Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of these statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by New York Life Retirement Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matters

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2013, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express and opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with ERISA.

GULLO COMPANIES 401(K) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The Gullo Companies 401(k) Savings Plan (the "Plan") provides retirement savings benefits to eligible employees of Tony Gullo Motors, I, L.P. dba Gullo Toyota of Conroe, Gullo Cars of Conroe, I, L.P. dba Gullo Ford of Conroe, Lakeside Imports dba Lakeside Toyota, and Northshore Motors, I., L.P. dba Northshore Toyota (collectively the "Companies" or "Employer"). Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Companies through pre-tax voluntary contributions by employees and contributions by the Companies. Employees are eligible to participate in the Plan after the employee has reached 21 years of age and completed one year of service. The entry date for all eligible employees is the first day of the following calendar quarter after becoming eligible. The Plan, which commenced effective July 1, 1997, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Prior to October 2013, the Plan offered pooled separate accounts as the only investment option. In October 2013, the Plan was modified whereby mutual funds are the primary investment option along with a single pooled separate account that invests in a common collective trust.

Plan Custodian and Trustees – The Companies contract with New York Life Retirement Services (the "Custodian") to maintain custody of all investments held by the Plan, to maintain the Plan's participant account balances and to provide investment advisory services. For the year ended December 31, 2013, the Trustees of the Plan were members of the Administrative Committee, which is comprised of the following: Anthony R. Gullo, Tony L. Gullo, and Rhowan Collins.

Participants' Accounts – Participant accounts consist of voluntary and rollover contributions by employees, discretionary matching contributions by the employer, and profits or losses of the investments of the accounts, and are charged with an allocation of plan expenses. Separate investment accounts are maintained for each participant for all contributions. Each participant's account is credited with employee and employer contributions and is invested among a family of investment options as directed by the participants. Allocations are based on participant earnings or account balances, as defined.

Contributions – Employees electing to participate in the plan may elect to contribute amounts up to IRC limits, which is $17,500 for 2013. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions, which is $5,500 for 2013. Until September 30, 2013, on a monthly basis, the Companies made matching contributions of twenty-five percent (25%) of the first three percent (3%) of participant's compensation. Starting October 1, 2013, the Companies made matching contributions of fifty percent (50%) of the first seven percent (7%) of participant's compensation. The amount of the Companies matching contribution is at the discretion of the Board of Directors of the Companies, and may be reduced or suspended at any time. The annual maximum matching contribution is $2,000 per participant.

NOTES TO THE FINANCIAL STATEMENTS

Rollovers – Rollovers represent funds transferred to the Plan from other qualified defined contribution plans.

Vesting – Participants are immediately vested in their pre-tax deferred contributions, rollover contributions, and any income or loss thereon. Matching contributions and other discretionary employer contributions to the Plan, plus any income or loss thereon, are vested as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Distributions – Distributions to a terminated employee with a vested account balance not exceeding $1,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution or to rollover the distributions into another retirement plan. If a terminating employee has a vested account balance exceeding $1,000, the participant may elect to maintain their balances within the Plan.

The Plan permits automatic rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000; and ii) the participant has not elected to receive or roll over the distribution.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants age 59 ½ or older may also withdraw all or any part of their vested account.

Forfeitures – Participants who terminate employment with the Companies prior to full vesting forfeit the non-vested portion of the Companies contribution and any income or loss thereon. Forfeitures may be used to reduce future employer contributions in accordance with the plan documents. At December 31, 2013 and 2012, forfeited non-vested accounts totaled $6,778 and $1,819, respectively.

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Notes receivables from participants are secured by the balance in the participant's account and bear interest between 4.25% per annum and 9.00% per annum. Loan terms range from one to five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable period of time. The Administrator will determine a reasonable rate of interest by reviewing the interest charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions. The Plan has assessed the collectability of the amounts receivable as of December 31, 2013 and has determined all amounts are collectable. Therefore, the Plan has not accrued any allowance for doubtful accounts.

