NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the SugarCRM, Inc. Retirement Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established in 2005 by SugarCRM, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration

An Administrative Committee (the "Committee") manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as directed trustee and a Fidelity affiliate serves as third party administrator who maintains the records of participant data. Investment fund management fees and operating expenses are charged directly to the fund and thereby factored into each fund as a reduction of investment return. Other costs of administering the Plan are paid by the Company.

C. Eligibility

Substantially all employees of the Company who have attained age 18 may enter the Plan on the first day of the month following their date of employment or the first day of any month thereafter.

D. Contributions

Participants may elect to make pre-tax contributions of up to 90% of eligible compensation. Participants who elect to have the Company contribute a portion of their pre-tax compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants may make a separate election to defer up to 100% of any bonus. Participants of age 50 or older are permitted to make additional catch-up contributions of up to $5,500 per calendar year. Participant contributions are subject to maximum annual additions permitted under provisions of the Plan and the Code.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to the approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with participant investment directions.

The Company is allowed to make a discretionary matching contribution as defined in the Plan and as approved by the Committee. The Plan also permits the Company to make discretionary non-elective contributions. No matching or non-elective contributions were made for 2013.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers and an allocation of Plan earnings or losses. Plan assets are invested based solely on instructions received from participants.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Vesting

Participants are immediately 100% vested in their entire account balance.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or to receive benefits payable in a lump sum.

H. Notes Receivable from Participants

The Plan allows a participant to borrow not less than $1,000 up to the lesser of $50,000 or 50% of his or her vested account balance. A loan is secured by a participant's account balance, bears interest at available market financing rates and must be repaid to the Plan in five years unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be extended to a maximum of ten years. Principal and interest are paid ratably through payroll deductions. The plan administrator establishes the specific terms and conditions of loans to participants. Notes receivable from participants at December 31, 2013 carry an interest rate of 4.25%.

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date (Note 6).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

E. Subsequent Events

Management has evaluated subsequent events through September 22, 2014, the date on which the financial statements were available to be issued. There are no material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is tax exempt.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for tax years for which applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of the trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2013 and 2012, and net

appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

NOTE 6 - INVESTMENTS

The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets available for benefits at December 31:

	2013	2012
Fidelity Retirement Money Market Fund	$ 489,499	$ 488,756

Fidelity Real Estate Investment Portfolio	*	281,768
Fidelity Value Fund	375,669	*

* Fair value is less than 5% of net assets available for benefits.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance on measuring fair value establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize Plan investments at December 31 based on inputs used to value them:

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the SugarCRM, Inc. Retirement Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established in 2005 by SugarCRM, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration

An Administrative Committee (the "Committee") manages the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as directed trustee and a Fidelity affiliate serves as third party administrator who maintains the records of participant data. Investment fund management fees and operating expenses are charged directly to the fund and thereby factored into each fund as a reduction of investment return. Other costs of administering the Plan are paid by the Company.

C. Eligibility

Substantially all employees of the Company who have attained age 18 may enter the Plan on the first day of the month following their date of employment or the first day of any month thereafter.

D. Contributions

Participants may elect to make pre-tax contributions of up to 90% of eligible compensation. Participants who elect to have the Company contribute a portion of their pre-tax compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants may make a separate election to defer up to 100% of any bonus. Participants of age 50 or older are permitted to make additional catch-up contributions of up to $5,500 per calendar year. Participant contributions are subject to maximum annual additions permitted under provisions of the Plan and the Code.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to the approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with participant investment directions.

The Company is allowed to make a discretionary matching contribution as defined in the Plan and as approved by the Committee. The Plan also permits the Company to make discretionary non-elective contributions. No matching or non-elective contributions were made for 2013.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers and an allocation of Plan earnings or losses. Plan assets are invested based solely on instructions received from participants.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Vesting

Participants are immediately 100% vested in their entire account balance.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or to receive benefits payable in a lump sum.

H. Notes Receivable from Participants

The Plan allows a participant to borrow not less than $1,000 up to the lesser of $50,000 or 50% of his or her vested account balance. A loan is secured by a participant's account balance, bears interest at available market financing rates and must be repaid to the Plan in five years unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be extended to a maximum of ten years. Principal and interest are paid ratably through payroll deductions. The plan administrator establishes the specific terms and conditions of loans to participants. Notes receivable from participants at December 31, 2013 carry an interest rate of 4.25%.

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date (Note 6).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from those estimates.

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

E. Subsequent Events

Management has evaluated subsequent events through September 22, 2014, the date on which the financial statements were available to be issued. There are no material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

NOTE 3 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The Company believes the Plan is operated in accordance with and qualifies under applicable requirements of the Code and related state statutes and the trust, which forms a part of the Plan, is tax exempt.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for tax years for which applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of the trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2013 and 2012, and net

appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

NOTE 6 - INVESTMENTS

The following table presents the fair values of investment funds that include 5% or more of the Plan's net assets available for benefits at December 31:

	2013	2012

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance on measuring fair value establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize Plan investments at December 31 based on inputs used to value them:
