Note 1 – Description of Plan

The following description of the Orly International, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and employer matching plan covering substantially all employees of Orly International, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Orly International, Inc. (the "Company") is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan and receive employer matching contributions upon attaining 18 years of age and after completing six months of consecutive service. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing contributions. Entry to the Plan is the first day of each calendar month coincident with or next following satisfaction of the eligibility requirement.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. In 2013, the Company matched 50% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2013.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2013, the rates of interest on outstanding loans ranged from 4.25% to 7.00% with various maturities through September 2018.

Payment of benefits – On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Vested accounts of $1,000 or less will be automatically paid in a lump-sum amount as soon as administratively feasible. Vested accounts greater than $1,000, but not to exceed $5,000, will be automatically distributed in the form of an automatic IRA rollover.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled $6,214 and $6,089, respectively. For the year ended December 31, 2013, $10,497 was used for payment of plan administrative expenses from forfeited non-vested accounts. Forfeitures were not used to reduce Company contributions during the year ended December 31, 2013.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value as certified by the Plan's custodian, John Hancock Life Insurance Company (U.S.A.).

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon severance from employment, retirement, death, if the participant becomes disabled and takes a final distribution, or if the participant reaches the earliest date on which an in-service distribution is permitted under the Plan.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

Note 2 – Summary of Significant Accounting Policies (continued)

Effective January 1, 2014, the Plan was amended to change the minimum age requirement and the minimum service requirement for eligibility for elective deferrals, non-elective contributions and matching contributions. The minimum age requirement was changed from 18 years to 21 years and the minimum service requirement was changed from six months to one year. The Plan entry date was also amended to be the first day of January or the date six months later, coincident with or next following satisfaction of the eligibility requirement.

The Plan has evaluated subsequent events August 25, 2014, which is the date the financial statements were available to be issued.

Note 3 – Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2013		2012
John Hancock Life Insurance Co. Lifestyle Fund - Aggressive Portfolio	$ 245,654		$ 180,385
John Hancock Life Insurance Co. Lifestyle Fund - Balanced Portfolio	175,886		164,325
John Hancock Life Insurance Co. Lifestyle Fund - Growth Portfolio	513,102		406,193
John Hancock Life Insurance Co. Lifestyle Fund - Moderate Portfolio	337,515		326,859
John Hancock Life Insurance Co. Retirement Living at 2010	3,645	*	132,702

* Amount represents less than 5% of net assets at year-end.

During 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value by $297,254.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Units held in pooled separate accounts ("PSAs") are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a PSA is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the unit value for a collective investment fund is classified within level 2 of the valuation hierarchy. Each of the PSAs represents net contributions from unit holders that are allocated to that fund (a sub-account of the relevant separate account). Each PSA invests solely in shares of a mutual fund (the "underlying funds") which are segregated from other assets of John Hancock Life Insurance Company (U.S.A.). The underlying funds may hold a variety of assets, including derivatives, may engage in securities lending, and may be subject to credit or concentration risk. Each PSA bears its own expenses and indirectly bears its proportionate share of expenses of the underlying fund in which it invests. The significant PSAs that have balances greater than five percent of net assets available for benefits as of December 31, 2013 and 2012 include John Hancock Lifestyle portfolios and the John Hancock Retirement Living through 2010 portfolio. All of these PSAs seek long-term growth of capital and income, with the exception of the John Hancock Lifestyle Aggressive Portfolio. This portfolio seeks long-term growth of capital, with no consideration of current income. As of December 31, 2013, there are no unfunded commitments or redemption restrictions on the PSAs.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (continued)

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2013:

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 8, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified By the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.
- Net appreciation in fair value of investments and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-In-Interest Transactions

Plan investments include units of PSAs managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan and, therefore, transactions with the entity qualifies as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to John Hancock Life Insurance Company (U.S.A.) were $338 for the year ended December 31, 2013.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