Continuation of the Plan – The Companies intend to continue the Plan indefinitely, but reserves the right to terminate the Plan, in whole or in part, in accordance with the provisions of the Plan. Should the Plan terminate, the account of each participant shall be fully (100%) vested and nonforfeitable as of the effective date of termination of the Plan. The participant's account shall continue to participate in the earnings credited, expenses charged, and any appreciation or depreciation of the investment fund until the vested account is distributed. The vested accounts will be distributed to participants after the effective date of the Plan termination in a manner permitted by the Plan as soon as practicable.

Administrative Expenses –The Companies may pay, at their discretion, all expenses incurred in the administration of the Plan, including expenses and fees of the administrator and Custodian. Additionally, the Companies provide various other operational and administrative services to the Plan for which the costs are incurred directly by the Companies. These expenses are not included in the Plan's financial statements. Any administrative expenses not paid by the Companies are paid directly by the Plan and the participants. Administrative expenses paid by the plan to the third party administrator totaled $1,308 for the plan year ended December 31, 2013.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements have been prepared on the modified cash basis of accounting. Under this basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

Payments of Benefits – Benefit payments are recorded when paid.

Investment Valuation and Income Recognition – The categorization of the Plan's financial instruments within the valuation hierarchy provided in Note 5 is based upon the lowest level of input that is significant to the fair value measurement. Investments that are valued using quoted market prices are classified within level 1 of the valuation hierarchy, assets that are valued using internally-developed models that use, as their basis, readily observable market parameters, are classified within level 2 of the valuation hierarchy, and assets that are valued based upon models with significant unobservable market parameters are classified within level 3 of the valuation hierarchy.

The following is a description of the valuation methodologies used for the Plan's instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified in level 1 of the valuation hierarchy.

NOTES TO THE FINANCIAL STATEMENTS

Pooled Separate Accounts for 2012 – These investments (other than New York Life Anchor Fund) are valued using the net asset value ("NAV") of units held by the Plan at year end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. The fair value for pooled separate accounts is classified within the level 2 of the valuation hierarchy because their fair values are not quoted on an active market; however, their unit prices are based on underlying investments which are traded on an active market.

Pooled Separate Account for 2013 – The investment in the shares of New York Life Anchor Fund ("NYLAF") is recorded at fair value and classified within the level 3 of the valuation hierarchy. NYLAF is a fully benefit-responsive investment, and as required, an adjustment is made to reflect NYLAF at contract value, which represents cost plus accrued income less redemptions. The fair value of the guaranteed investment contract is generally determined by discounting the scheduled future payments required under the contract. The fair value of wrap contracts reflects the discounted present value of the difference between the current wrap contract cost and its replacement costs, based on issuer quotes. For assets other than investment contracts, including securities underlying synthetic investment contracts, fair value generally is reflected by market value at close of business on the valuation date.

The investment objective is to seek the preservation of capital and to provide a competitive level of income that is consistent with the preservation of capital. The fund invests in assets typically fixed-income securities or bond funds and enters into "wrap" contracts issued by third parties.

The Trustee maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by the Trustee. Contract value represents invested principal plus accrued interest on the investment contracts held. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

During 2013, the average yield for an investment in NYLAF was approximately 2.2%. At December 31, 2013, fair value approximates contract value.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

Recent Accounting Pronouncements – Recent accounting pronouncements issued by the FASB or other authoritative standards groups with future effective dates are either not applicable or are not expected to be significant to the Plan's modified cash basis financial statements.

Subsequent Events – As of September 23, 2014, the date the financial statements were available to be issued, the Plan has determined that there are no subsequent events which require recognition or disclosure in these financial statements.

NOTE 4 – INCOME TAX STATUS

The Plan has received a favorable volume submitter determination letter, dated March 31, 2008, from the Internal Revenue Service ("IRS") stating the volume submitter Plan qualifies under section 401 (a) of the Internal Revenue Code ("IRC") and, therefore, has made no provision for federal income taxes. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTES TO THE FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2009. Generally, the applicable statutes of limitations are three to four years from their filings.

NOTE 5 – FAIR VALUE MEASUREMENTS

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the custodian, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

Fees paid by the Plan to the third party administrator for administrative expenses amounted to $1,308 for the year ended December 31, 2013.

The Plan has notes receivable from participants at December 31, 2013 and 2012. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.
