributions — Each year, participants may contribute up to 20% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions, which shall be allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. No such additional discretionary contributions were made during the year ended December 31, 2013. The Plan allows eligible participants to make catch-up contributions in accordance with and subject to the limitations of IRC Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching and nonelective contributions, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers one money market fund, one commingled pooled fund, and 29 mutual funds as investment options for participants.

Notes Receivable from Participants — Participants may borrow from their fund accounts in increments of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The term of participant loans generally may not exceed five years, unless used for a home loan. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that approximates the prime rate on the date of the loan as specified in "The Wall Street Journal," plus 1%. Principal and interest are paid through payroll deductions. Upon termination of employment, the outstanding loan balance is deemed as a taxable distribution to the participant. As of December 31, 2013, participant loans have maturities through 2037 at interest rates ranging from 4.25% to 9.25%.

Vesting — Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of credited service. A participant is fully vested after three years of credited service as follows:

Completed Years of Service	Vested Interest in the Company's Contributions
Less than two years	- %
Two years	50
Three or more years	100

Payment of Benefits — A participant's vested Plan benefits will be distributed at retirement, death, disability, or termination of employment. For termination due to retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum.

Withdrawals — A participant may withdraw all or a portion of his or her contributions (plus earnings) and Company matching and discretionary contributions (plus earnings) for any reason after reaching age 59 1/2 or prior to reaching age 59 1/2 in the case of hardship (as described in the Plan document).

Forfeited Accounts — At December 31, 2013 and 2012, forfeited nonvested accounts totaled $16,368 and $11,617.49, respectively. These accounts will be used first to reduce future administrative expenses and then to reduce future employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting. Under the modified cash basis of accounting, contributions, loan repayments, fund transfers, distributions, and expenses are recognized when received or paid.

Purchases and sales are recorded on the settlement date. Interest income and dividends are recorded on a cash basis. Net appreciation or depreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year. See Note 4 for further information regarding the fair value measurement of the Plan's investments.

Use of Estimates — The preparation of financial statements (modified cash basis) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds composed of U.S. government securities, corporate debt, and equity instruments (both domestic and foreign). Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements (modified cash basis). For all mutual funds, refer to the specific fund's prospectus and annual report for a full description of each fund's holdings and significant concentrations of credit risks.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are stated at amortized cost, which approximates fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The commingled pooled fund is valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV of the commingled pooled fund is based on the fair value of the underlying investments held by the fund less its liabilities. The commingled pooled fund is stated at fair value and then adjusted to contract value as described below.

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 962-325, *Plan Accounting-Defined Contribution Pension Plans — Investments — Other*, the commingled pooled fund is included at fair value in the statements of net assets available for benefits (modified cash basis) and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits (modified cash basis) is presented on a contract-value basis and is not affected by ASC Topic 962-325.

Management fees and operating expenses charged to the Plan for investments in the money market fund, mutual funds, and the commingled pooled fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. As of December 31, 2013 and 2012, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid.

Administrative Expenses — Administrative expenses incurred by the Plan may be paid by the Company directly or from forfeited funds held as assets of the Plan at the discretion of the Plan's management. For the year ended December 31, 2013, administrative expenses were $13,735. No forfeited funds were used to pay administrative expenses during the fiscal year ended December 31, 2013.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of IRC limits.

Subsequent Events — Subsequent events were evaluated through September 17, 2014, the date the financial statements (modified cash basis) were available to be issued.

Accounting Standard Updates — Accounting standards updates effective after December 31, 2013, are not expected to have a material effect on the Plan's statement of net assets available for benefits or statement of changes in net assets available for benefits.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements (modified cash basis) and supplemental schedule, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

The tables below present the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, which were certified by Fidelity Management Trust Company. Single investments that represent more than 5% of Plan net assets available for benefits have been separately identified by an asterisk (*) in the table below.

Note: All investment balances and information as of December 31, 2013 and 2012, as disclosed in Note 4 are certified by Fidelity Management Trust Company, excluding the classification of investments by level.

4. FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. For a description of the specific inputs and valuation techniques used to measure the fair value of the Fidelity Managed Income Portfolio, refer to Note 5.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2013:

	Type of Investment	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2013 Total

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2013 and 2012, there were no transfers in or out of Level 1, Level 2, or Level 3.

