Independent Auditor's Report

To the Plan Administrator
Rogue Wave Software, Inc. Employees 401(k) Plan
Boulder, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rogue Wave Software, Inc. Employees 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H - Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Rogue Wave Software, Inc. Employees 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Rogue Wave Software, Inc. Employees 401(k) Plan (the Plan) is provided for general information purposes only. Participants and all others should refer to the Plan document for a complete description of the Plan's provisions.

General and eligibility: The Plan is a participant-directed defined contribution plan covering all full-time employees of Rogue Wave Software, Inc. (the Company or the Plan Sponsor). Participants may enter the Plan on the first day of the month following their date of hire. There is no age or service requirement to be eligible to participate in the Plan and make elective deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and the applicable current Internal Revenue Code provisions.

Contributions and investment options: Each year, as defined by the Plan, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under the annual limits of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make discretionary contributions. During the year ended December 31, 2013, the Company contributed a discretionary contribution amount equal to 50% of each participant's elective deferrals, subject to a maximum of 6% of the participant's eligible compensation. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may currently invest contributions into various pooled separate accounts offered by the Plan. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company matching contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective contributions plus investment earnings thereon, and such amounts are nonforfeitable. Vesting in the Company's discretionary matching contributions plus earnings thereon is based on years of credited service under the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentages</u>
1 year	33 1/3%
2 years	66 2/3%
3 years	100%

In the event of Plan termination, death, permanent disability, or total disability, participants will become 100% vested in their account balances.

Payment of benefits: Participants or their beneficiaries are eligible for benefits upon hardship, retirement, termination, death or disability. Benefits shall be distributed through a lump sum payment. Accounts with a vested interest of less than \$1,000, upon termination for any reason, are distributed in full.

Rogue Wave Software, Inc. Employees 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the participant's highest outstanding balance of all notes receivables (if any) during the prior 12 months. Notes receivables are due in equal installments not to exceed 5 years or 15 years for the purchase of a primary residence. Notes receivable shall bear interest at a rate equal to the prime rate or such other reasonable rate as the Plan Administrator or the Plan's investment company shall set at the time the note is made. Principal and interest is paid ratably through payroll deductions. In addition, each participant may not have more than one note receivable outstanding at any time. Notes receivables outstanding at December 31, 2013 bear interest at rates ranging from 3.25% to 4.25% and are due through December 2028.

Forfeitures: Participants terminating employment without being 100% vested in the Company's contributions forfeit the nonvested portion of their account. This occurs in the year they receive a distribution of their entire vested account balance. Forfeitures are used to either reduce future Company contributions to the Plan or to pay administrative expenses of the Plan. The outstanding balances of forfeited accounts were \$6,910 and \$99,105 as of December 31, 2013 and 2012, respectively. During 2013, \$33,369 of forfeitures were used to reduce Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared under the accrual method of accounting. The Plan follows accounting standards established by the Financial Accounting Standards Board (FASB) to ensure consistent reporting of net assets and changes in net assets. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the FASB Accounting Standards Codification (ASC or the Codification).

Accounting estimates and assumptions: The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various funds as investment instruments. Pooled separate accounts are invested in mutual funds, which are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Rogue Wave Software, Inc. Employees 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Subsequent events: The Plan Administrator evaluated subsequent events through September 23, 2014, the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. All administrative fees, other than loan fees, are first paid from the forfeiture account and then any remainder is paid by the Plan or Plan sponsor.

Note 4. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A) (the Custodian) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

Note 4. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.) (Continued)

The following table represents the value of investments that represent 5% or more of the Plan's net assets at December 31, 2013 and 2012:

	December 31,	
	2013	2012
Pooled separate accounts, at fair value:		
Blue Chip Growth Fund	\$ 2,583,293	\$ 2,044,656
500 Index Fund	4,109,242	3,257,611
Stable Value Fund	3,516,584	4,298,893

Note 5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. In determining fair value, the Company uses various methods including the market, income and cost approaches. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the guidance establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Unit value calculated based on the observable net asset value (NAV) of the underlying investment. NAV is used as a practical expedient.

Note 5. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2013 and 2012.

