NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Shumaker, Loop & Kendrick Retirement Plan and Trust* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan, as amended and restated effective January 1, 2010, is a tax-qualified defined contribution retirement plan established for the principal purpose of providing retirement income to eligible employees and partners of *Shumaker, Loop & Kendrick, LLP* (the “Partnership”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Upon completion of one year of service, each employee or partner of the Partnership is eligible to participate in the compensation or earned income deferral election. Upon completion of two years of service, each partner or employee of the Partnership is eligible to receive an allocation of any discretionary Partnership contribution. Plan entry dates are January 1 and July 1. Associate attorneys are not eligible to participate in the Plan, but participate in the Shumaker, Loop & Kendrick Associates 401(k) Savings Plan (the “Associates’ Plan”).

Contributions

Contributions to the Plan are made (1) for an amount determined on a discretionary basis by the Management Committee of the Partnership, allocated to participants based on their eligible compensation or earned income, (2) for eligible partners, for specified amounts multiplied by points earned under the Partnership agreement and by years of service as defined in the Plan agreement, (3) for partners who elect to have a portion of their earned income contributed to the Plan, and (4) for employees who elect to defer a portion of their eligible compensation into the Plan. The Partnership also makes a contribution to the Plan each year based on the contribution and benefit base in effect under Section 230 of the Social Security Act and the participants’ compensation (earned income for partners) for the year. Contributions to the Plan are subject to certain limitations, as defined in the Plan agreement, which are modified from time to time to comply with changes in Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate any or all of their deferral contributions as Roth 401(k) after-tax deferrals. The Plan also provides for rollover contributions of amounts from other qualified employer plans, subject to certain restrictions as defined in the Plan agreement.

Transfers of Assets From Other Plans

The Plan received transfers from the Associates’ Plan of \$37,474 in 2013 and \$236,609 in 2012. These transfers were a result of prior associate attorneys becoming eligible to participate in the Plan.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Participants direct the investment of their accounts among the investment funds offered by the Plan, including two self-managed investment account options. Participants who have self-managed investment accounts pay any transaction fees and account fees. Participants who have elected to receive online investment services bear any fees that are charged related to these services. Participants' accounts are credited with their contributions, earnings based on the performance of the investment options selected by the participant, an allocation of Partnership contributions based on participant eligible compensation or earned income and are charged with an allocation of administrative expenses based on account balances.

Vesting

All contributions to the Plan vest immediately.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance, subject to a maximum aggregate dollar amount of loans outstanding to a participant at any time of \$50,000. The maximum amount is reduced by the excess of the participant's highest outstanding balance of all loans on any day during the one-year period ending on the day before the loan is made, over the outstanding balance of loans on the date the loan is made. All loans are required to be repaid in full, generally within five years, with the exception of loans obtained for the purchase of participants' personal residences, which are required to be repaid within fifteen years. Interest, at rates ranging from 4.25% to 8.50%, is charged at the Federal Reserve Bank Prime Rate at the time of the borrowing, plus one hundred basis points. Principal and interest are paid through payroll deductions.

Payment of Benefits

Participants are entitled to the full value of their account at normal retirement date (age 65), death or other termination of service, payable in a lump-sum, in installment payments or in the form of either a joint and 50% survivor annuity or 75% qualified optional survivor annuity (married participants) or a single life annuity (unmarried participants). The benefit to which participants are entitled is the benefit that can be provided from the balance in their account. In-service withdrawal of vested balances may be elected by participants who have reached the Plan's normal retirement age of 65; however, participants in a former plan merged into the Plan may receive in-service withdrawals of vested benefits at age 59½.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

Revenue sharing income received from mutual funds pays the Plan's administrative expenses related to auditing and consulting services rendered by parties-in-interest, with any balance of such expenses being paid by the Partnership. As party-in-interest transactions, these expenses are exempt from prohibited transaction rules. Certain expenses, such as investment management fees, self-managed account and transaction fees, insurance premiums, loan fees and distribution fees are borne by the applicable participant's account. Administrative fees are allocated to participants' accounts.

Plan Trustee and Custodian

Fifth Third Bank is the trustee of the Plan and holds most of the assets of the Plan. TD Ameritrade is the custodian of certain of the Plan's self-managed accounts.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. The statements of net assets available for benefits present the fair value of the ABN AMRO Income Plus Fund K as well as the adjustment of this fully benefit-responsive investment contract from its fair value of \$5,091,313 at December 31, 2013 and \$5,267,370 at December 31, 2012 to its contract value of \$5,082,339 at December 31, 2013 and \$5,227,895 at December 31, 2012. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments, and the Plan administrator deems the note receivable to be in default based upon terms of the Plan agreement, the note receivable is reduced and a deemed distribution of participant notes receivable is recorded.

