NORTH CENTRAL MENTAL HEALTH SERVICES, INC.
401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the North Central Mental Health Services, Inc. (the Organization) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all eligible employees of the Organization who have at least one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute a percentage of their compensation. During 2013 and 2012 those contributions could not exceed \$17,500 and \$17,000, respectively. Participants over 50 years old were allowed additional contributions of up to \$5,500 in catch-up contributions. The Organization contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. In addition, the Organization will make a standard contribution equal to 1 percent of each employee's compensation, whether they contribute to the Plan or not. Additional Organization contributions may be made at the option of the Organization's board of directors.

C. Participant accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution and standard contribution, and allocations of (a) Plan earnings, and (b) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

D. Administrative expenses

Reasonable expenses of administering the Plan, including any expenses incident to the functioning of the Administrator and the professional fees of any consultants or advisors, are paid for by the Organization, not by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

E. Vesting

Participants are immediately vested in their voluntary contributions, the one percent standard Organization contribution, and actual earnings thereon. Vesting in the Organization's matching and discretionary contributions, and actual earnings thereon, is based on years of continuous service. Participants become vested in the Organization's matching and discretionary contributions based on the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

F. Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$3,604 and \$2,755, respectively. Forfeitures remain in the plan and are allocated to each remaining participant in the same proportion that their compensation bears to total compensation of all participants.

G. Payment of benefits

Upon termination of service, a participant may elect to have his or her vested account balance distributed before the date that it would normally be distributed. If the participant so elects, he or she is entitled to receive his or her vested account balance paid in a lump-sum, which is normally subject to income taxes, or rolled over into an Individual Retirement Account (IRA) or another qualified employer plan.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

H. Notes receivable - participants

Generally, participants may borrow amounts up to 50% of their vested account balances, but not more than \$50,000. Loan transactions are treated as directed investments of a participant's account under the plan. Repayments of principal and interest are credited to the participant's account. The withdrawals will not be considered a termination withdrawal, as long as a systematic repayment schedule is maintained. Terms of the notes are generally less than 5 years, and interest rates are determined by the administrator by reviewing the interest rates charged by similar types of loans by other lenders. The balance of notes receivable from participants for the years ended December 31, 2013 and 2012 were \$177,437 and \$107,963, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's assets are held and invested by the Trustee until needed to pay benefits. A share of investment gains and losses is allocated to the account of each Plan participant. All investments are participant-directed. Investments are comprised of mutual funds. The Plan's investments are stated at fair value, in which shares of registered investment companies and U.S. government securities are valued at quoted market prices that represent the net assets value of shares held by the Plan at year-end. Participant loans are stated at cost, which approximate fair value. Investment transactions are recorded on a trade-date basis.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2013 and 2012

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as, interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

D. Payment of Benefits

Benefits are recorded when paid. Included in other distributions on the statement of changes in net assets are distributions of \$10,544 and \$13,645, for the years ended December 31, 2013 and 2012, respectively. These distributions represent payments to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the prior year 2013 and 2012, respectively.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NORTH CENTRAL MENTAL HEALTH SERVICES, INC.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 2013 and 2012

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total

NOTE 5 - TAX STATUS

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the Trust's net investment income is exempt from income taxes. The Plan has filed an Application for Determination for Employee Benefit Plan to obtain a favorable tax determination letter from the IRS, and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of plan year end, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