The following tables sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

Note 5. Fair Value Measurements (Continued)

- (a) This category includes cash and short-term debt instruments that seek to maximize income while maintaining liquidity and asset quality. This category invests primarily in cash and short-term debt instruments issued or guaranteed by the U.S. government or its agencies, and investments secured by the U.S. Treasury or agency securities.
- (b) This category includes investments that seek a combination of income and modest level of capital appreciation. The investments within this category seek to match as closely as possible, before expenses, the return of the Dow Jones Index. The category invests in a diversified mix of stock and bond securities.
- (c) This category seeks long-term capital appreciation. The category invests primarily in equity securities of larger U.S. companies expected to increase in value over time.
- (d) This category includes investments that seek long-term total return and a high level of current income. The category invests primarily in equity securities of companies with large capitalizations.
- (e) This category includes investments that seek long-term growth and capital appreciation. This category invests in equity securities, including convertible securities, foreign securities, investment-grade debt securities, securities issued by the U.S. government and high-quality money market instruments. This category invests primarily in securities of mid-sized companies.
- (f) The category seeks long-term growth of capital. The fund invests normally at least 80% of net assets in equity securities of medium-sized companies with significant capital appreciation potential. It tends to invest in companies having market capitalizations similar to those of companies included in the Russell Mid Cap Index. The fund may invest up to 25% of assets in foreign securities.
- (g) The category seeks high total return of which capital appreciation and income are components. The fund normally invests most of its assets in equity securities of companies the fund's manager believes are undervalued at the time of purchase but that have the potential for capital appreciation. It invests primarily in common stocks. The fund may invest in companies of any size, across the entire market capitalization spectrum. From time to time, it may invest a substantial portion of assets in smaller and midsize companies. The fund may invest up to 25% of total assets in foreign securities.
- (h) The investment seeks to approximate the aggregate total return of a small cap U.S. domestic equity market index. The fund normally invests at least 80% of net assets (plus any borrowings for investment purposes) at the time of investment in (a) the common stocks that are included in the Russell 2000 index and (b) securities (which may or may not be included in the Russell 2000 index) that the subadvisor believes as a group will behave in a manner similar to the index.
- (i) This category includes investments that seek long-term growth of capital and income. This category normally invests in equity securities of smaller-sized companies that advisors believe will increase in value over time and generate income.
- (j) This category includes investments that seek long-term capital growth and appreciation. This category normally invests in equity securities of smaller-sized companies that advisors believe will increase in value over time. This category may also invest up to 25% of its assets in equity securities of foreign issuers.
- (k) This category includes investments in a variety of big international stocks. Most of these funds divide their assets among a dozen or more developed markets, including Japan, Britain, France, and Germany. They tend to invest the rest in emerging markets such as Hong Kong, Brazil, Mexico, and Thailand. These funds typically will have less than 20% of assets invested in U.S. stocks.

Note 5. Fair Value Measurements (Continued)

- (l) This category includes investments that seek high-priced growth stocks, mainly outside of the United States. Most of these funds divide their assets among a dozen or more developed markets, including Japan, Britain, France, and Germany. They tend to invest the rest in emerging markets such as Hong Kong, Brazil, Mexico, and Thailand. These funds typically will have less than 20% of assets invested in U.S. stocks.
- (m) This category seeks to achieve the maximum total return, consistent with preservation of capital and prudent investment management.
- (n) The category includes funds that have average durations that are greater than 3.5 years and less than six years. Most of the funds rotate among a variety of sectors in the bond market, based upon which appear to offer better values. Whatever types of bonds they hold, these funds are less sensitive to interest rates, and therefore less volatile, than funds that have longer durations.
- (o) This category includes investments that seek a high rate of return and a high level of current income. This category invests in investment-grade debt securities, high-yield securities, derivative instruments, and fixed-income securities.

Note 6. Plan Termination

Although it has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of the termination of the Plan, or another action that would qualify as a partial termination, all participants will become 100% vested in their accounts.

Note 7. Tax Status

Effective January 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by the Custodian. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan applies the standards of accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision of liability for income taxes has been included in the financial statements. The Plan is no longer subject to income tax examinations by the U.S. Federal, state or local tax authorities for years before 2010.

Note 8. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts, which are managed by the Custodian and therefore qualify as party-in-interest transactions. Service charges paid by the Plan for the investment management services amounted to \$2,148 for the year ended December 31, 2013.
