Independent Auditor's Report

To the Trustees and Plan Administrator of the USI 401(k) Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the USI 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Nationwide Trust Company, FSB, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
USI 401(k) Plan
December 31, 2013 and 2012

Note A – Description of the plan

The following brief description of the USI 401(k) Plan (“the Plan”) is provided for general information purposes only. The Plan is sponsored by U.S. Imaging, Inc. (the “Plan Sponsor” or “Company”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, originally established January 1, 2000, under the name of U.S. Imaging, Inc. Employees Savings Trust Plan. The Plan was restated in its entirety effective January 1, 2010 under the name of USI 401(k) Plan and to conform to recent legislative and regulatory changes. The Plan covers all employees of U.S. Imaging, Inc., East Side Surgery Center, Ford Bend Surgery Center, National Associates for Sleep, US Anesthetic Services PA, FBSC Premier Plastic Surgery Group, LLC, National Medical Equipment, LLC and Radical Firearms, LLC, who have completed three (3) months of service and attained the age of eighteen (18). An employee’s entry date is the first day of the Plan year or first day of the seventh month of the Plan year coinciding with or next following the date eligibility requirements are satisfied. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”) and subsequent related amendments and revisions. The Company is the designated administrator of the Plan and Nationwide Trust Company, FSB is the custodian of the Plan responsible for the management and control of the Plan’s assets which are held in individual participant investment accounts.

Participant accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) employer discretionary matching and nonelective profit sharing contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Eligible participants may also designate all or a portion of their deferrals as Roth Elective deferrals. Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may discontinue their election to contribute at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. Transfers from qualified plans are allowed under the provisions of the Plan. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Company may make matching contributions per pay period equal to a discretionary percentage, to be determined by the Employer, of the participant’s elective deferral. During 2013 and 2012, the Company contributed 25% of the employee’s contribution totaling \$95,642 and \$107,174, respectively.

Additionally, each Plan year the Company may make discretionary nonelective profit sharing contributions in amounts determined by the Company. Profit sharing contributions are allocated to eligible participants based

Notes to the Financial Statements
USI 401(k) Plan
December 31, 2013 and 2012

upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year and have met the year of service requirement share in any discretionary profit sharing contributions. No discretionary nonelective profit sharing contributions were made during the year ended December 31, 2013.

ERISA and the IRC provide that plans such as USI 401(k) Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2013 and 2012, excess contributions due to participants were \$0 and \$4,657, respectively.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in shares of publicly traded registered investment companies. Participants may change their investment mix during the year and such changes are subject to the restrictions made by the Company.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's matching and nonelective profit sharing contributions and earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company match and nonelective profit sharing contributions and earnings is determined as follows:

<u>Years of Service:</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will first be used to pay plan administrative expenses. Any remaining forfeitures resulting from non-vested Employer contributions other than matching contributions and earnings thereon may be used reduce any Employer contributions. Forfeitures resulting from Employer matching contributions will be used to reduce the Employer matching contributions. Forfeited non-vested accounts amounted to \$916 and \$1,221 at December 31, 2013 and 2012, respectively. During 2013 and 2012, the Company applied \$11,957 and \$8,055, respectively, from the forfeiture balance to

Notes to the Financial Statements
USI 401(k) Plan
December 31, 2013 and 2012

reduce employer contributions. At December 31, 2013, there are \$916 of forfeitures that have not yet been applied to reduce the Company's contributions or pay plan administrative expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their account balance, whichever is less. No more than one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 4.25%, which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to ten (10) years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. Participants may defer receipt of distribution until a later date unless their account balance is \$5,000 or less. If the vested account balance is \$5,000 or less, the Company will direct the Nationwide Trust Company, FSB ("the Custodian") to distribute the vested account balance to the participant, without consent, into an IRA for their benefit.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need. In accordance with Internal Revenue Service ("IRS") regulations, participants must exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Participant's deferral contributions to the Plan will be suspended for six (6) months after the receipt of the hardship distribution.

Administrative Expenses

Certain administrative expenses incurred by the Plan are paid by the Company at its discretion, and any Plan expenses not paid by the Company are paid by the Plan such as expenses incurred in connection with the administration of the Plan. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled \$13,924 and \$11,041 for the years ended December 31, 2013 and 2012, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

Notes to the Financial Statements

USI 401(k) Plan

December 31, 2013 and 2012

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In April 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2013-07, *"Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting"* ("ASU 2013-07"). ASU 2013-07 will require an entity to use the liquidation basis of accounting if liquidation is imminent. Liquidation will be considered "imminent" when (1) a liquidation plan has been approved by those with the authority to do so and the chance of the plan being blocked by other parties is remote or (2) a liquidation plan is imposed by other forces (e.g., involuntary bankruptcy). ASU 2013-07 is effective prospectively for interim or annual periods beginning on or after December 15, 2013. Plan management does not expect this guidance to have an impact on the Plan's financial statements.

In October 2012, the Financial Accounting Standards Board ("FASB") issued ASU No. 2012-04, *"Technical Corrections and Improvements"* ("ASU 2012"), which contains amendments that affect a number of topics, including technical corrections and improvements to the Accounting Standards Codification ("ASC") and conforming amendments related to fair value measurements, which include clarifying the treatment of selling costs for plan investments in determining fair value of plan assets subject to ASC Topic 962, *"Plan Accounting - Defined Contribution Pension Plans."* These amendments are effective for periods beginning after December 15, 2013. The adoption of this ASU did not impact the Plan's financial statements.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"*. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Notes to the Financial Statements
USI 401(k) Plan
December 31, 2013 and 2012

Benefits paid to participants are recorded when paid. As of December 31, 2013, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment options such as shares of registered investment companies. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian(s) (Unaudited) or Investments

At December 31, 2013 and 2012, the Plan's investments were held by Nationwide Trust Company, FSB ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets, as reported by the Custodians is summarized as follows:

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at quoted market prices that represent the net asset value ("NAV") of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013 and 2012:

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies managed by Nationwide Trust Company, FSB who has been designated as the custodian and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan has notes receivable from certain of its participants which are secured by the balances in the participants' accounts. Therefore, related transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Notes to the Financial Statements
USI 401(k) Plan
December 31, 2013 and 2012

All other transactions which may be considered party-in-interest transactions relate to normal plan management and administrative services, and the related payment of fees.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully (100%) vested and non-forfeitable in the employer contributions allocated to their accounts as of the effective date of termination of the Plan. Should the Plan partially terminate, the account of each participant who is deemed to be affected by the partial termination shall be fully (100%) vested and non-forfeitable as of the effective date of the partial termination. The participant's account shall continue to participate in the earnings credited, expenses charged, any appreciation or depreciation of the investment fund until the vested account is distributed. The vested accounts may be distributed to participants after the effective date of the Plan termination.

Note G - Tax status

The underlying non-standardized prototype profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS non-standardized prototype profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of September 19, 2014, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
