NOTE A - Description of plan

The following description of the Riverside Radiology and Interventional Associates, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees. Non-leased employees may enter the Plan at any time after attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may elect to contribute up to 85% of their eligible earnings and 100% of any bonuses paid as defined by the Plan, not to exceed the limits imposed by the Internal Revenue Service (IRS). Participant deferral contributions can be tax deferred contributions, Roth contributions, or a combination of both. During 2012, the Plan was amended to allow in-plan Roth rollover contributions. These contributions are fully vested and nonforfeitable.

The Company's Board of Directors adopted a Section 401(k) safe harbor design for the Plan which means that the Plan automatically complies with the nondiscrimination requirements of Section 401 of the Internal Revenue Code. As such, the Company provided for a fully vested qualified, nonelective contribution of 3% of compensation for all eligible participants totaling $740,625 and $619,118 during 2013 and 2012, respectively.

The Company may make two separate discretionary contributions; a discretionary matching contribution equal to a uniform percentage of participant deferrals and a discretionary profit sharing contribution equal to a uniform percentage of participant compensation. Participants share in the discretionary contributions regardless of the amount of service completed by participants during the Plan year. During both 2013 and 2012 the Company did not make discretionary matching contributions. The Company made discretionary profit sharing contributions of $2,040,350 and $1,741,520 during 2013 and 2012, respectively.

Distributions payable
During 2012, $14,695 was contributed to the Plan via a rollover contribution. The rollover contribution came into the Plan from a Roth IRA account which is disallowed by the Plan agreement. During 2013, upon discovery, this amount was distributed out of the Plan. No similar distributions payable existed as of December 31, 2013.

Participant accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan appointed Wilmington Trust Retirement and Institutional Services Company (Wilmington Trust), to act as a non-discretionary successor trustee of the trust with the goal of holding all assets of the Plan. Wilmington Trust offers a platform of investment funds to participants and manages self-directed brokerage accounts.

NOTE A - Description of plan (continued)

Financial hardship withdrawals
Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Payment of benefits
Benefits are recorded when paid. The participant's account becomes payable upon death, disability, or normal retirement. Normal retirement age is 62. Participants will receive account balances in a lump sum payment. However, former participants of the money-purchase pension plan have the option of either equal monthly installments in the form of an annuity or a lump sum payment. In-service withdrawals are permitted for participants who have reached age 62 or those electing to make an in-Plan Roth rollover. For termination of service due to other reasons, a participant will receive the value of the vested interest of his or her account as a lump sum payment. However, participants of the money-purchase pension plan also have the option of equal monthly installments in the form of an annuity.

Forfeitures
Forfeitures arising from balances of terminated participants with less than fully vested interests in the Plan are applied to reduce employer contributions. As of December 31, 2013 and 2012, forfeited amounts available to reduce employer contributions totaled $41,073 and $37,676, respectively. For the Plan year ended December 31, 2013, $41,073 of the forfeited nonvested accounts was applied to reduce employer contributions through the employer-discretionary contribution receivable. For the Plan year ended December 31, 2012, $3,843 of the forfeited nonvested accounts was applied to reduce employer contributions.

Vesting
Participants are immediately vested in their deferral contributions, rollover contributions and safe harbor contributions plus actual earnings thereon. Vesting in the plan sponsor's discretionary matching and profit sharing contributions plus actual earnings thereon is based on years of service. A participant is 100% vested in the discretionary contributions after three years of credited service, as defined in the plan document and 0% vested with less than three years of credited service.

NOTE B - Summary of significant accounting policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual method of accounting.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B - Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)
The Plan reports variable annuity contracts at fair market value. The variable annuity contract the Plan holds includes provisions that could cause an impairment of the asset value upon liquidation or other occurrence. The provisions include a surrender charge value of $34,678 and $1,180 as of December 31, 2013 and 2012, respectively. The provisions also include a recapture fee of $-0- and $169 as of December 31, 2013 and 2012, respectively. Upon liquidation or other occurrence the aforementioned provisions would decrease the amount received as they would offset the contract value.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative fees
The Plan paid administrative expenses of $6,208 and $1,388 to Wilmington Trust and a third-party administrator for the years ended December 31, 2013 and 2012, respectively. All other professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Risks and uncertainties
The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Use of estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Events occurring after reporting date
The Plan has evaluated events and transactions that occurred between January 1, 2014 and August 18, 2014 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

NOTE C - Investments

All information relating to the net assets available for benefits and changes thereto, except contributions received and benefits paid to participants included in the financial statements and supplemental schedule of the Plan, was prepared and certified to be complete and accurate by the trustee, Wilmington Trust as of and for the years ended December 31, 2013 and 2012, respectively.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows at December 31:

	2013	2012
JPMorgan US Government Money Market Investor	<5%	$ 1,960,792

NOTE C - Investments (continued)

During 2013 and 2012, the Plan's investments, including gains and losses on investments bought and sold as well as held during the year, appreciated in value by $3,757,207 and $1,835,494 respectively.

	2013	2012
Mutual funds, exchange traded funds, index-linked notes, fixed income bonds, large cap unit investment trusts and common and preferred stock	**$ 3,720,728**	$ 1,777,698
Variable annuity	**39,435**	47,039
Real estate investment trust	**(2,956)**	10,757
	$ 3,757,207	$ 1,835,494

NOTE D - Fair value measurements

ASC 820-10 *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. ASC 820-10 does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - Fair value measurements (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds, exchange traded funds, index-linked notes, fixed income bonds and large cap unit investment trusts: Valued at the net asset value of shares or units held by the Plan at year-end.

Common and preferred stocks: Valued at the closing price reported on the active market in which the individual securities are traded.

Variable annuity: Valued at the contract value, which approximates fair value.

Real estate investment trust: The Hines Real Estate Investment Trust (REIT) invests primarily in institutional-quality office properties located throughout the United States. The amount of dividends paid, if any, is uncertain. There currently is no public market for common shares of the REIT. Therefore, it may be difficult to sell shares of the REIT and if sold they could be at a discount. The REIT also has restrictions and limitations under a share redemption plan on the ability to have all or any portion of the shares redeemed. Under the share redemption plan shares may be redeemed, subject to a monthly limitation of $1/12^{th}$ of 10% of the shares outstanding as of the prior calendar year-end. There were no unfunded commitments as of December 31, 2013 and 2012. The REIT is valued at the offering price reported on the prospectus, which represents the selling price to the public at year end.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

NOTE E - Income tax status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

NOTE E - Income tax status (continued)

The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The open audit periods are 2010 through 2013.

NOTE F - Plan termination

Although the plan administrator has not expressed any intent to do so, the plan administrator has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

NOTE G - Parties-in-interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Plan investments are managed by various investment brokers, including Wilmington Trust, who are the trustees and as defined by the Plan qualify as parties-in-interest.

NOTE H – Department of Labor audit

On February 18, 2014, the U.S. Department of Labor (the "DOL") notified the Company that the Plan had been selected for audit. The DOL audit included on-site examination of selected Plan records for the period January 1, 2011 through December 31, 2013, an interview with the Plan administrators, and a review of the Company activities as they affect the Plan. The Company has fully cooperated with all requests from the DOL. Although as of August 18, 2014 the audit has not officially concluded, the Company has not been notified with regard to any issues of non-compliance or otherwise.