5. COMMINGLED POOLED FUND

The Fidelity Managed Income Portfolio (the "Fund") is a commingled pooled fund sponsored by Fidelity Management Trust Company that invests in guaranteed investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of $1 per unit. Distribution to the Fund's unitholders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of $1 per unit; although, there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan — Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC
- The establishment of a defined contribution plan that completes with the Plan for employee contributions
- Any communication given to Plan participants by the Plan Sponsor, any other plan fiduciary, or Fidelity Management Trust Company that is designed to induce or influence participants not to invest in the Fund or to transfer assets of the Fund
- Any transfer of assets from the Fund directly to a competing investment option
- Complete or partial termination of the Plan or its merger with another plan.

There are no restrictions within the Fund related to frequency or notice periods for redemptions out of the Fund; however, the Fund may take up to 12 months to fulfill a payout in the event that withdrawals are directed by the Plan Sponsor. Any transfers out of the Fund must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Circumstances That Affect the Fund — The Fund invests in assets, typically fixed-income securities or bond funds, and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in

extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative rule applicable to the Plan that could have a material adverse effect on the Fund's cash flow
- Employer-initiated transactions by participating plans as described above.

In the event that wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

Average Yields — Wrap contracts accrue interest based on the future interest crediting rate. The interest crediting rate is the discount rate that equates the estimated future value of the Fund with the Fund's current contract value. Crediting rates are reset monthly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%. Primary variables affecting future crediting rates of the Fund include the current yield, duration, and existing difference between market and contract value of the underlying assets within the wrap contract as of December 31, 2013 and 2012, as follows:

	2013	2012
Average yields:		
Based on annualized earnings (1)	1.02 %	1.86 %
Based on interest rate credited to participants (2)	1.70	1.22

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the investments on the same date.

Inputs and Valuation Techniques — The Fund consists of Level 1, Level 2, and Level 3 investments, which accounted for 2.27%, 97.69% and .04%, respectively, of the Funds' investments as of December 31, 2013. The fair value of the Fund is determined based upon the underlying fair value of the Fund's investments.

The Fund's Level 2 investments consist primarily of debt securities that are valued based on prices received from independent pricing services or from dealers who make markets in such securities. In determining the fair value of the Level II investments, the pricing services utilized by the Fund use matrix pricing which considers yield or price of bonds of comparable quality, coupon, maturity and type, attributes of any collateral, as well as dealer-supplied prices. Short-term Level 2 securities with remaining maturities of 60 days or less for which quotations are not readily available are valued at amortized cost, which approximates fair value.

The Fund's Level 3 investments consist of investments in wrap contracts. These contracts are fair valued using a discounted cash flow model that considers recent free bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio of securities.

Due to the fact that 97.69% of the fair value of the Fund is based upon Level 2 investments, the Plan's investment in the Fund has been classified as a Level 2 investment as of December 31, 2013.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds, mutual funds, and commingled pooled funds that are managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity Investments Institutional Operations Company, Inc., is owned by the same party that owns Fidelity Management Trust Company, and therefore, these transactions qualify as exempt party-in-interest transactions. However, such transactions are exempt from the prohibited transaction rules of ERISA and the IRC. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. TAX STATUS

The Plan uses a volume submitter profit-sharing plan document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the Plan satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements (modified cash basis).

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize an income tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements (modified cash basis). The Plan is subject to routine audits by taxing jurisdictions. In November 2010, the IRS notified the Plan Administrator that it would examine the Plan's annual report and records for the year ended December 31, 2008. The IRS completed their examination and has accepted the return as filed with no impact to the Plan. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. VOLUNTARY COMPLIANCE RESOLUTION

In 2013, the Company filed an application for a compliance statement from the Internal Revenue Service (IRS) under the voluntary compliance resolution program. The compliance statement was sought with respect to the following operational failure:

- *ADP Test Failure* — The Plan failed the ADP test for the 2008 Plan year and failed to make correction timely. Corrective distributions were made to the highly compensated employees and allocations were made to the eligible non-highly compensated employees. The Company made corrective distributions of $59,925 related to the 2008 Plan year in 2013. The corrective distribution made by the Company to the Plan has been classified as other employer contributions.

By a letter dated September 16, 2013, the Company was informed by the IRS that their application for a compliance statement was accepted, and the Plan will not be subject to disqualification.

10. RECONCILIATION OF FINANCIAL STATEMENTS (MODIFIED CASH BASIS) TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements (modified cash basis) to the total net assets per the Form 5500 as of December 31, 2013 and 2012, and the increase in net assets per the financial statements (modified cash basis) to the net income per the Form 5500 for the year ended December 31, 2013, is as follows:
