We were engaged to audit the accompanying statements of net assets available for benefits of Jacksonville Sound & Communications, Inc. 401(k) Profit Sharing Plan and Trust (the plan) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform any auditing procedure with respect to the information summarized in note E, which was certified by Lincoln Financial Group, the trustee of the plan, except for comparing such information with the related information included in the 2013 and 2012 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the plan's 2013 and 2012 financial statements and supplemental schedule that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following description of Jacksonville Sound & Communications, Inc. 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a) General
The Plan is a defined contribution 401(k) Plan covering substantially all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

b) Contributions
Each participant enters into a salary reduction agreement with the employer. The employee may elect to save a portion of defined compensation by an amount up to 85%. The Company may make a discretionary contribution each year. Contributions may be subject to certain limitations.

c) Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Each participant self directs their individual account in various investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting
Participants are 100% vested at all times in their deferral accounts. For the Company's discretionary contributions, the vesting schedule is 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years, and 100% at 6 or more years of service.

e) Forfeited Accounts
At December 31, 2013 and 2012, forfeited non-vested accounts totaled $-0-. Forfeited non-vested accounts will be used to reduce future employer contributions.

f) Payment of Benefits
Benefits are recorded when paid. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, installment payments, or delay receipt of benefits, if the vested account balance is greater than $1,000.

g) Participant Loans
Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan's management.

Note 1 – Description of Plan (continued)

g) Participant Loans (continued)

Principal and interest are paid ratably through weekly payroll deductions. Participant loans are reported at unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2 – Summary of Accounting Policies

a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Interest Account is a benefit-responsive investment. However, its value is derived from the contract provisions as the contract is not a fund and therefore, has no assets on the market from which the value is determined. As a result, the fair value amount shown is equal to the contract value and no adjustment is required to be presented in the financial statements.

b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Operating Expenses

The employer pays a portion of the administrative expenses of the Plan.

e) Subsequent Events

The Plan has evaluated subsequent events through August 21, 2014, the date the financial statements were available to be issued.

Note 3 – Investments

The following presents investments that represent 5% or more of the Plan's net assets:

		2013	2012
Stadion Managed Growth Fund	$	508,472	467,293
Stadion Managed Moderate Fund		675,408	592,020
Stadion Managed Conservative Fund		286,936	193,133
Stadion Managed Balanced Fund		-	145,229

During the years ending December 31, 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $ 231,689 and $176,865, respectively, as follows:

		2013	2012
Pooled Separate AccountS	$	231,689	176,865

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include – • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in active markets; • inputs other than quoted prices that are observable for the asset or liability;

Note 4 – Fair Value Measurements (continued)

	• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

a) Pooled Separate Accounts
Valued at the unit value of the Plan's participation units as determined by the Net Asset Value (NAV) of the underlying shares less any contract charges and divided by the Plan's number of outstanding participation units.

b) Guaranteed Interest Account
Valued at book value, which represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. (See Note 5)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

Note 5 – Interest Contract With Insurance Company

The Plan entered into a benefit-responsive guaranteed interest contract with Lincoln National Life Insurance Company. Lincoln National Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract is presented on the face of the statement of net assets available for benefits at fair value which approximates contract value. Contract value, as reported to the Plan by Lincoln National Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Interest Contract With Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the interest contract at December 31, 2013 and 2012 was $308,398 and $315,138, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability to the Plan to transact at contract value with the issuer. Such events include in the following (1) amendments to the Plan documents (including complete and partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

	2013
Average Yields:	
Based on Actual Earnings	1.50%
Based on Interest Rate Credited to Participants	1.50%

Note 6 – Related Party Transactions

Certain Plan investments are managed by Lincoln National Life Insurance Company. Lincoln National Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Tax Status

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management believes the Plan has been designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Note 8 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken a uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to tax examinations for years prior to 2009.

Note 9 – Certification

Lincoln National Life Insurance Company's certification applies to all assets. The investment income reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2013 and 2012 was certified by Lincoln National Life Insurance Company.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
