NOTES TO FINANCIAL STATEMENTS**

1. Description of Plan

The following description of the Consolidated Graphics, Inc. (the "Company") Collectively Bargained Employee 401(k) Savings Plan (the "Plan" or the "Union Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective August 1, 2002 as a defined contribution plan. The Plan was amended and restated, effective January 1, 2011, to incorporate all previous amendments and to comply with the latest tax laws and regulations. All employees of the Company and any affiliated employer which has adopted the Plan, who have attained the age of 19, completed at least one (1) month of service and whose participation in the Plan has been negotiated through collective bargaining are eligible to participate in the Plan, except (i) non-resident aliens who do not receive any United States source income, (ii) leased employees, and (iii) individuals classified as independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the last quarter of 2011, Plan management determined that certain participant accounts, previously transferred from the Hennegan Company Thrift and Savings Plan to the Consolidated Graphics, Inc. Employee 401(k) Plan ("CGX Plan"), belonged to union employees and thus, should have been transferred to the Union Plan. Additionally, Plan management determined that certain other employees' accounts were set up in the Union Plan and such employees should have been participating in the CGX Plan. Corrections were made during the first quarter of 2012, and accordingly, participant accounts totaling \$1,176,775 were transferred from the CGX Plan to the Union Plan and participant accounts totaling \$79,622 were transferred from the Union Plan to the CGX Plan. A net transfer from the CGX Plan, in the amount of \$1,097,153, is reported on the Statement of Changes in Net Assets Available for Benefits during the year ended December 31, 2012. These participant accounts were not adversely affected during the period when they were participating in the other plan because both plans have identical investment options and realized the same income/losses.

The Board of Directors of the Company voted, on January 28, 2014, to terminate the Plan and accordingly, effective January 30, 2014, contributions to the Plan are no longer accepted and no new loans could be obtained. (See Note 9.)

Administration

The Company created the Retirement Committee and appointed the members to manage the Plan. DWS Trust Company (the "Trustee") serves as the Plan trustee. ADP Retirement Services is the recordkeeper for the Plan and Morgan Stanley is the Plan investment advisor.

1. Description of Plan, continued

Contributions

Each year, participants may contribute from 1% to 50% of their pre-tax annual compensation not to exceed the limitation set forth in the Internal Revenue Code ("IRC") Section 402(g) (\$17,500 and \$17,000 in 2013 and 2012, respectively). Participants may make catch-up contributions, which are pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during 2013 and 2012 may not exceed \$5,500 in either year. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also provides for discretionary employer matching contributions not to exceed 6% of the participant's annual compensation. Additional amounts may also be contributed by the employer at the option of the Company's board of directors. During 2013 and 2012, the Company made no discretionary contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (i) Plan earnings and (ii) discretionary contributions made by the Company, if any, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as described in the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the current Wall Street Journal prime rate, re-determined monthly, plus 1%, with the resulting interest rate fixed over the term of the loan. Principal and interest payments are made by means of payroll withholdings according to the terms of the respective promissory note. Participant loans outstanding as of December 31, 2013 and 2012 totaled \$121,093 and \$152,623, respectively, and bore interest at rates ranging from 4.25% to 6.00% per year during 2013 and from 4.25% to 9.25% per year during 2012.

Payment of Benefits

Upon termination of employment due to death or retirement, a participant (or his or her designated beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to have the account balance distributed in installments. For termination of employment due to other reasons, the vested interest in his or her account will be distributed as a lump-sum distribution.

EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Description of Plan, continued

Vesting

Participants are immediately vested in their elective contributions, plus any earnings on such contributions and any qualified employer matching contributions. The vesting of certain discretionary employer contributions plus any earnings thereon is based on years of continuous service accrued by the participant while in covered employment. A participant vests at a rate of 20% per year until fully vested after five years of credited service.

Forfeited Accounts

All employer contributions, if any, that are credited to a participant's account, but not vested, are forfeited by the participant (or his or her beneficiary in the event of death) upon distribution of the fully vested value of his or her account. Forfeitures are generally used to pay Plan expenses or to reduce employer contributions. Although the Plan allows for discretionary matching contributions by the Company, no matching contributions have been contributed to participants. Thus, forfeitures do not normally occur in the Plan.

Administrative Expenses

All administrative fees of the Plan may be paid by the Company or the Plan, with the exception of loan set-up and maintenance fees, which are paid by participants. The Company did not incur significant fees on behalf of the Plan during the years ended December 31, 2013 and 2012.

2. Summary of Significant Accounting Policies

Basis of Accounting and Plan Termination

Due to the subsequent event described in Note 9, the Board of Directors of the Company voted on January 28, 2014 to terminate the Plan effective January 30, 2014 and intends to distribute all Plan assets by January 2015. As a result, participants became 100% vested in any previously non-vested account balances and the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2012 financial statements to the liquidation basis used in presenting the 2013 financial statements. This change in basis of accounting did not result in a change in the net assets available for benefits during 2013.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**CONSOLIDATED GRAPHICS, INC. COLLECTIVELY BARGAINED
EMPLOYEE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is accrued as earned. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. Investments

The following investments each represent five percent or more of the Plan's net assets at December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Federated Prime Cash Obligations Capital Fund	\$ 1,155,911	\$ 1,235,913

3. Investments, continued

During the years ended December 31, 2013 and 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by \$421,344 and \$181,460, respectively.

4. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013 and 2012.

4. Fair Value Measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2013 and 2012:

5. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by DWS Trust Company, the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Party-in-Interest Transactions

As of and for the years ended December 31, 2013 and 2012, the Plan issued loans to participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan is based on a non-standardized prototype plan. The prototype plan received an opinion letter from the Internal Revenue Service, dated May 1, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC of 1986, as amended.

8. Reconciliation of Plan Financial Statements to Form 5500

9. Subsequent Events

The Plan was amended, effective January 1, 2014, to change the trustee from DWS Trust Company to Reliance Trust Company.

On January 31, 2014, the Company was acquired by R.R. Donnelley & Sons Company. Effective January 30, 2014, the Plan was terminated and will accept no further contributions and will not grant new loans. Plan assets are expected to be distributed by January 2015.

Plan management has evaluated all subsequent events through August 28, 2014, which is the date the financial statements were issued, and has concluded that there are no other significant events to be reported.