Contributions

Partnership contributions are recorded in the period in which they become obligations of the Partnership. Participant contributions are recorded in the period in which they are withheld from the participant's compensation or earned income.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2013, the most recent statement of net assets available for benefits presented herein, through August 25, 2014, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, other than the fair value of the common/collective trust and the related adjustment from fair value to contract value for the fully benefit-responsive investment contract, Fifth Third Bank, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, (2) the December 31, 2013, schedule of assets (held at end of year), (3) the related investment activity reflected in the statement of changes in net assets available for benefits during 2013 and 2012, and (4) the information presented below. Fifth Third Bank has also certified the completeness and accuracy of notes receivable from participants, the related interest income, amounts due from and to broker for securities transactions and the noninterest-bearing cash as of December 31, 2013 and 2012 and for the years then ended.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each asset or liability is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Shares held in most mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding. Shares in one mutual fund are not traded in a market that is active and the fair value is determined by the issuer based on the value of the underlying securities. This fund is classified as Level 2.

Money market funds: Shares held in certain money market funds are comprised of debt securities with individual maturities of 13 months or less and an average maturity of 60 days or less. The composition of these securities is structured to maintain a value of \$1 per share. These money market funds are classified as Level 2. The fair value of other money market funds is based on quoted prices in active markets which represent the NAV of shares held by the Plan at year-end and are classified as Level 1.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Common and preferred stocks and exchange traded funds: Level 1 fair value measurement is based upon the closing price reported in the active markets in which the individual securities are traded.

Corporate bonds and government and agency securities: Values are estimated using benchmark yields, recently executed transactions, market price quotations (where observable), bond spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Corporate bonds and government and agency securities are classified as Level 2.

Certificates of deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Certificates of deposit are classified as Level 2.

Common/collective trust: The common/collective trust invests primarily in investment contracts issued by insurance companies, banks or other financial institutions. The issuer calculates the fair value of the common/collective trust by discounting the expected future cash flows for each investment contract. The discount rate used is based on the current yield of similar instruments with comparable duration. This investment is classified as Level 2.

Insurance annuity: The insurance annuity is valued by the issuer based on the fair values of underlying securities and, therefore, is classified as Level 2.

Cash surrender value of life insurance: The value is determined by the underwriting insurance companies. These investments are classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

The following table sets forth a summary of changes in the fair value of the cash surrender of life insurance, the Plan's Level 3 asset, for the years ended December 31:

	2013	2012
Balance, beginning of year	\$ 1,522,841	\$ 1,427,550
Total gains included in changes in net assets available for benefits	<u>68,634</u>	<u>95,291</u>
Balance, end of year	<u>\$ 1,591,475</u>	<u>\$ 1,522,841</u>

The following table sets forth the Plan's Level 3 investment, the valuation technique used to measure the fair value of that asset, and the significant unobservable input and the range of values for that input at December 31:

Instrument	Fair Value		Principal Valuation Technique	Unobservable Inputs	Weighted Average and/or Range of Significant Input Values
	2013	2012			
Cash surrender value of life insurance	\$ 1,591,475	\$ 1,522,841	Determined by underwriting life insurance companies	Ability of insurance companies to pay	N/A

In estimating fair value of the investments in Level 3, Plan management utilizes information provided by third-parties. In substantiating the reasonableness of the pricing data provided by these parties, Plan management evaluates a variety of factors including the terms of these policies, premiums paid and other factors.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fifth Third Bank, the trustee of the Plan, and TD Ameritrade, the custodian of certain Plan assets. Therefore, transactions related to these investments qualify as party-in-interest transactions (see Note 2). Fees paid by the Plan for investment management, fund expenses, self-managed investment account transactions and other recordkeeping fees are borne by the applicable participants' accounts and are included in administrative and other expenses. These fees amounted to \$376,947 in 2013 and \$360,005 in 2012.

Fees for legal, auditing, and other services rendered by parties-in-interest in the amount of \$18,105 in 2013 and \$32,325 in 2012 were paid by the Plan using revenue sharing income received from mutual funds owned by the Plan. Unallocated assets resulting from revenue sharing income and other sources that had not yet been used to pay Plan expenses were \$43,873 and \$23,111 at December 31, 2013 and 2012, respectively. Forfeiture balances in the amount of \$12,990 from a plan merged into the Plan in a prior year were allocated to participants of that plan during 2013.

NOTES TO FINANCIAL STATEMENTS

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Partnership by a letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. To the extent not used to pay expenses related to the termination of the Plan, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Partnership may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
