Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Dunn Tire LLC Savings and Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company of New York, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, line 4i – Schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following summary of Dunn Tire LLC Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution retirement plan sponsored by Dunn Tire LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan is administered pursuant to a group annuity contract with John Hancock Life Insurance Company of New York (John Hancock).

Eligibility:

Employees who have attained the age of twenty-one and have completed six months of service are automatically enrolled in the Plan unless otherwise directed by the employee, at a contribution rate of 2% of their compensation. Employees are eligible to receive employer matching contributions after meeting the criteria above. Participants may modify their voluntary deferral percentages at their discretion.

Contributions:

Participants may make voluntary pre-tax contributions to the Plan up to 100% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes matching contributions equal to 25% of a participant's contributions, up to a maximum of 4% of that participant's annual compensation, as defined by the Plan. The Plan permits the Company to make discretionary contributions. The Company did not make any discretionary contributions for the years ended December 31, 2013 or 2012.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts:

Contributions are directed by the participants to one or more of the investment options offered by the Plan. Accounts are maintained for each participant, which include participant contributions, Company matching contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination, benefit processing, and other administrative fees paid by the Plan, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on 2 years of credited service, as defined.

Forfeitures:

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $49 and $67, respectively. Forfeitures of nonvested Company contributions are used to reduce the Company's contributions. Forfeitures of $413 and $171 were used to reduce Company contributions in 2013 and 2012, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

Notes receivable from participants:

Participants may borrow from their account a minimum of $500 per loan up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account. Participants may be granted three loans during any one-year period. A participant may not have more than 3 loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over the term of the loan, over a maximum term of five years. Principal and interest are paid ratably through monthly payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account and are included in administrative expenses. Investment expenses related to fund management are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition:

Pursuant to the group annuity contract with John Hancock, the Plan offers a series of pooled separate accounts to participants. These pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through September 12, 2014, which is the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

Note 3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents assets of the Plan that have been certified by John Hancock at December 31, 2013 and 2012. Investments and notes receivable from participants that represent 5% or more of the Plan's net assets available for benefits at either December 31, 2013 or 2012 are separately identified as follows:

	2013	2012
Pooled separate accounts:		
John Hancock Life Insurance Company of New York:		
Lifestyle Growth Fund	$ 1,671,794	$ 1,449,984
Lifestyle Aggressive Fund	702,875	595,913
Lifestyle Balanced Fund	578,745	281,483
Other	1,695,135	1,350,914
	4,648,549	3,678,294
Notes receivable from participants	300,265	332,507
	$ 4,948,814	$ 4,010,801

John Hancock also certified to the completeness and accuracy of the following financial information for the years ended December 31, 2013 and 2012:

	2013	2012
Net appreciation in the fair value of investments	$ 763,565	$ 465,878
Interest income on notes receivable from participants	12,558	13,375
	$ 776,123	$ 479,253

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units of the pooled separate account. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised primarily of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company, is used as a practical expedient to estimate fair value. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Were the Plan to initiate a full redemption of the underlying investments, the investment advisor has reserved the right to temporarily delay withdrawal from the pooled separate accounts to ensure that securities liquidations will be carried out in an orderly business manner. Funds with a guaranteed income feature are not fully-benefit responsive.

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

	2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts:				
Asset allocation – lifestyle	**$ -**	**$ 3,144,440**	**$ -**	**$ 3,144,440**

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2013 and 2012, respectively:

Investments	Fair Value at December 31, 2013	Fair Value at December 31, 2012	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,648,549	$ 3,678,294	Daily	***

*** John Hancock's short-term trading policy permits a maximum of two exchanges per calendar month. After the exchange limit, participants may move 100% of their account to a money market or stable value fund (as available under the contract) where it must remain for thirty days. Trading can resume only once the thirty days has expired. Also, additional restrictions may be imposed if it is determined that any exchange activity may disrupt or be potentially disruptive to an investment option, even though in compliance with their policy.

There were no unfunded commitments related to the pooled separate accounts at December 31, 2013 or 2012.

The investing objectives of the pooled separate accounts are primarily as follows:

Asset allocation – lifestyle: consists of five portfolios (conservative, moderate, balanced, growth and aggressive) offering varying levels of risk and return potential. Asset allocations within the portfolios are blended between stocks and bonds.

Asset allocation – lifecycle: consists of nine portfolios which seek total return through its target retirement date, with a greater focus on income beyond that date. Under normal market conditions, the portfolio will invest primarily in an array of underlying funds, using an asset allocation strategy designed for investors who expect to retire in the target retirement date and remain invested in the portfolio throughout their retirement years.

Growth and aggressive growth: consists of mutual funds whose objective is to maximize long-term capital growth, rather than dividend income, by investing in narrow market segments and small company stocks. Growth and aggressive growth funds are designed for maximum capital appreciation and generally invest in companies with high growth rates.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated July 22, 2003, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Plan investments consist of units of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, transactions with John Hancock qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock amounted to $23,971 and $23,037 for the years ended December 31, 2013 and 2012, respectively, which was not covered by revenue sharing. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
