INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Southern Bleacher Holdings, Inc. 401(k) Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Southern Bleacher Holdings, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 2 and 3, which was certified by MassMutual Financial Group and Hartford Life Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that MassMutual Financial Group held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2013, and Hartford Life Insurance Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2012. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis of Disclaimer of Opinion Paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Description

The following description of Southern Bleacher Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006, as a defined contribution plan to benefit participating employees of Southern Bleacher Company and its affiliated companies (the Company). The Plan year is the twelve months ending December 31. The Plan is established to comply with Internal Revenue Code Sections 401 and 501. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees of record at January 1, 2006 were eligible to participate. Thereafter, a new employee becomes eligible to participate in the Plan upon attaining 21 years of age and completion of one year of service and 1,000 hours of service. Entry dates for the Plan are January 1 and July 1 following satisfaction of eligibility requirements. The participating employers are: Southern Bleacher Holdings, Inc., Southern Bleacher Company, Inc., HUB Machine & Tool, Inc. and HUB Fishing Tools, Inc.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Contributions

Participants can make elective contributions through salary deductions of their compensation, as defined in the Plan, not to exceed the maximum IRS limits. Each year, the employer can make matching contributions equal to a discretionary percentage of the participant's salary reductions for employees employed on the last day of the plan year. The employer match for the years ended December 31, 2013 and 2012 was 25% of the first 6% of an employee's deferral, within the maximum IRS limits. Rollover contributions are allowed if they meet certain requirements of the Plan.

Forfeitures

Forfeitures will be used to reduce future employer contributions to the Plan. The amount of forfeitures for the years ended December 31, 2013 and 2012 was $1,085 and $3,047, respectively.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching contribution to their accounts is based on years of service, as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Participant Accounts

Each participant's account is credited with contributions and earnings from their investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

Loans to participants may be made up to $50,000 or 50% of their vested interest. The minimum loan is $1,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant will receive benefits as a lump-sum amount equal to the value of his or her account. If the vested benefit upon termination of employment in the Plan does not exceed $1,000, then the balance will be distributed automatically. Otherwise, distributions are made at the participant's election.

The normal retirement age is the date a participant attains his 65th birthday. If a participant has reached age 59 ½, distributions may be made, at the participant's election, from accounts that are 100% vested, without requiring the participant to terminate employment. Hardship distributions may be made under certain circumstances from accounts that are 100% vested.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Withdrawing Participant Obligations

Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year end, but not paid as of that date. These amounts were not deemed material at December 31, 2013 and 2012.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Expenses

The plan sponsor pays substantially all general Plan expenses.

NOTE 3: CERTIFIED INFORMATION

For the Plan years ended December 31, 2013 and 2012, the financial information included in the Plan financial statements and required supplemental schedule, has been derived from information certified as complete and accurate by MassMutual Financial Group and Hartford Life Insurance Company, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

NOTE 5: INCOME TAX STATUS

The Plan obtained its latest determination letter on June 29, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Department of Labor and the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: RELATED-PARTY TRANSACTIONS

Certain Plan investments are in mutual funds managed by MassMutual Financial Group and Hartford Life Insurance Company, the custodians of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8: EXCESS CONTRIBUTIONS PAYABLE

Contributions received from participants are net of payments made in subsequent years to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts totaled $40,731 and $60,250 at December 31, 2013 and 2012, respectively, and are included in the Plan's statement of net assets available for benefits as excess contributions payable.

NOTE 9: FAIR VALUE MEASUREMENTS

Authoritative guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. The price in the principal (or most advantageous) market used to measure the fair value of the asset or liability shall not be adjusted for transaction costs. An orderly transaction is a transaction that assumes exposure to the market for a period prior to the measurement date to allow for marketing activities that are usual and customary for transactions involving such assets and liabilities; it is not a forced transaction. Market participants are buyers and sellers in the principal market that are (i) independent, (ii) knowledgeable, (iii) able to transact and (iv) willing to transact.

Authoritative guidance requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to a single present amount on a discounted basis. The cost approach is based on the amount that currently would be required to replace the service capacity of an asset (replacement costs). Valuation techniques should be consistently applied. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

In that regard, authoritative guidance establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Inputs - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 9: FAIR VALUE MEASUREMENTS – continued

Level 3 Inputs - Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below.

In general, fair value is based upon quoted market prices, where available. If such quoted market prices are not available, fair value is based upon internally developed models that primarily use, as inputs, observable market-based parameters. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. While management believes the Company's valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Pooled Separate Accounts - Investments are reported at fair value utilizing Level 1 inputs. For these investments, the Plan obtains fair value measurements from an independent pricing service. The fair value measurements consider observable data that may include dealer quotes, market spreads, cash flows, the U. S. Treasury yield curve, live trading levels, trade execution data, market consensus prepayments speeds, credit information and the bond's terms and conditions, among other things.

The following table summarizes financial assets measured at fair value on a recurring basis as of December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013December 31, 2013 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012 and 2012, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:
