Notes to Financial Statements

1. Description of the Plan

The following description of the Goforth & Marti 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to employees of Goforth & Marti, Inc. and G/M Business Interiors of San Diego, LLC (collectively the Company). Employees must be 21 years of age and complete three months of service to be eligible to make elective deferrals. Employees may begin contributing to the Plan beginning on the first day of the calendar quarter coinciding with or next following the satisfaction of the eligibility requirements. Employees must be 21 years of age and have a minimum of one year of service with 1,000 hours to be eligible to participate in the Company matching, Company non-elective, and Company safe harbor contributions, and must be employed at the end of the Plan year to participate in the Company's matching and Company non-elective contributions.

Contributions

Under the provisions of the Plan, each active participant may enter into a salary deferral agreement with the Company, deferring up to the maximum allowable amount as determined yearly by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company, at its discretion, may make matching contributions to the Plan. The matching contribution percentage is not to exceed six percent of an eligible employee's compensation. For the year ended December 31, 2013, the Company elected not to make a matching contribution to the Plan.

The Company, at its discretion, may make a non-elective contribution to the Plan. The Company may establish various classifications of employees and in doing so, may contribute a different percentage of compensation to each classification of employees. For the year ended December 31, 2013, the Company elected not to make a non-elective contribution to the plan.

The Company, at its discretion on a yearly basis, may make a safe harbor contribution to the Plan of three percent of employee's eligible compensation. For the year ended December 31, 2013, the Company elected not to make a safe harbor contribution to the Plan.

Participant Account

An account is maintained for each participant. The participant's account is credited with the participant's contributions, Company matching contributions, Company non-elective contributions, Company safe harbor contributions, and participant's Plan earnings and losses.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contribution plus earnings thereon. Vesting in Company matching and non-elective contributions are based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 hours or more of service. After two years of service, a participant becomes 20 percent vested. Each service year thereafter will increase the participant's vesting by 20 percent, with 100 percent vesting after six years.

1. Description of the Plan (Continued)

Investment Options

Each participant directs employee and Company contributions to his or her account in investment options offered by the Plan. The investment options under John Hancock Life Insurance Company (U.S.A.) include various pooled separate accounts and a stable value fund.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. At any time, a participant may only have one loan outstanding. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined periodically by the Plan Administrator. Interest rates range from 4.25 percent to 8.25 percent. Principal and interest are paid ratably through payroll deductions. Any outstanding loan balance will become due and payable in its entirety upon occurrence of a distributable event.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants are entitled to a lump-sum distribution of the value of the vested interest in the participant's account. Participants who terminate employment shall receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $15,665 and $11,019, respectively. These funds are available to reduce future Company contributions or pay Plan expenses, as defined by the Plan. During the year ended December 31, 2013, there were no Company contributions made to the Plan and no amount of forfeited nonvested accounts were used to pay Plan expenses.

2. Summary of Accounting Policies

The preparation of these financial statements requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Plan management has considered events occurring through August 20, 2014 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statement of net assets available for benefits, which should be disclosed. The financial statements were available to be issued at this date.

Plan management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan's document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2013 excess contributions to the applicable participants subsequent to Plan year ending December 31, 2013.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified by the Custodian (Unaudited)

At December 31, 2013 and 2012, the Plan's investments were held by the Custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

	December 31,	
	2013	2012
Investments		
Pooled separate accounts	$ 2,770,811	$ 2,376,997
Stable value fund	929,325	1,142,369
Cash	15,665	11,019
	$ 3,715,801	$ 3,530,385
Notes receivable from participants	$ 167,392	$ 207,319
Investment income		
Net appreciation in fair value of investments	$ 445,756	
Interest income on notes receivable from participants	$ 8,843	

The above amounts do not reflect adjustments for notes receivable payments in transit at December 31, 2013 and 2012.

4. Investments (Unaudited)

The fair values of individual investments that represent five percent or more of the Plan's net assets as of December 31 are as follows:

	2013	2012
John Hancock Stable Value Fund	$ 929,325	$ 1,142,369
Lifestyle Fund – Balanced Portfolio	526,750	436,167
Lifestyle Fund – Growth Portfolio	576,115	399,067
Lifestyle Fund – Aggressive Portfolio	239,212	–

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as investments held during the year) appreciated in value as follows:

Pooled separate accounts	$ 428,868
Stable value fund	13,111
	$ 441,979

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Accounting Standards Codification Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value (NAV) of the underlying assets held by the separate account.

Stable value fund: Valued based on the fair market value of each unit held, which is derived from the fair market value of the underlying net assets disclosed in the stable value fund's audited financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

5. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Cash	$ 15,665	$ -	$ -	$ 15,665

Total investments at fair value	$ 15,665	$ 3,700,136	$ -	$ 3,715,801

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Cash	$ 11,019	$ -	$ -	$ 11,019
Pooled separate accounts				
Asset allocation - lifestyle	-	1,080,907	-	1,080,907
Fixed income	-	430,095	-	430,095
Growth and income	-	390,257	-	390,257
Growth	-	273,508	-	273,508
Aggressive growth	-	202,230	-	202,230
Total pooled separate accounts	-	2,376,997	-	2,376,997
Stable value fund	-	1,142,369	-	1,142,369
Total investments at fair value	$ 11,019	$ 3,519,366	$ -	$ 3,530,385

5. Fair Value Measurements (Continued)

The NAV of pooled separate accounts is based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy as noted below. Due to the nature of these securities, there are no unfunded commitments or redemption restrictions. Each pooled separate account provides for daily redemption by the Plan with no advance notice requirements.

- *Growth funds*, such as the aggressive growth, growth and income, and growth pooled separate accounts, seek to provide long-term capital appreciation from a diversified portfolio of primarily equity securities.

- *Asset allocation – lifestyle funds* seek to provide capital appreciation and current income resulting in high total investment return consistent with prudent investment risk and a balanced investment approach.

- *Fixed income funds* seek to provide high current income and capital preservation.

6. Related-Party and Party-in-Interest Transaction

The Plan invests in pooled separate accounts and a stable value fund managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) acts as Custodian for only those investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included as a reduction of the return earned on each investment, as the fees are paid through revenue sharing, rather than paid as a direct payment. The Plan Sponsor directly pays any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company matching and non-elective contributions.

8. Tax Status

The Company adopted a Volume Submitter 401(k) Plan with a cash or deferral arrangement, which received an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Trustee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

To the Trustee of the
Goforth & Marti 401(k) Profit Sharing Plan

We were engaged to perform a Department of Labor (DOL) limited-scope audit of the financial statements of Goforth & Marti 401(k) Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2013, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

In planning and performing our audit of those financial statements in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Trustee of the
Goforth & Marti 401(k) Profit Sharing Plan

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Goforth & Marti 401(k) Profit Sharing Plan (the Plan) for the year ended December 31, 2013 and have issued our report thereon dated August 20, 2014. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated July 3, 2014. Professional standards also require that we communicate to you the following information related to our audit:

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. We evaluated the key factors and assumptions used to develop accounting estimates in determining that they were reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management:

- Record payable for refund of excess contributions and earnings of $23,310.
- Record notes receivable payments in transit of $3,186.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 20, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the schedule to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplemental schedule to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustee and management of Goforth & Marti 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Soren McAdam Christenson LLP
